STATEMENT

13

14 This bill requires the Police Training Commission (PTC) to
15 contract with the New Jersey Crisis Intervention Team Center for
16 Excellence to provide mental health training to local police officers.

17 Specifically, under the bill, the PTC in the Division of Criminal
18 Justice in the Department of Law and Public Safety is required to
19 contract with the New Jersey Crisis Intervention Team Center of
20 Excellence to assist and support counties in developing and
21 implementing the Crisis Intervention Team model. Under the bill, the
22 “Crisis Intervention Team model” means the best practice jail
23 diversion model originally developed by the Memphis Tennessee
24 Police Department and implemented in New Jersey as a county based
25 collaboration of professionals committed to improving the law
26 enforcement and mental health systems’ response to persons
27 experiencing a psychiatric crisis who come into contact with law
28 enforcement first responders. “New Jersey Crisis Intervention Team
29 Center of Excellence” means a program of the Mental Health
30 Association in Southwestern New Jersey serving as a support center to
31 assist New Jersey counties in developing and implementing the Crisis
32 Intervention Team model.

33 The bill directs the PTC to assume and maintain any existing
34 contract between the New Jersey Crisis Intervention Team Center of
35 Excellence and the Division of Mental Health and Addiction Services
36 (DMHAS) in the Department of Human Services in operation upon the
37 effective date of the bill. Upon the expiration of that contract, any
38 new contract entered into under this bill between the New Jersey Crisis
39 Intervention Team Center of Excellence and the PTC is to provide, at a
40 minimum, the same provisions of the expired contract, originally
41 entered into between the New Jersey Crisis Intervention Team Center
42 of Excellence and the DMHAS.

43 The bill also directs the PTC to require every municipal and county
44 police officer appointed to a police department and force in this State,
45 within five years of the effective date of this act or by a date
46 determined by the Attorney General, to complete the Crisis
47 Intervention Team model as part of the officer’s in-service training.

1 Finally, the bill provides that the PTC may develop and
2 implement, in collaboration with the New Jersey Crisis Intervention
3 Team Center of Excellence, a curriculum applying the Crisis
4 Intervention Team model to persons experiencing an economic
5 crisis or struggling with a substance abuse disorder who come into
6 contact with law enforcement first responders.

ASSEMBLY LAW AND PUBLIC SAFETY COMMITTEE

STATEMENT TO

ASSEMBLY, No. 4366

STATE OF NEW JERSEY

DATED: JULY 20, 2020

The Assembly Law and Public Safety Committee reports favorably Assembly Bill No. 4366.

As reported by the committee, Assembly Bill No. 4366 requires the Police Training Commission (PTC) to contract with the New Jersey Crisis Intervention Team Center for Excellence to provide mental health training to local police officers.

Specifically, under the bill, the PTC in the Division of Criminal Justice in the Department of Law and Public Safety is required to contract with the New Jersey Crisis Intervention Team Center of Excellence to assist and support counties in developing and implementing the Crisis Intervention Team model. Under the bill, the “Crisis Intervention Team model” means the best practice jail diversion model originally developed by the Memphis Tennessee Police Department and implemented in New Jersey as a county based collaboration of professionals committed to improving the law enforcement and mental health systems’ response to persons experiencing a psychiatric crisis who come into contact with law enforcement first responders. “New Jersey Crisis Intervention Team Center of Excellence” means a program of the Mental Health Association in Southwestern New Jersey serving as a support center to assist New Jersey counties in developing and implementing the Crisis Intervention Team model.

The bill directs the PTC to assume and maintain any existing contract between the New Jersey Crisis Intervention Team Center of Excellence and the Division of Mental Health and Addiction Services (DMHAS) in the Department of Human Services in operation upon the effective date of the bill. Upon the expiration of that contract, any new contract entered into under the bill between the New Jersey Crisis Intervention Team Center of Excellence and the PTC is to provide, at a minimum, the same provisions of the expired contract, originally entered into between the New Jersey Crisis Intervention Team Center of Excellence and the DMHAS.

The bill also directs the PTC to require every municipal and county police officer appointed to a police department and force in this State, within five years of the effective date of the bill or by a date determined by the Attorney General, to complete the Crisis Intervention Team model as part of the officer’s in-service training.

Finally, the bill provides that the PTC may develop and implement, in collaboration with the New Jersey Crisis Intervention Team Center of Excellence, a curriculum applying the Crisis Intervention Team model to persons experiencing an economic crisis or struggling with a substance abuse disorder who come into contact with law enforcement first responders.

ASSEMBLY APPROPRIATIONS COMMITTEE

STATEMENT TO

ASSEMBLY, No. 4366

with committee amendments

STATE OF NEW JERSEY

DATED: JULY 27, 2020

The Assembly Appropriations Committee reports favorably and with committee amendments Assembly Bill No. 4366.

As amended by the committee, Assembly Bill No. 4366 requires the Police Training Commission (PTC) in the Division of Criminal Justice in the Department of Law and Public Safety to contract with a crisis intervention training center to assist and support counties in developing and implementing the Crisis Intervention Team model. The “Crisis Intervention Team model” is the best practice jail diversion model originally developed by the Memphis Tennessee Police Department and implemented in New Jersey as a county based collaboration of professionals committed to improving the law enforcement and mental health systems’ response to persons experiencing a psychiatric crisis who come into contact with law enforcement first responders. A “crisis intervention training center” is defined as a program or entity that has operated as a crisis intervention support center in the State for a period of at least five years and is contracted under the bill to assist counties in developing and implementing the Crisis Intervention Team model.

The bill directs the PTC to assume and maintain any existing contract between a crisis intervention training center and the Division of Mental Health and Addiction Services (DMHAS) in the Department of Human Services that is in operation on the bill’s effective date. Upon the expiration of that contract, any new contract entered into under the bill between a crisis intervention training center and the PTC will need to include, at a minimum, the same provisions that were contained in the expired contract executed by the DMHAS.

The bill also directs the PTC to: 1) require every municipal and county police officer appointed to a police department and force in this State, within five years of the bill’s effective date or by a date determined by the Attorney General, to complete the Crisis Intervention Team model as part of the officer’s in-service training; and 2) develop and implement, in collaboration with the contracted crisis intervention training center, a curriculum that applies the Crisis Intervention Team model to persons experiencing an economic crisis or struggling with a substance abuse disorder who come into contact with law enforcement first responders.

COMMITTEE AMENDMENTS:

The committee amended the bill to remove the definition of and specific references to the “New Jersey Crisis Intervention Team Center of Excellence” and replace them with a more generic definition of and references to a “crisis intervention training center.” The committee also amended the bill to require, rather than authorize, the PTC to work in collaboration with the contracted crisis intervention training center to develop and implement a curriculum that applies the Crisis Intervention Team model to persons experiencing an economic crisis or struggling with a substance abuse disorder who come into contact with law enforcement first responders. The committee amendments also change the bill’s effective date so that it will become effective on the first day of the thirteenth month next following the date of enactment (rather than becoming effective immediately). Finally, the amendments make some minor grammatical corrections to the bill text, and they update the bill synopsis to reflect the substantive changes being made to the bill.

FISCAL IMPACT:

The Office of Legislative Services (OLS) projects that the bill may result in a one-time marginal State expenditure increase by the Department of Law and Public Safety (DLPS) and the Department of Human Services (DHS) to develop a curriculum as well as update current contracts with a crisis intervention training center to provide mental health training to county and municipal police officers. Any further periodic cost increases would result from the intermittent updating of the course curriculum, instruction, and examination.

The OLS estimates that the State’s expenditure increase would be marginal because the Police Training Commission’s (PTC) present training curriculum requires mental health training under current law. Additionally, the implementation of the New Jersey Resiliency Program for Law Enforcement in 2019 provides mental health support and training. The OLS estimates that meeting the requirements of this bill may not be overly labor-intensive and the concerned departments may be able to absorb the additional workload within their existing operating budgets.

The bill requires the in-service training to be administered to each municipal and county law enforcement officer within five years of the bill’s effective date and thus the timing of the associated costs will vary among law enforcement agencies.

ASSEMBLY, No. 4366

STATE OF NEW JERSEY

DATED: NOVEMBER 15, 2021

The Senate Law and Public Safety Committee reports favorably Assembly Bill No. 4366 (1R).

As reported by the committee, this bill requires the Police Training Commission (PTC) in the Division of Criminal Justice in the Department of Law and Public Safety to contract with a crisis intervention training center to assist and support counties in developing and implementing the Crisis Intervention Team model.

The bill defines a “crisis intervention training center” as a program or entity that has operated as a crisis intervention support center in the State for a period of at least five years and is contracted under the bill to assist counties in developing and implementing the Crisis Intervention Team model. The “Crisis Intervention Team model” is the best practice jail diversion model originally developed by the Memphis Tennessee Police Department and implemented in New Jersey as a county based collaboration of professionals committed to improving the law enforcement and mental health systems’ response to persons experiencing a psychiatric crisis who come into contact with law enforcement first responders.

The bill directs the PTC to assume and maintain any existing contract between a crisis intervention training center and the Division of Mental Health and Addiction Services (DMHAS) in the Department of Human Services that is in operation on the bill’s effective date. Upon the expiration of that contract, any new contract entered into under the bill between a crisis intervention training center and the PTC will need to include, at a minimum, the same provisions that were contained in the expired contract executed by the DMHAS.

The bill also directs the PTC to: 1) require every municipal and county police officer appointed to a police department and force in this State, within five years of the bill’s effective date or by a date determined by the Attorney General, to complete the Crisis Intervention Team model as part of the officer’s in-service training; and 2) develop and implement, in collaboration with the contracted crisis intervention training center, a curriculum that applies the Crisis Intervention Team model to persons experiencing an economic crisis or struggling with a substance abuse disorder who come into contact with law enforcement first responders.

As reported by the committee, Assembly Bill No. 4366 (1R) is identical to Senate Bill No. 2801, which also was reported by the committee on this same date.

ASSEMBLY, No. 4366

STATE OF NEW JERSEY

DATED: DECEMBER 16, 2021

The Senate Budget and Appropriations Committee reports favorably Assembly Bill No. 4366 (1R).

This bill requires the Police Training Commission (PTC) in the Division of Criminal Justice in the Department of Law and Public Safety to contract with a crisis intervention training center to assist and support counties in developing and implementing the Crisis Intervention Team model.

The bill defines a “crisis intervention training center” as a program or entity that has operated as a crisis intervention support center in the State for a period of at least five years and is contracted under the bill to assist counties in developing and implementing the Crisis Intervention Team model. The “Crisis Intervention Team model” is the best practice jail diversion model originally developed by the Memphis Tennessee Police Department and implemented in New Jersey as a county based collaboration of professionals committed to improving the law enforcement and mental health systems’ response to persons experiencing a psychiatric crisis who come into contact with law enforcement first responders.

As reported by the committee, Assembly Bill No. 4366 (1R) is identical to Senate Bill No. 2801, which also was reported by the committee on this date.

FISCAL IMPACT:

The Office of Legislative Services (OLS) projects that the bill may result in a one-time marginal State expenditure increase by the Department of Law and Public Safety (DLPS) and the Department of Human Services (DHS) to develop a curriculum as well as update current contracts with a crisis intervention training center to provide mental health training to county and municipal police officers. ASSEMBLY, No. 4366

with Senate Floor Amendments
(Proposed by Senator POU)

ADOPTED: DECEMBER 20, 2021

These floor amendments add a provision to the bill that requires the Attorney General, in consultation with the Commissioner of Human Services, to develop a pilot program to promote and encourage law enforcement officers Statewide to complete training that applies the Crisis Intervention Team model. The program may include support for and coordination between the Police Training Commission in the Division of Criminal Justice in the Department of Law and Public Safety and the Division of Mental Health and Addiction Services in the Department of Human Services to increase the frequency of, number of locations, and geographic accessibility to training courses offered that apply the Crisis Intervention Team model.

The floor amendment remove provisions of the bill that would require the Police Training Commission to: 1) annually contract with a crisis intervention training center to assist and support counties in developing and implementing the Crisis Intervention Team model; 2) require every municipal police officer appointed to a police department and force and every county police officer appointed to a police department and force, within five years of the effective date of the bill or by a date determined by the Attorney General, to complete the Crisis Intervention Team model as part of the officer's in-service training; and 3) to adopt rules and regulations to effectuate the purposes of the bill.

The floor amendments clarify that the Police Training Commission may incorporate into an existing training model, rather than develop and implement a new curriculum, a curriculum that applies the Crisis Intervention Team model in order to satisfy provisions of the bill. Furthermore, the floor amendments clarify that the curriculum is to be offered in consultation, rather than collaboration, with a crisis intervention training center.

These floor amendments modify, in part, the definition of crisis intervention training center to mean an entity that has experience in assisting political subdivisions in New Jersey, rather than an entity that is contracted to assist New Jersey counties.

Finally, the floor amendments provide that the bill is to take effect immediately upon adoption, rather than on the first day of the thirteenth month next following the date of enactment.

FISCAL ANALYSIS

EXECUTIVE BRANCH

None received.

OFFICE OF LEGISLATIVE SERVICES

The OLS projects that the bill may result in a one-time marginal State expenditure increase by the DLPS and the DHS to transfer or develop a curriculum as well as update current contracts with the New Jersey Crisis Intervention Team Center for Excellence to provide mental health training to county and municipal police officers. Any further periodic cost increases would result from the intermittent updating of the course curriculum, instruction, and examination.

Expenditure: The OLS estimates the State's expenditure increase to be marginal as the PTC training curriculum already includes mental health training pursuant to current law. Additionally, in 2019 the DLPS initiated the implementation of the New Jersey Resiliency Program for Law Enforcement, which provides mental health support and training. The OLS estimates that meeting the requirements of this bill may not be overly labor-intensive and the concerned departments may be able to absorb the additional workload within their existing operating budgets.

Under the bill, the DLPS is required to make the curriculum available to each county and municipal law enforcement department to be used as part of in-service training for law enforcement officers. The bill requires the in-service training to be administered to each law enforcement officer within five years of the bill's effective date. Again, the OLS notes that this is similar to the training currently required, and affected departments may be able to absorb the additional workload within their existing operating budgets.

Additionally, the bill provides that the PTC may develop and implement, in collaboration with the New Jersey Crisis Intervention Team Center of Excellence, a curriculum applying the Crisis Intervention Team model to persons experiencing an economic crisis or struggling with a substance abuse disorder who come into contact with law enforcement first responders. As this is

an optional training, the OLS is not certain that the department will develop the curriculum and disseminate training for this recommended program.

Background on PTC: The PTC supervises the administration of basic police training programs. As part of that task, the commission is responsible for the development, periodic review and revision, and certification of basic training courses for county and local police, sheriffs' officers, state and county investigators, state and county corrections officers, juvenile detention officers, and a number of other law enforcement positions, as well as several instructor development courses. According to evaluation data in the FY 2020 Governor's Budget Recommendation, in FY 2018, the PTC supervised 160 training programs and certified 4,691 trainees. The length of basic training varies.

- The bill requires the in-service training to be administered to each municipal and county law enforcement officer within five years of the bill's effective date and thus the timing of the associated costs will vary among law enforcement agencies.

BILL DESCRIPTION

This bill requires the PTC to contract with a crisis intervention training center to provide mental health training to local police officers.

Specifically, under the bill, the PTC in the Division of Criminal Justice in the Department of Law and Public Safety is required to contract with a crisis intervention training center to assist and support counties in developing and implementing the Crisis Intervention Team model.

The bill directs the PTC to require every municipal and county police officer appointed to a police department and force in this State, within five years of the effective date of the bill or by a date determined by the Attorney General, to complete the Crisis Intervention Team model as part of the officer's in-service training.

The PTC is also required to develop and implement a curriculum applying the Crisis Intervention Team model to persons experiencing an economic crisis or struggling with a substance abuse disorder who come into contact with law enforcement first responders.

OFFICE OF LEGISLATIVE SERVICES

The OLS projects that the bill may result in a one-time marginal State expenditure increase by the DLPS and the DHS to develop certain curriculum. Any further periodic cost increases would result from the intermittent updating of contracts, course curriculum, instruction, and examination.

Expenditure: The OLS estimates the State's expenditure increase to be marginal as the PTC training curriculum already includes mental health training pursuant to current law. Additionally, in 2019 the DLPS initiated the implementation of the New Jersey Resiliency Program for Law Enforcement, which provides mental health support and training.

The bill further provides that the PTC develop and implement a curriculum applying the Crisis Intervention Team model to persons experiencing an economic crisis or struggling with a substance abuse disorder who come into contact with law enforcement first responders.

The OLS estimates that meeting the requirements of this bill may not be overly labor-intensive and the concerned departments may be able to absorb the additional workload within their existing operating budgets.

Under the bill, the DLPS is required to make the curriculum available to each county and municipal law enforcement department to be used as part of in-service training for law enforcement officers. The bill requires the in-service training to be administered to each law enforcement officer within five years of the bill's effective date. Again, the OLS notes that this is similar to the training currently required, and affected departments may be able to absorb the additional workload within their existing operating budgets.

Background on PTC: The PTC supervises the administration of basic police training programs. As part of that task, the commission is responsible for the development, periodic review and revision, and certification of basic training courses for county and local police, sheriffs' officers, state and county investigators, state and county corrections officers, juvenile detention

officers, and a number of other law enforcement positions, as well as several instructor development courses. According to evaluation data in the FY 2020 Governor's Budget Recommendation, in FY 2018, the PTC supervised 160 training programs and certified 4,691 trainees. The length of basic training varies.

5 *of New Jersey:*

6
7 1. a. The Police Training Commission in the Division of
8 Criminal Justice in the Department of Law and Public Safety shall:

9 (1) annually contract with a crisis intervention training center to
10 assist and support counties in developing and implementing the
11 Crisis Intervention Team model. The Police Training Commission
12 shall assume and maintain any existing contract between a crisis
13 intervention training center and the Division of Mental Health and
14 Addiction Services in the Department of Human Services that is in
15 operation upon the effective date of this act. Upon the expiration of
16 that contract, any new contract entered into under this paragraph
17 between the Police Training Commission and a crisis intervention
18 training center shall include, at a minimum, the same provisions
19 that were contained in the expired contract executed by the Division
20 of Mental Health and Addiction Services;

21 (2) require every municipal police officer appointed to a police
22 department and force established pursuant to N.J.S.40A:14-118 and
23 every county police officer appointed to a police department and
24 force pursuant to N.J.S.40A:14-106, within five years of the
25 effective date of this act or by a date determined by the Attorney
26 General, to complete the Crisis Intervention Team model as part of
27 the officer's in-service training;

28 (3) develop and implement, in collaboration with the crisis and
29 intervention training center contracted with pursuant to this section,
30 a curriculum that applies the Crisis Intervention Team model to
31 persons experiencing an economic crisis or struggling with a
32 substance abuse disorder who come into contact with law
33 enforcement first responders.

34 b. The Police Training Commission shall adopt rules and
35 regulations, pursuant to the "Administrative Procedure Act,"
36 P.L.1968, c.410 (C.52:14B-1 et seq.), to effectuate the purposes of
37 this act.

38 c. As used in this section:

39 "Crisis Intervention Team model" means the best practice jail

STATEMENT

9

10 This bill requires the Police Training Commission (PTC) in the
11 Division of Criminal Justice in the Department of Law and Public
12 Safety to contract with a crisis intervention training center to assist and
13 support counties in developing and implementing the Crisis
14 Intervention Team model. The “Crisis Intervention Team model” is the
15 best practice jail diversion model originally developed by the
16 Memphis Tennessee Police Department and implemented in New
17 Jersey as a county based collaboration of professionals committed to
18 improving the law enforcement and mental health systems’ response to
19 persons experiencing a psychiatric crisis who come into contact with
20 law enforcement first responders. A “crisis intervention training
21 center” is defined as a program or entity that has operated as a crisis
22 intervention support center in the State for a period of at least five
23 years and is contracted under the bill to assist counties in developing
24 and implementing the Crisis Intervention Team model.

25 The bill directs the PTC to assume and maintain any existing
26 contract between a crisis intervention training center and the Division
27 of Mental Health and Addiction Services (DMHAS) in the Department
28 of Human Services that is in operation on the bill’s effective date.
29 Upon the expiration of that contract, any new contract entered into
30 under the bill between a crisis intervention training center and the PTC
31 will need to include, at a minimum, the same provisions that were
32 contained in the expired contract executed by the DMHAS.

33 The bill also directs the PTC to: 1) require every municipal and
34 county police officer appointed to a police department and force in this
35 State, within five years of the bill’s effective date or by a date
36 determined by the Attorney General, to complete the Crisis
37 Intervention Team model as part of the officer’s in-service training;
38 and 2) develop and implement, in collaboration with the contracted
39 crisis intervention training center, a curriculum that applies the Crisis
40 Intervention Team model to persons experiencing an economic crisis
41 or struggling with a substance abuse disorder who come into contact
42 with law enforcement first responders.

SENATE LAW AND PUBLIC SAFETY COMMITTEE

STATEMENT TO

SENATE, No. 2801

STATE OF NEW JERSEY

DATED: NOVEMBER 15, 2021

The Senate Law and Public Safety Committee reports favorably Senate Bill No. 2801.

As reported by the committee, this bill requires the Police Training Commission (PTC) in the Division of Criminal Justice in the Department of Law and Public Safety to contract with a crisis intervention training center to assist and support counties in developing and implementing the Crisis Intervention Team model.

The bill defines a “crisis intervention training center” as a program or entity that has operated as a crisis intervention support center in the State for a period of at least five years and is contracted under the bill to assist counties in developing and implementing the Crisis Intervention Team model. The “Crisis Intervention Team model” is the best practice jail diversion model originally developed by the Memphis Tennessee Police Department and implemented in New Jersey as a county based collaboration of professionals committed to improving the law enforcement and mental health systems’ response to persons experiencing a psychiatric crisis who come into contact with law enforcement first responders.

The bill directs the PTC to assume and maintain any existing contract between a crisis intervention training center and the Division of Mental Health and Addiction Services (DMHAS) in the Department of Human Services that is in operation on the bill’s effective date. Upon the expiration of that contract, any new contract entered into under the bill between a crisis intervention training center and the PTC will need to include, at a minimum, the same provisions that were contained in the expired contract executed by the DMHAS.

The bill also directs the PTC to: 1) require every municipal and county police officer appointed to a police department and force in this State, within five years of the bill’s effective date or by a date determined by the Attorney General, to complete the Crisis Intervention Team model as part of the officer’s in-service training; and 2) develop and implement, in collaboration with the contracted crisis intervention training center, a curriculum that applies the Crisis Intervention Team model to persons experiencing an economic crisis or struggling with a substance abuse disorder who come into contact with law enforcement first responders.

As reported by the committee, Senate Bill No. 2801 is identical to Assembly Bill No. A4366 (1R), which also was reported by the committee on this same date.

SENATE BUDGET AND APPROPRIATIONS COMMITTEE

STATEMENT TO

SENATE, No. 2801

STATE OF NEW JERSEY

DATED: DECEMBER 16, 2021

The Senate Budget and Appropriations Committee reports favorably Senate Bill No. 2801.

This bill requires the Police Training Commission (PTC) in the Division of Criminal Justice in the Department of Law and Public Safety to contract with a crisis intervention training center to assist and support counties in developing and implementing the Crisis Intervention Team model.

The bill defines a “crisis intervention training center” as a program or entity that has operated as a crisis intervention support center in the State for a period of at least five years and is contracted under the bill to assist counties in developing and implementing the Crisis Intervention Team model. The “Crisis Intervention Team model” is the best practice jail diversion model originally developed by the Memphis Tennessee Police Department and implemented in New Jersey as a county based collaboration of professionals committed to improving the law enforcement and mental health systems’ response to persons experiencing a psychiatric crisis who come into contact with law enforcement first responders.

The bill directs the PTC to assume and maintain any existing contract between a crisis intervention training center and the Division of Mental Health and Addiction Services (DMHAS) in the Department of Human Services that is in operation on the bill’s effective date. Upon the expiration of that contract, any new contract entered into under the bill between a crisis intervention training center and the PTC will need to include, at a minimum, the same provisions that were contained in the expired contract executed by the DMHAS.

The bill also directs the PTC to: 1) require every municipal and county police officer appointed to a police department and force in this State, within five years of the bill’s effective date or by a date determined by the Attorney General, to complete the Crisis Intervention Team model as part of the officer’s in-service training; and 2) develop and implement, in collaboration with the contracted crisis intervention training center, a curriculum that applies the Crisis Intervention Team model to persons experiencing an economic crisis or struggling with a substance abuse disorder who come into contact with law enforcement first responders.

As reported by the committee, Senate Bill No. 2801 is identical to Assembly Bill No. A4366 (1R), which also was reported by the committee on this same date.

FISCAL IMPACT:

The Office of Legislative Services (OLS) projects that the bill may result in a one-time marginal State expenditure increase by the Department of Law and Public Safety and the Department of Human Services to develop a curriculum as well as update current contracts with a crisis intervention training center to provide mental health training to county and municipal police officers. Any further periodic cost increases would result from the intermittent updating of the course curriculum, instruction, and examination.

The OLS estimates that the State's expenditure increase would be marginal because the Police Training Commission's present training curriculum requires mental health training under current law. Additionally, the implementation of the New Jersey Resiliency Program for Law Enforcement in 2019 provides mental health support and training. The OLS estimates that meeting the requirements of this bill may not be overly labor-intensive and the concerned departments may be able to absorb the additional workload within their existing operating budgets.

The bill requires the in-service training to be administered to each municipal and county law enforcement officer within five years of the bill's effective date and thus the timing of the associated costs will vary among law enforcement agencies.

STATEMENT TO
SENATE, No. 2801

with Senate Floor Amendments
(Proposed by Senator POU)

ADOPTED: DECEMBER 20, 2021

These floor amendments add a provision to the bill that requires the Attorney General, in consultation with the Commissioner of Human Services, to develop a pilot program to promote and encourage law enforcement officers Statewide to complete training that applies the Crisis Intervention Team model. The program may include support for and coordination between the Police Training Commission in the Division of Criminal Justice in the Department of Law and Public Safety and the Division of Mental Health and Addiction Services in the Department of Human Services to increase the frequency of, number of locations, and geographic accessibility to training courses offered that apply the Crisis Intervention Team model.

The floor amendment remove provisions of the bill that would require the Police Training Commission to: 1) annually contract with a crisis intervention training center to assist and support counties in developing and implementing the Crisis Intervention Team model; 2) require every municipal police officer appointed to a police department and force and every county police officer appointed to a police department and force, within five years of the effective date of the bill or by a date determined by the Attorney General, to complete the Crisis Intervention Team model as part of the officer's in-service training; and 3) to adopt rules and regulations to effectuate the purposes of the bill.

The floor amendments clarify that the Police Training Commission may incorporate into an existing training model, rather than develop and implement a new curriculum, a curriculum that applies the Crisis Intervention Team model in order to satisfy provisions of the bill. Furthermore, the floor amendments clarify that the curriculum is to be offered in consultation, rather than collaboration, with a crisis intervention training center.

These floor amendments modify, in part, the definition of crisis intervention training center to mean an entity that has experience in assisting political subdivisions in New Jersey, rather than an entity that is contracted to assist New Jersey counties.

Finally, the floor amendments provide that the bill is to take effect immediately upon adoption, rather than on the first day of the thirteenth month next following the date of enactment.
