By Mr. NAUGHRIGHT

Referred to Committee on Taxation

AN ACT to amend an act entitled "An act for the assessment and collection of taxes" (Revision of 1918), approved March fourth, nineteen hundred and eighteen.

1 BE IT ENACTED by the Senate and General Assembly of the State of New  
2 Jersey:

1 1. Section five hundred two of the act to which this act is an amendment  
2 is hereby amended to read as follows:

3 502. It shall be the duty of every assessor ten days before filing the com-  
4 plete assessment list and duplicate with the county board of taxation, and  
5 before annexing thereto his affidavit as required in section five hundred and  
6 one of this article, to give public notice by advertisement in at least one  
7 newspaper circulating within his taxing district of a time and place, when  
8 and where the assessment list may be inspected by any taxpayer for the pur-  
9 pose of enabling such taxpayer to ascertain what assessments have been made  
10 against him or his property and to confer informally with the assessor as to  
11 the correctness before the filing of the assessment list and duplicate.

1 2. Section five hundred four of the act to which this act is an amendment  
2 is hereby amended to read as follows:

3 504. The [county collector] clerk of the board of chosen freeholders of  
4 each county shall, on or before the first day of March in each year, transmit  
5 to the county board of taxation a statement of the total amount appro-

6 priated by the board of chosen freeholders to be raised for current expenses,  
 7 debt and interest, public works and for all other county purposes, and all  
 8 amounts otherwise required by law to be raised by taxation in that year for  
 9 county purposes. The county board of taxation shall apportion the tax  
 10 among the taxing districts as in this act directed.

1 3. Section five hundred five of the act to which this act is an amendment  
 2 is hereby amended to read as follows:

3 505. The municipal clerk or other proper officer of each taxing district  
 4 shall, on or before the first day of March in each year, transmit to the county  
 5 board of taxation a copy of the annual taxing ordinance or resolution, or  
 6 other evidence showing the amount to be raised by taxation for the purpose  
 7 of the taxing district. When any execution shall be issued upon judgment  
 8 against any taxing district, and there shall be found no property sufficient  
 9 to satisfy the same by levy, the officer shall serve a copy of his execution upon  
 10 the county board of taxation having jurisdiction over said taxing district,  
 11 and it shall be the duty of the county board of taxation to add the amount  
 12 due upon said execution, with interest to the first day of [June following,]  
 13 April for the year nineteen hundred thirty-four, and the first day of Febru-  
 14 ary for the year nineteen hundred thirty-five, and subsequent years to the  
 15 amounts certified to it to be raised by taxation in said taxing district, and the

 23 the amount shall be included by said board in the amount to be raised by  
 24 taxation in the next following year, and the interest shall be calculated to the

7 the fifteenth day of January the collector shall file with the governing

STATEMENT

The purpose of this act is to bring about earlier dates for the collection  
of taxes for the year nineteen hundred thirty-four and subsequent years, and  
to have it an amendment to the general tax act (Revision of 1918), which is  
now operative for assessment and collection. Special attention is called to  
section 12, which amends section 602 of the 1918 tax act, which fixes the date

for the first payment of taxes for 1934 as April 1st, and for 1935 as February 1st. The second half is payable October 1, 1934, and August 1, 1935. And to section 13, which amends section 605, which provides that the first half of county taxes shall be payable on April 15 in 1934 and February 15th in 1935. The second half is payable on October 15th, 1934, and August 15th, 1935. The present date, December 15th, is retained for the payment of State taxes. This arrangement will greatly assist municipalities, as approximately one-third of the State and county taxes will be payable February 15th, one-third August 15th and one-third December 15th. This will obviate much present borrowing by municipalities. Section 5 is rewritten and does not conform to rules.

7 to be charged for the nonpayment of taxes or assessments on or before the date  
8 when the same would become delinquent, which rate for nonpayment as aforesaid  
9 shall not exceed the sum of eight per centum per annum.

1       604. The collector shall enter the date and amount of each payment on his  
2 duplicate in the proper column opposite the items of tax on accounts of which the  
3 payment is made, and shall also enter the same in a proper cash book credited to  
4 the taxpayer, and shall also enter therein a designation of the property on which  
5 said tax was paid, the total amount of the tax and the discount allowed or the  
6 interest and penalty charged. The cash book shall be provided by the collector at  
7 the expense of the taxing district, and shall be the property of the taxing district  
8 and be open at all reasonable times to public inspection. In taxing districts having a  
9 public building, an office therein shall be set apart for the collector who shall attend  
10 there on such days in each week during the months next preceding the month in  
11 which taxes become delinquent, as the governing body may by resolution designate.

1       605. It shall be the duty of the collector or other officer having the custody of  
2 the collected taxes on or before the fifteenth day of June in each year to pay to the  
3 county collector of the county one-half of the amount of the county taxes required  
3½ to be assessed and raised in his taxing district; and on or before the first day of  
4 July to pay to the custodian of school moneys, in the case of school districts  
5 in which appropriations for school purposes are made by the inhabitants of the  
6 school district, one-half of the amount required to be assessed and raised in his tax-  
7 ing district for school purposes; and on or before the fifteenth day of December  
8 to pay to the county collector the remaining one-half of the county taxes, and also  
9 all of the taxes required to be assessed and raised in his taxing district for State  
10 school, and other State taxes; and on or before the fifteenth day of December to  
11 pay to the custodian of school moneys aforesaid the remaining one-half of the  
12 moneys required to be assessed and raised for school purposes in his taxing district.  
13 The county collector shall pay the State taxes assessed in the taxing districts of  
14 his county to the treasurer of the State on or before the twentieth day of Decem-

15 ber. The remaining taxes in the hands of the collector of the taxing district shall  
16 be disposed of for the use of the taxing district, and he shall report his collections  
17 to the governing body of the taxing district on the first day of each month, and  
18 oftener if they shall require, and pay the amount collected to the treasurer or other  
19 officer authorized to receive the same. On any part of the taxes payable to the  
20 county collector or to the custodian of school moneys by the taxing district, and on  
21 any part of the taxes payable to the State by the county collector, which shall remain  
22 unpaid after the time within which they are required to be paid by this act, the

1 2. All acts and parts of acts inconsistent with the provisions of this act are  
2 hereby repealed.

1 3. This act shall take effect immediately.

## STATEMENT.

This act is an amendment to the General Tax Act. Section 605 of the original act of 1918 was amended by chapter 62 of the Laws of 1921. Under the existing law it is obligatory upon the municipality to pay over to the custodian of school moneys (except in city school districts) one-half of the school appropriation before August first in each year and the remaining one-half before December fifteenth in the same year. The school year begins July first and ends June thirtieth. Because of the fact that there are no schools in session between July first and September, the boards of education require very little money during July and August. The State school moneys are received by the school districts in the month of December and on December fifteenth at which time under the existing law the school district is supposed to have paid to it all of the school appropriation for the current school year which ends the following June thirtieth, it has in hand or is about to receive all of its funds applicable for the operation of the schools until June thirtieth. In the majority of municipalities the governing body is obliged to borrow against taxes for its current expenses, and in practically all municipalities it is necessary on December fifteenth to borrow a very large sum so as to pay to the custodian of school moneys the last half of the school appropriation which the school district in fact will not require for several months thereafter. The usual result is that the school district has a large sum of money on deposit which it will have no occasion to use for several months, whereas the municipality has borrowed large sums of money and is paying a substantial rate of interest therefor. This is a very poor method of financing, as it means that the taxpayers are in fact borrowing their own money and paying interest therefor.

The object of the foregoing amendment is to permit the payment of school moneys to the custodian from time to time during the school year as required, with the provision that the custodian of school moneys shall at all times have sufficient funds to operate the schools for at least eight weeks in advance. The municipality is made responsible for the payments and is given full power to borrow moneys to make the payments as required, if necessary. The enactment of this amendment will result in a very material saving to the taxpayers of each municipality affected on account of the interest which is now being paid by the governing body of the municipality to the end that the board of education of the same municipality may have a very large bank balance.
