## ASSEMBLY TRANSPORTATION AND COMMUNICATIONS COMMITTEE

STATEMENT TO

### ASSEMBLY, No. 1090

# STATE OF NEW JERSEY

DATED: MAY 24, 1982

Currently the Cable Television Act provides specific guidelines regarding the installation of cable television service on rental property. The "owner" of a dwelling may not refuse to permit the installation of such service in his building. Moreover, an owner may not impose rent increases or unreasonable conditions for allowing the installations. This bill defines owner to include but not be limited to a mobile park owner or operator. The purpose of this bill is to insure that residents of mobile homes are not refused or unreasonably inhibited from installing cable television service.

This bill is supported by the cable television industry.

DILLS SIGNED S-988, A-52G, S-942, A-996, 7-1000 1 FAGE TWO WEDNESDAY, JANUARY 5, 1983

A-1090, sponsored by Assemblyman Thomas Paterniti (D-Middlesex), permits residents of mobile home parks to have the same access to cable television service as tenants of other buildings. Current law forbids owners of rental property to refuse tenants permission to install cable service.
