Trenton, NJ – Governor Chris Christie today took action on dozens of bills, including S-359/A-2320 (Codey, Vitale/Vainieri Huttle, Conaway, Jimenez, Lampitt, Jasey, Sumter), which raises the minimum age from 19 to 21 of a person to whom a vendor may sell, offer for sale, distribute, give or furnish tobacco products in New Jersey. This new law also amends various related statues concerning penalties, fines, signage requirements, non-face-to-face transactions, and enforcement provisions to reflect the increased minimum age.

“By raising the minimum age to purchase tobacco products to 21, we are giving young people more time to develop a maturity and better understanding of how dangerous smoking can be and that it is better to not start smoking in the first place,” Governor Christie said. “My mother died from the effects of smoking, and no one should lose their life due to any addictive substance. Additionally, the less people who develop costly tobacco habits that can cause health problems, such as lung cancer, heart disease and developmental issues, the less strain there will be on our healthcare system.”

Governor Christie also took action on pending legislation related to:

Further Addressing the Opioid Epidemic

Governor Christie signed four bills that continue New Jersey's leadership role in fighting the national opioid epidemic. The legislation that requires the Department of Human Services develop, maintain, and post on their website daily information about the number of open beds available in facilities in the state for people in need of mental health or substance use disorder treatment; help inform parents of student athletes and cheerleaders about the use and misuse of prescription opioids; allows hospice programs to accept the unused prescription medicines of their hospice patients for safe disposal and implements the use of current-day, sensitive terminology when referring to persons with substance use disorders or certain disabilities.

The Governor also signed several bills to protect people and improve the quality of life by strengthening New Jersey's environment.

conservation, and preventing overcrowding of our towns and schools. They also ensure reliable, sustainable and safe environmental infrastructure across the state, by investing nearly \$100 million in critical projects this year."
