

P.L. 2025, CHAPTER 6, *approved January 30, 2025*

Senate, No. 3179

1 AN ACT concerning certain emergency operations plans and
2 amending P.L.2010, c.78.

3
4 **BE IT ENACTED** by the Senate and General Assembly of the State
5 of New Jersey:

6
7 1. Section 1 of P.L.2010, c.78 (C.52:27D-224.3) is amended to
8 read as follows:

9 1. All sports and entertainment facilities, movie theaters, and
10 places of worship in the State shall annually prepare and maintain
11 an emergency operations plan in coordination with the appropriate
12 local fire, law enforcement, and emergency response agencies. A
13 copy of the plan shall be filed in an electronic format that is
14 compatible with public safety software systems each year with the
15 municipal emergency management coordinator and chief law
16 enforcement officer who serves the municipality in which the sports
17 and entertainment facility, movie theater, or place of worship is
18 situated.

19 The emergency operations plan shall include emergency
20 mapping data. The emergency mapping data shall include, but not
21 be limited to, an aerial image of the building; a geospatially
22 referenced floor plan or building schematic; site specific labeling of
23 rooms, suite numbers, and key features; [a copy of the building
24 plans or building layout that identifies the] internal and external
25 access routes [of the sports and entertainment facility, movie
26 theater, or place of worship] ; locations of hazardous materials and
27 utility shut-offs; and any other relevant information. The chief law
28 enforcement officer shall utilize the emergency operations plans
29 submitted pursuant to this section to prepare and train for mass
30 casualty and active shooter incidents at sports and entertainment
31 facilities, movie theaters, and places of worship.

32 An emergency operations plan shall not be considered a public
33 record pursuant to P.L.1963, c.73 (C.47:1A-1 et seq.) or P.L.2001,
34 c.404 (C.47:1A-5 et al.).

35 As used in this section:

36 “Emergency mapping data” means a digital representation of a
37 building’s interior and exterior that is verified for accuracy by a
38 person and provided to public safety officials as set forth in this
39 section electronically and in a printable format through existing
40 public safety software systems.

EXPLANATION – Matter enclosed in bold-faced brackets **[thus]** in the above bill is not enacted and is intended to be omitted in the law.

Matter underlined thus is new matter.

1 "Movie theater" means a premises capable of seating more than
2 1,000 people at which the display of motion pictures to the general
3 public in exchange for a fee is the primary and principal business.

4 "Place of worship" means a building capable of seating more
5 than **【500】** 300 people, including but not limited to a church,
6 mosque, or synagogue, used primarily as a place of public or private
7 worship on a permanent basis by a recognized and established
8 religious sect or denomination registered as a not-for-profit
9 organization pursuant to Section 501(c)(3) of the United States
10 Internal Revenue Code, 26 U.S.C. s.501 (c) (3).

11 "Sports and entertainment facility" means any privately or
12 publicly owned or operated facility capable of seating more than
13 5,000 people and is used primarily for sports contests,
14 entertainment, or both, such as a theater, stadium, museum, arena,
15 automobile racetrack, or other place where performances, concerts,
16 exhibits, games or contests are held.

17 (cf: P.L.2022, c.121, s.1)

18
19 2. This act shall take effect immediately.
20
21

22 STATEMENT

23
24 This bill concerns certain emergency operations plans that are
25 required to be submitted to law enforcement agencies.

26 Under current law, all sports and entertainment facilities, movie
27 theaters, and places of worship are required to annually prepare an
28 emergency operations plan in coordination with the appropriate
29 local fire, law enforcement, and emergency response agencies. A
30 copy of the plan is to be filed with the municipal emergency
31 management coordinator and the chief law enforcement officer of
32 the municipality in which the sports and entertainment facility,
33 movie theater, or place of worship is situated. The plan is required
34 to include a copy of the building plans or building layout that
35 identifies the internal and external access routes.

36 Under the provisions of this bill, all sports and entertainment
37 facilities, movie theaters, and places of worship are required to file
38 the emergency operations plan in an electronic format that is
39 compatible with public safety software systems. In addition, the
40 bill requires the emergency operations plan to include emergency
41 mapping data. The bill defines "emergency mapping data" as a
42 digital representation of a building's interior and exterior that is
43 verified for accuracy by a person and provided to public safety
44 officials as set forth under current law electronically and in a
45 printable format through existing public safety software systems.

46 The bill requires the emergency mapping data to include an
47 aerial image of the building; a geospatially referenced floor plan or
48 building schematic; site specific labeling of rooms, suite numbers,

1 and key features; locations of hazardous material and utility shut-
2 offs; and any other relevant information.

3 Current law defines “place of worship” to mean a building
4 capable of seating more than 500 people, including but not limited
5 to a church, mosque, or synagogue, used primarily as a place of
6 public or private worship on a permanent basis by a recognized and
7 established religious sect or denomination registered as a not-for-
8 profit organization pursuant to current law. This bill changes that
9 definition from a building capable of seating more than 500 people
10 to a building capable of seating more than 300 people.

11 It is the intent of the sponsor to bring the provisions of this law
12 in line with the provisions of current law requiring schools to
13 submit certain data regarding school buildings and grounds to law
14 enforcement.

15

16

17

18

19 Concerns certain emergency operations plans required to be
20 submitted to law enforcement agencies.

CHAPTER 6

AN ACT concerning certain emergency operations plans and amending P.L.2010, c.78.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 1 of P.L.2010, c.78 (C.52:27D-224.3) is amended to read as follows:

C.52:27D-224.3 Emergency operations plan for venues, facilities, certain.

1. All sports and entertainment facilities, movie theaters, and places of worship in the State shall annually prepare and maintain an emergency operations plan in coordination with the appropriate local fire, law enforcement, and emergency response agencies. A copy of the plan shall be filed in an electronic format that is compatible with public safety software systems each year with the municipal emergency management coordinator and chief law enforcement officer who serves the municipality in which the sports and entertainment facility, movie theater, or place of worship is situated.

The emergency operations plan shall include emergency mapping data. The emergency mapping data shall include, but not be limited to, an aerial image of the building; a geospatially referenced floor plan or building schematic; site specific labeling of rooms, suite numbers, and key features; internal and external access routes; locations of hazardous materials and utility shut-offs; and any other relevant information. The chief law enforcement officer shall utilize the emergency operations plans submitted pursuant to this section to prepare and train for mass casualty and active shooter incidents at sports and entertainment facilities, movie theaters, and places of worship.

An emergency operations plan shall not be considered a public record pursuant to P.L.1963, c.73 (C.47:1A-1 et seq.) or P.L.2001, c.404 (C.47:1A-5 et al.).

As used in this section:

"Emergency mapping data" means a digital representation of a building's interior and exterior that is verified for accuracy by a person and provided to public safety officials as set forth in this section electronically and in a printable format through existing public safety software systems.

"Movie theater" means a premises capable of seating more than 1,000 people at which the display of motion pictures to the general public in exchange for a fee is the primary and principal business.

"Place of worship" means a building capable of seating more than 300 people, including, but not limited to, a church, mosque, or synagogue, used primarily as a place of public or private worship on a permanent basis by a recognized and established religious sect or denomination registered as a not-for-profit organization pursuant to Section 501(c)(3) of the United States Internal Revenue Code, 26 U.S.C. s.501 (c) (3).

"Sports and entertainment facility" means any privately or publicly owned or operated facility capable of seating more than 5,000 people and is used primarily for sports contests, entertainment, or both, such as a theater, stadium, museum, arena, automobile racetrack, or other place where performances, concerts, exhibits, games or contests are held.

2. This act shall take effect immediately.

Approved January 30, 2025.

ASSEMBLY PUBLIC SAFETY AND PREPAREDNESS
COMMITTEE

STATEMENT TO

SENATE, No. 3179

STATE OF NEW JERSEY

DATED: NOVEMBER 14, 2024

The Assembly Public Safety and Preparedness Committee reports favorably Senate Bill No. 3179.

As reported by the committee, this bill concerns certain emergency operations plans that are required to be submitted to law enforcement agencies.

Under current law, all sports and entertainment facilities, movie theaters, and places of worship are required to annually prepare an emergency operations plan in coordination with the appropriate local fire, law enforcement, and emergency response agencies. A copy of the plan is to be filed with the municipal emergency management coordinator and the chief law enforcement officer of the municipality in which the sports and entertainment facility, movie theater, or place of worship is situated. The plan is required to include a copy of the building plans or building layout that identifies the internal and external access routes.

Under the provisions of this bill, all sports and entertainment facilities, movie theaters, and places of worship are required to file the emergency operations plan in an electronic format that is compatible with public safety software systems. In addition, the bill requires the emergency operations plan to include emergency mapping data. The bill defines “emergency mapping data” as a digital representation of a building’s interior and exterior that is verified for accuracy by a person and provided to public safety officials as set forth under current law electronically and in a printable format through existing public safety software systems.

The bill requires the emergency mapping data to include an aerial image of the building; a geospatially referenced floor plan or building schematic; site specific labeling of rooms, suite numbers, and key features; locations of hazardous material and utility shut-offs; and any other relevant information.

Current law defines “place of worship” to mean a building capable of seating more than 500 people, including but not limited to a church, mosque, or synagogue, used primarily as a place of public or private worship on a permanent basis by a recognized and established religious sect or denomination registered as a not-for-profit organization pursuant to current law. This bill changes that

definition from a building capable of seating more than 500 people to a building capable of seating more than 300 people.

As reported by the committee, Senate Bill No. 3179 is identical to Assembly Bill No. 2941, which was also reported by the committee on this date.

SENATE LAW AND PUBLIC SAFETY COMMITTEE

STATEMENT TO

SENATE, No. 3179

STATE OF NEW JERSEY

DATED: JUNE 13, 2024

The Senate Law and Public Safety Committee reports favorably Senate Bill No. 3179.

As reported by the committee, this bill concerns certain emergency operations plans that are required to be submitted to law enforcement agencies.

Under current law, all sports and entertainment facilities, movie theaters, and places of worship are required to annually prepare an emergency operations plan in coordination with the appropriate local fire, law enforcement, and emergency response agencies. A copy of the plan is to be filed with the municipal emergency management coordinator and the chief law enforcement officer of the municipality in which the sports and entertainment facility, movie theater, or place of worship is situated. The plan is required to include a copy of the building plans or building layout that identifies the internal and external access routes.

Under the provisions of this bill, all sports and entertainment facilities, movie theaters, and places of worship are required to file the emergency operations plan in an electronic format that is compatible with public safety software systems. In addition, the bill requires the emergency operations plan to include emergency mapping data. The bill defines “emergency mapping data” as a digital representation of a building’s interior and exterior that is verified for accuracy by a person and provided to public safety officials as set forth under current law electronically and in a printable format through existing public safety software systems.

The bill requires the emergency mapping data to include an aerial image of the building; a geospatially referenced floor plan or building schematic; site specific labeling of rooms, suite numbers, and key features; locations of hazardous material and utility shut-offs; and any other relevant information.

Current law defines “place of worship” to mean a building capable of seating more than 500 people, including but not limited to a church, mosque, or synagogue, used primarily as a place of public or private worship on a permanent basis by a recognized and established religious sect or denomination registered as a not-for-profit organization pursuant to current law. This bill changes that

definition from a building capable of seating more than 500 people to a building capable of seating more than 300 people.

It is the intent of the sponsor to bring the provisions of this law in line with the provisions of current law requiring schools to submit certain data regarding school buildings and grounds to law enforcement.

ASSEMBLY PUBLIC SAFETY AND PREPAREDNESS
COMMITTEE

STATEMENT TO

ASSEMBLY, No. 2941

STATE OF NEW JERSEY

DATED: NOVEMBER 14, 2024

The Assembly Public Safety and Preparedness Committee reports favorably Assembly Bill No. 2941.

As reported by the committee, this bill concerns certain emergency operations plans that are required to be submitted to law enforcement agencies.

Under current law, all sports and entertainment facilities, movie theaters, and places of worship are required to annually prepare an emergency operations plan in coordination with the appropriate local fire, law enforcement, and emergency response agencies. A copy of the plan is to be filed with the municipal emergency management coordinator and the chief law enforcement officer of the municipality in which the sports and entertainment facility, movie theater, or place of worship is situated. The plan is required to include a copy of the building plans or building layout that identifies the internal and external access routes.

Under the provisions of this bill, all sports and entertainment facilities, movie theaters, and places of worship are required to file the emergency operations plan in an electronic format that is compatible with public safety software systems. In addition, the bill requires the emergency operations plan to include emergency mapping data. The bill defines “emergency mapping data” as a digital representation of a building’s interior and exterior that is verified for accuracy by a person and provided to public safety officials as set forth under current law electronically and in a printable format through existing public safety software systems.

The bill requires the emergency mapping data to include an aerial image of the building; a geospatially referenced floor plan or building schematic; site specific labeling of rooms, suite numbers, and key features; locations of hazardous material and utility shut-offs; and any other relevant information.

Current law defines “place of worship” to mean a building capable of seating more than 500 people, including but not limited to a church, mosque, or synagogue, used primarily as a place of public or private worship on a permanent basis by a recognized and established religious sect or denomination registered as a not-for-profit organization pursuant to current law. This bill changes that

definition from a building capable of seating more than 500 people to a building capable of seating more than 300 people.

This bill was prefiled for introduction in the 2024-2025 session pending technical review. As reported, the bill includes the changes required by technical review, which has been performed.

As reported by the committee, Assembly Bill No. 2941 is identical to Senate Bill No. 3179, which also was reported by the committee on this date.

Governor Murphy Takes Action on Legislation

01/30/2025

TRENTON – Today, Governor Murphy signed the following bills into law:

S-684/A-2334 (Singer, Diegnan/Tully, Swain, Sampson) - Requires telecommunications, cable television, and Internet service providers to allow for service contracts to be paused or canceled following service recipient's admission to long-term care facility

S-720/A-4168 (Burgess, Vitale/Reynolds-Jackson, Atkins, Stanley) - Requires DCPD to consult with Division of Developmental Disabilities following finding of child abuse or neglect to create services plan for person with developmental disability under certain circumstances

S-2331/A-3517 (Ruiz, Vitale/Speight, McCoy, Haider) - "Equitable Outcomes in Child Support Collection Act"; establishes procedures regarding collection of child support on behalf of children in custody of DCPD

S-3179/A-2941 (Cryan/Schaer, Wimberly) - Concerns certain emergency operations plans required to be submitted to law enforcement agencies

S-3308/A-4513 (Scutari, Greenstein/Speight, Karabinchak, Wimberly) - Requires electric public utilities to implement certain improvements to interconnection process for certain grid supply solar facilities and energy storage facilities

S-3879/A-5123 (Timberlake/Morales, Carter, Miller) - Amends lists of projects eligible to receive loans for environmental infrastructure projects from NJ Infrastructure Bank for FY2025
