ASSEMBLY CONCURRENT RESOLUTION No. 25

STATE OF NEW JERSEY

INTRODUCED FEBRUARY 3, 1992

By Assemblyman FRANKS

A CONCURRENT RESOLUTION proposing to amend Article II and Article IV, Section II of the Constitution of the State of New Jersey, and providing a schedule therefor.

BE IT RESOLVED by the General Assembly of the State of New Jersey (the Senate concurring):

1. The following proposed amendment to the Constitution of the State of New Jersey is hereby agreed to:

PROPOSED AMENDMENT

a. Amend Article II to read as follows:

**Article II
ELECTIONS AND SUFFRAGE
SECTION I**

1. General elections shall be held annually on the first Tuesday after the first Monday in November; but the time of holding such elections may be altered by law. The Governor and members of the Legislature shall be chosen at general elections. Local elective officers shall be chosen at general elections or at such other times as shall be provided by law.
(cf: Art.II, para.1)

2. All questions submitted to the people of the entire State shall be voted upon at the general election next occurring at least 70 days following the final action of the Governor or the Legislature, as appropriate, necessary to submit the questions. The text of any such question shall be published at least once in one or more newspapers of each county, if any newspapers be published therein, at least 60 days before the election at which it is to be submitted to the people, and the results of the vote upon a question shall be void unless the text thereof shall have been so published.

(cf: Art.II, para.2 amended effective 12/8/88)

3. (a) Every citizen of the United States, of the age of 18 years, who shall have been a resident of this State and of the county in which he claims his vote 30 days, next before the election, shall be entitled to vote for all officers that now are or hereafter may be elective by the people, and upon all questions which may be submitted to a vote of the people; and

(b) (Deleted by amendment, effective December 5, 1974.)

EXPLANATION—Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted in the law.

Matter underlined thus is new matter.

(c) Any person registered as a voter in any election district of this State who has removed or shall remove to another state or to another county within this State and is not able there to qualify to vote by reason of an insufficient period of residence in such state or county, shall, as a citizen of the United States, have the right to vote for electors for President and Vice President of the United States, only, by Presidential Elector Absentee Ballot, in the county from which he has removed, in such manner as the Legislature shall provide.

(cf: Art.II, para.3 amended effective 12/5/74)

4. In time of war no elector in the military service of the State or in the armed forces of the United States shall be deprived of his vote by reason of absence from his election district. The Legislature may provide for absentee voting by members of the armed forces of the United States in time of peace. The Legislature may provide the manner in which and the time and place at which such absent electors may vote, and for the return and canvass of their votes in the election district in which they respectively reside.

(cf: Art.II, para.4)

5. No person in the military, naval or marine service of the United States shall be considered a resident of this State by being stationed in any garrison, barrack, or military or naval place or station within this State.

(cf: Art.II, para.5)

6. No idiot or insane person shall enjoy the right of suffrage.

(cf: Art.II, para.6)

7. The Legislature may pass laws to deprive persons of the right of suffrage who shall be convicted of such crimes as it may designate. Any person so deprived, when pardoned or otherwise restored by law to the right of suffrage, shall again enjoy that right.

(cf: Art.II, para.7)

SECTION II

1. (a) After each federal census taken in a year ending in zero, the Congressional districts shall be established by the New Jersey Redistricting Commission.

The commission shall consist of 11 members, except as otherwise provided in subparagraph (c) of this paragraph. The members of the commission shall be appointed with due consideration to geographic, ethnic and racial diversity and in the manner provided herein.

(b) There shall first be appointed 10 members as follows:

(1) one member to be appointed by the President of the Senate;

(2) one member to be appointed by the Speaker of the General Assembly;

(3) one member to be appointed by the minority leader of the Senate;

(4) one member to be appointed by the minority leader of the General Assembly; and

(5) six members, three to be appointed by the chairman of the State committee of the political party whose candidate for

1 Governor received the largest number of votes at the most recent
2 gubernatorial election and three to be appointed by the chairman
3 of the State committee of the political party whose candidate for
4 Governor received the next largest number of votes in that
5 election, each of whom shall serve in rotation as chairman of the
6 commission from meeting to meeting.

7 Appointments to the commission under this subparagraph shall
8 be made on or before November 15 of each year ending in zero
9 and shall be certified by the appointing official or officials to the
10 Secretary of State on or before December 1 of that year.

11 (c) There shall then be appointed one member, to serve as an
12 independent member, who shall have been for the preceding five
13 years a resident of this State, but who shall not during that period
14 have registered in or declared officially his affiliation with a
15 political party or voted in the primary election of a political
16 party, and who shall never have held appointed or elected public
17 or party office in this State. The independent member shall be
18 appointed by the previously appointed members of the
19 commission as follows: the members appointed by the appointing
20 authorities of the political party whose candidate for Governor
21 received the largest number of votes at the preceding
22 gubernatorial election shall as a group select three nominees
23 meeting the foregoing qualifications, and the members appointed
24 by the appointing authorities of the political party whose
25 candidate for Governor received the next largest number of votes
26 at that election shall do the same. If one person is nominated by
27 both groups, then that person shall be the independent member,
28 and if more than one person is nominated by both groups, the
29 previous appointees shall by lot choose one of them to be the
30 independent member. If no person is nominated by both groups,
31 the members shall elect the independent member by ballot upon
32 the vote of six of the previously appointed members.

33 Appointment to the commission of the independent member
34 under this subparagraph shall be made on or before January 15 of
35 each year ending in one and shall be certified by the other
36 members of the commission to the Secretary of State on or
37 before January 31 of that year. If the other members are unable
38 to appoint an independent member within the time allowed
39 therefor, there shall be no independent member of the
40 commission.

41 (d) The commission shall meet to organize as soon as may be
42 practicable after certification of the appointment of the
43 independent member or, if the commission is unable to agree
44 upon that appointment, after the last day allowed for making that
45 appointment, but in no case later than February 15 of each year
46 ending in one. At the organizational meeting the members of the
47 commission shall determine the order of rotation of the
48 chairmanship thereof among the eligible members and such other
49 organizational matters as they deem appropriate. Thereafter, a
50 meeting of the commission may be called by the member
51 designated under the order of rotation to serve as the chairman
52 of that meeting or upon the request of six members, and six
53 members of the commission shall constitute a quorum at any
54 meeting thereof for the purpose of taking any action.

1 (e) Vacancies in the membership of the commission occurring
2 prior to the certification by the commission of Congressional
3 districts or during any period in which the districts established by
4 the commission may be or are under challenge in court shall be
5 filled within five days of their occurrence in the same manner as
6 the original appointments were made.

7 (f) On or before August 1 of each year ending in one, or within
8 three months after receipt by the Governor of the official figures
9 for the federal decennial census, whichever is later, the
10 commission shall certify the establishment of the Congressional
11 districts to the Secretary of State. The commission shall certify
12 the establishment of districts pursuant to a majority vote of its
13 members. Any vote by the commission upon a proposal to certify
14 the establishment of a Congressional district plan shall be taken
15 by roll call and shall be recorded, and the vote of any member in
16 favor of any Congressional district plan shall nullify any vote
17 which he shall previously have cast during the life of the
18 commission in favor of a different Congressional district plan. If
19 the commission is unable to certify the establishment of districts
20 by the time required due to the inability of a plan to achieve six
21 votes, the two district plans receiving the greatest number of
22 votes, but not fewer than four votes, shall be submitted to the
23 Supreme Court, which shall select and certify whichever of the
24 two plans so submitted conforms most closely to the standards
25 established in subparagraphs (b), (c), (d), (e) and (f) of paragraph 2
26 of this section.

27 2. (a) The plan certified by the New Jersey Redistricting
28 Commission for the establishment of Congressional districts shall
29 provide for equality of population among districts; for the
30 preservation of minority voting status within each district; for
31 the geographical coherence of individual districts; for the
32 protection of the interest which fellow citizens of the counties
33 and municipalities share in having common representation, so
34 that district boundaries follow county and municipal boundaries
35 to the greatest extent possible; and for reasonable protection for
36 districts from decade to decade against disruptive alteration due
37 to redistricting.

38 (b) (1) In the plan, the population of each Congressional
39 district shall be as nearly equal as possible, and the difference in
40 population between the most populous and least populous districts
41 as small as possible, as required by the Constitution of the United
42 States.

43 (2) No Congressional district shall be established which
44 fragments an ethnic or racial minority community which, if left
45 intact, would constitute a majority or significant plurality of
46 voters or potential voters within a single district. For the
47 purposes of this subparagraph, a minority community means
48 any group enjoying special protection under the civil rights
49 provisions of the Constitution of the United States.

50 (c) A plan which first meets the standards provided for in
51 subparagraph (b) of this paragraph shall next include
52 Congressional districts which are contiguous and compact.

53 (d) A plan which first meets the standards provided for in
54 subparagraph (b) of this paragraph and then meets the standards

1 provided for in subparagraph (c) of this paragraph shall next
2 include Congressional districts in which the number of county
3 fragments shall be no more than 20% greater than the lowest
4 possible number of county fragments. The number of county
5 fragments is obtained by determining the number of whole
6 counties and parts of counties contained in each district and then
7 totalling these fragments for all the districts.

8 (e) A plan which first meets the standards provided for in
9 subparagraph (b) of this paragraph and then meets the standards
10 provided for in subparagraphs (c) and (d) of this paragraph shall
11 next include Congressional districts in which no district boundary
12 divides a municipality unless the population of the municipality,
13 as determined by the most recent federal decennial census,
14 exceeds the number obtained by dividing the population of the
15 State by the total number of Congressional districts.

16 (f) To the fullest extent reasonable and when not in conflict
17 with the foregoing standards, Congressional districts shall be
18 drawn to preserve geographic continuity.

19 3. Meetings of the New Jersey Redistricting Commission shall
20 be held at convenient times and locations and shall be open to
21 members of the general public.

22 4. The New Jersey Redistricting Commission shall hold at
23 least three public hearings in different parts of the State. The
24 commission shall, subject to the constraints of time and
25 convenience, review written plans for the establishment of
26 Congressional districts submitted by members of the general
27 public.

28 5. The Legislature shall appropriate the funds necessary for
29 the efficient operation of the New Jersey Redistricting
30 Commission.

31 6. The establishment of Congressional districts shall be used
32 hereafter for the election of members of the House of
33 Representatives and, except during any period in which the
34 districts so established shall be under challenge in the courts of
35 this State or of the United States, shall remain unaltered, through
36 the next year ending in zero in which a federal census for New
37 Jersey is taken.

38 7. Notwithstanding any provision to the contrary of the
39 Constitution of this State and except as otherwise required by the
40 Constitution of the United States or by any federal law, no court
41 of this State shall have jurisdiction over any judicial proceeding
42 challenging the actions of the New Jersey Redistricting
43 Commission, including its establishment of Congressional
44 districts under this section.

45 b. Amend Article IV, Section II to read as follows:

46 [1. The Senate shall be composed of 40 senators apportioned
47 among Senate districts as nearly as may be according to the
48 number of their inhabitants as reported in the last preceding
49 decennial census of the United States and according to the
50 method of equal proportions. Each Senate district shall be
51 composed, wherever practicable, of one single county, and if not
52 so practicable, of two or more contiguous whole counties.

53 2. Each senator shall be elected by the legally qualified voters
54 of the Senate district, except that if the Senate district is

1 composed of two or more counties and two senators are
2 apportioned to the district, one senator shall be elected by the
3 legally qualified voters of each Assembly district. Each senator
4 shall be elected for a term beginning at noon of the second
5 Tuesday in January next following his election and ending at noon
6 of the second Tuesday in January four years thereafter, except
7 that each senator, to be elected for a term beginning in January
8 of the second year following the year in which a decennial census
9 of the United States is taken, shall be elected for a term of two
10 years.

11 3. The General Assembly shall be composed of 80 members.
12 Each Senate district to which only one senator is apportioned
13 shall constitute an Assembly district. Each of the remaining
14 Senate districts shall be divided into Assembly districts equal in
15 number to the number of senators apportioned to the Senate
16 district. The Assembly districts shall be composed of contiguous
17 territory, as nearly compact and equal in the number of their
18 inhabitants as possible, and in no event shall each such district
19 contain less than 80% nor more than 120% of one-fortieth of the
20 total number of inhabitants of the State as reported in the last
21 preceding decennial census of the United States. Unless
22 necessary to meet the foregoing requirements, no county or
23 municipality shall be divided among Assembly districts unless it
24 shall contain more than one-fortieth of the total number of
25 inhabitants of the State, and no county or municipality shall be
26 divided among a number of Assembly districts larger than one
27 plus the whole number obtained by dividing the number of
28 inhabitants in the county or municipality by one-fortieth of the
29 total number of inhabitants of the State.

30 4. Two members of the General Assembly shall be elected by
31 the legally qualified voters of each Assembly district for terms
32 beginning at noon of the second Tuesday in January next
33 following their election and ending at noon of the second Tuesday
34 in January 2 years thereafter.]

35 1. The Senate shall be composed of 40 senators. One senator
36 shall be elected by the legally qualified voters of each legislative
37 district for a term beginning at noon of the second Tuesday in
38 January next following his election and ending at noon of the
39 second Tuesday in January four years thereafter, except that
40 each senator to be elected for a term beginning in January of the
41 second year following a year ending in zero in which a federal
42 census is taken, shall be elected for a term of two years.

43 2. The General Assembly shall be composed of 80 members.
44 Two members of the General Assembly shall be elected by the
45 legally qualified voters of each legislative district for a term
46 beginning at noon of the second Tuesday in January next
47 following their election and ending at noon of the second Tuesday
48 in January two years thereafter.

49 2. When this proposed amendment to the Constitution is finally
50 agreed to, pursuant to Article IX, paragraph 1 of the
51 Constitution, it shall be submitted to the people at the next
52 general election occurring more than three months after the final
53 agreement and shall be published at least once in at least one
54 newspaper of each county designated by the President of the

Senate and the Speaker of the General Assembly and the Secretary of State, not less than three months prior to the general election.

3. This proposed amendment to the Constitution shall be submitted to the people at the election in the following manner and form:

There shall be printed on each official ballot to be used at the general election, the following:

a. In every municipality in which voting machines are not used, a legend which shall immediately precede the question as follows:

If you favor the proposition printed below make a cross (x), plus (+) or check (✓) in the square opposite the word "Yes." If you are opposed thereto make a cross (x), plus (+) or check (✓) in the square opposite the word "No."

b. In every municipality, the following question:

YES.	CREATES THE NEW JERSEY REDISTRICTING COMMISSION Shall the amendment of Article II and Article IV, Section II of the Constitution, agreed to by the Legislature, providing for the creation of a permanent New Jersey Redistricting Commission, be adopted?
NO.	INTERPRETIVE STATEMENT Adoption of this amendment would create a permanent bipartisan New Jersey Redistricting Commission that would redraw Congressional districts at the beginning of each decade. A temporary New Jersey Redistricting Commission was established in 1991 to create the Congressional districts for the 1990s.

SCHEDULE

This Constitutional amendment shall, if approved, be applicable to any establishment of Congressional districts for use subsequent to the official federal census in 2000.

STATEMENT

This concurrent resolution proposes an amendment to the State Constitution providing for the creation of a permanent New Jersey Redistricting Commission. This commission is to assume responsibility for establishing Congressional districts in each decade pursuant to the federal census taken at the commencement of that decade. In 1991, a temporary New

1 Jersey Redistricting Commission was established to create
2 Congressional districts for the 1990s.

3 The Redistricting Commission is to consist of 10 or 11
4 members, appointed with due consideration to geographic,
5 ethnic and racial diversity. The presiding officers and minority
6 leaders of the two houses of the Legislature are each to
7 appoint one member, for a total of four members; the
8 respective State chairmen of the two principal political parties
9 in the State are each to appoint three more members, for a
10 grand total of 10. These 10 members are to select an 11th
11 person to serve as an independent member of the commission.
12 The independent member must have been a State resident for
13 the preceding five years, but shall not during that period have
14 registered in or declared an affiliation with a political party,
15 nor held public or party office in the State. The selection is to
16 be made by majority vote of the 10 previously appointed
17 members. If no independent member has been appointed or
18 certified within the time provided under the proposed
19 amendment, there is to be no independent member of the
20 commission.

21 The proposed amendment establishes five standards to guide
22 the commission in preparing a Congressional district plan.
23 These standards are listed in a ranked order of descending
24 importance in such a manner that each can be considered only
25 when any standard which precedes it on the list has been met.
26 The standards are:

27 a. Equality of population among the districts and
28 preservation of the voting power of ethnic and racial minority
29 communities entitled to special protection under the civil
30 rights provisions of the United States Constitution;

31 b. Contiguity and compactness of districts;

32 c. Restriction of the violation of county lines by
33 Congressional district boundaries, so that the number of county
34 fragments in the plan does not exceed by more than 20% the
35 minimum possible number of such fragments;

36 d. Preservation of municipal boundaries; and

37 e. Preservation, from one district plan to the next, of
38 geographic continuity among the respective districts.

39 The commission is to certify a Congressional district plan
40 only upon a majority vote of its members. The vote of any
41 member in favor of any plan will nullify any vote which he shall
42 previously have cast during the life of the commission in favor
43 of a different plan. Certification must occur by August 1 of
44 each year ending in one or within three months of receipt by
45 the Governor of the official decennial census figures,
46 whichever is later. If no plan achieves six votes within the
47 time allowed for certification, the two district plans receiving
48 the greatest number of votes, but no fewer than four votes, are
49 to be submitted to the Supreme Court, which shall certify
50 whichever of them conforms most closely to the
51 aforementioned standards.

52 The proposed amendment precludes the courts of New Jersey
53 from having jurisdiction over any judicial proceeding
54 challenging the actions of the New Jersey Redistricting

1 Commission.

2 The amendment also replaces outmoded provisions of the
3 Constitution concerning the apportionment of the membership
4 of the Legislature among legislative districts with language
5 which more accurately reflects the actual legislative
6 apportionment system now in effect.

(5) four members, two to be appointed by the chairman of the State committee of the political party whose candidate for the office of Governor received the largest number of votes at the most recent gubernatorial election and two to be appointed by the chairman of the State committee of the political party whose candidate for the office of Governor received the next largest number of votes in that election.

Appointments to the commission under this subparagraph shall be made on or before June 15 of each year ending in one and shall be certified by the respective appointing officials to the Secretary of State on or before July 1 of that year.

Each partisan delegation so appointed shall appoint one of its members as its chairman who shall have authority to make such certifications and to perform such other tasks as the members of that delegation shall reasonably require.

(c) There shall then be appointed one member, to serve as an independent member, who shall have been for the preceding five years a resident of this State, but who shall not during that period have held public or party office in this State.

The independent member shall be appointed upon the vote of at least seven of the previously appointed members of the commission on or before July 15 of each year ending in one, and those members shall certify that appointment to the Secretary of State on or before July 20 of that year. If the previously appointed members are unable to appoint an independent member within the time allowed therefor, they shall so certify to the Supreme Court not later than that July 20 and shall include in that certification the names of the two persons who, in the members' final vote upon the appointment of the independent member, received the greatest number of votes. Not later than August 10 following receipt of that certification, the Supreme Court shall by majority vote of its full authorized membership select, of the two persons so named, the one more qualified by education and occupational experience, by prior public service in government or otherwise, and by demonstrated ability to represent the best interests of the people of this State, to be the independent member. The Court shall certify that selection to the Secretary of State not later than the following August 15.

(d) Vacancies in the membership of the commission occurring prior to the certification by the commission of Congressional districts or during any period in which the districts established by the commission may be or are under challenge in court shall be filled in the same manner as the original appointments were made within five days of their occurrence. In the case of a vacancy in the membership of the independent member, if the other members of the commission are unable to fill that vacancy within that five-day period, they shall transmit certification of such inability within three days of the expiration of the period to the Supreme Court, which shall select the person to fill the vacancy within five days of receipt of that certification.

2. The independent member shall serve as the chairman of the commission. The commission shall meet to organize as soon as may be practicable after certification of the appointment of the

independent member, but not later than the Wednesday after the first Monday in September of each year ending in one. At the organizational meeting the members of the commission shall determine such organizational matters as they deem appropriate. Thereafter, a meeting of the commission may be called by the chairman or upon the request of seven members, and seven members of the commission shall constitute a quorum at any meeting thereof for the purpose of taking any action.

3. On or before the third Tuesday of each year ending in two, or within three months after receipt in each decade by the appropriate State officer of the official statement by the Clerk of the United States House of Representatives, issued pursuant to federal law, regarding the number of members of the House of Representatives apportioned to this State for that decade, whichever is later, the commission shall certify the establishment of the Congressional districts to the Secretary of State. The commission shall certify the establishment of districts pursuant to a majority vote of the full authorized membership of the commission convened in open public meeting, of which meeting there shall be at least 24 hours' public notice. Any vote by the commission upon a proposal to certify the establishment of a Congressional district plan shall be taken by roll call and shall be recorded, and the vote of any member in favor of any Congressional district plan shall nullify any vote which that member shall previously have cast during the life of the commission in favor of a different Congressional district plan. If the commission is unable to certify the establishment of districts by the time required due to the inability of a plan to achieve seven votes, the two district plans receiving the greatest number of votes, but not fewer than five votes, shall be submitted to the Supreme Court, which shall select and certify whichever of the two plans so submitted conforms most closely to the requirements of the Constitution and laws of the United States.

4. The New Jersey Redistricting Commission shall hold at least three public hearings in different parts of the State. The commission shall, subject to the constraints of time and convenience, review written plans for the establishment of Congressional districts submitted by members of the public.

5. Meetings of the New Jersey Redistricting Commission shall be held at convenient times and locations and, with the exception of the public hearings required by paragraph 4 of this section and the meeting at which the establishment of districts is certified as prescribed by paragraph 3 of this section, may be closed to the public.

6. The Legislature shall appropriate the funds necessary for the efficient operation of the New Jersey Redistricting Commission.

7. Notwithstanding any provision to the contrary of this Constitution and except as otherwise required by the Constitution or laws of the United States, no court of this State other than the Supreme Court shall have jurisdiction over any judicial proceeding challenging the appointment of members to the New Jersey Redistricting Commission, or any action, including the

establishment of Congressional districts, by the commission or other public officer or body under the provisions of this section.

8. The establishment of Congressional districts shall be used thereafter for the election of members of the House of Representatives and shall remain unaltered through the next year ending in zero in which a federal census for this State is taken.

9. If a plan certified by the commission is declared unlawful, the commission shall reorganize and adopt another Congressional district plan in the same manner as herein required and within the period of time prescribed by the court or within such shorter period as may be necessary to ensure that the new plan is effective for the next succeeding primary and general election for all members of the United States House of Representatives.

2. When this proposed amendment to the Constitution is finally agreed to, pursuant to Article IX, paragraph 1 of the Constitution, it shall be submitted to the people at the next general election occurring more than three months after the final agreement and shall be published at least once in at least one newspaper of each county designated by the President of the Senate and the Speaker of the General Assembly and the Secretary of State, not less than three months prior to the general election.

3. This proposed amendment to the Constitution shall be submitted to the people at the election in the following manner and form:

There shall be printed on each official ballot to be used at the general election, the following:

a. In every municipality in which voting machines are not used, a legend which shall immediately precede the question as follows:

If you favor the proposition printed below make a cross (x), plus (+) or check (✓) in the square opposite the word "Yes." If you are opposed thereto make a cross (x), plus (+) or check (✓) in the square opposite the word "No."

b. In every municipality, the following question:

CREATES THE NEW JERSEY
REDISTRICTING COMMISSION

YES. Shall the amendment of Article II of the Constitution, agreed to by the Legislature, making permanent provision for the creation of a New Jersey Redistricting Commission to establish Congressional districts, be adopted?

INTERPRETIVE STATEMENT

Adoption of this amendment would make permanent provision for the appointment at the beginning of each decade of a bipartisan New Jersey Redistricting Commission to redraw Congressional districts for that decade. A temporary New Jersey Redistricting Commission was established in 1991 to create the Congressional districts for the 1990s.

33 SECTION II

34
35
36 1. (a) After each federal census taken in a year ending in
37 zero, the Congressional districts shall be established by the New
38 Jersey Redistricting Commission.

39 The commission shall consist of 13 members, none of whom
40 shall be a member or employee of the Congress of the United
41 States. The members of the commission shall be appointed with
42 due consideration to geographic, ethnic and racial diversity and in
43 the manner provided herein.

44 (b) There shall first be appointed 12 members as follows:

45 (1) two members to be appointed by the President of the
46 Senate;

47 (2) two members to be appointed by the Speaker of the
48 General Assembly;

49 (3) two members to be appointed by the minority leader of the
50 Senate;

51 (4) two members to be appointed by the minority leader of the
52 General Assembly; and

53 (5) four members, two to be appointed by the chairman of the
54 State committee of the political party whose candidate for the

1 office of Governor received the largest number of votes at the
2 most recent gubernatorial election and two to be appointed by
3 the chairman of the State committee of the political party whose
4 candidate for the office of Governor received the next largest
5 number of votes in that election.

6 Appointments to the commission under this subparagraph shall
7 be made on or before June 15 of each year ending in one and shall
8 be certified by the respective appointing officials to the
9 Secretary of State on or before July 1 of that year.

10 Each partisan delegation so appointed shall appoint one of its
11 members as its chairman who shall have authority to make such
12 certifications and to perform such other tasks as the members of
13 that delegation shall reasonably require.

14 (c) There shall then be appointed one member, to serve as an
15 independent member, who shall have been for the preceding five
16 years a resident of this State, but who shall not during that period
17 have held public or party office in this State.

18 The independent member shall be appointed upon the vote of at
19 least seven of the previously appointed members of the
20 commission on or before July 15 of each year ending in one, and
21 those members shall certify that appointment to the Secretary of
22 State on or before July 20 of that year. If the previously
23 appointed members are unable to appoint an independent member
24 within the time allowed therefor, they shall so certify to the
25 Supreme Court not later than that July 20 and shall include in
26 that certification the names of the two persons who, in the
27 members' final vote upon the appointment of the independent
28 member, received the greatest number of votes. Not later than
29 August 10 following receipt of that certification, the Supreme
30 Court shall by majority vote of its full authorized membership
31 select, of the two persons so named, the one more qualified by
32 education and occupational experience, by prior public service in
33 government or otherwise, and by demonstrated ability to
34 represent the best interest of the people of this State, to be the
35 independent member. The Court shall certify that selection to
36 the Secretary of State not later than the following August 15.

37 (d) Vacancies in the membership of the commission occurring
38 prior to the certification by the commission of Congressional
39 districts or during any period in which the districts established by
40 the commission may be or are under challenge in court shall be
41 filled in the same manner as the original appointments were made
42 within five days of their occurrence. In the case of a vacancy in
43 the membership of the independent member, if the other
44 members of the commission are unable to fill that vacancy within
45 that five-day period, they shall transmit certification of such
46 inability within three days of the expiration of the period to the
47 Supreme Court, which shall select the person to fill the vacancy
48 within five days of receipt of that certification.

49 2. The independent member shall serve as the chairman of the
50 commission. The commission shall meet to organize as soon as
51 may be practicable after certification of the appointment of the
52 independent member, but not later than the Wednesday after the
53 first Monday in September of each year ending in one. At the
54 organizational meeting the members of the commission shall

1 determine such organizational matters as they deem appropriate.
2 Thereafter, a meeting of the commission may be called by the
3 chairman or upon the request of seven members, and seven
4 members of the commission shall constitute a quorum at any
5 meeting thereof for the purpose of taking any action.

6 3. On or before the third Tuesday of each year ending in two,
7 or within three months after receipt in each decade by the
8 appropriate State officer of the official statement by the Clerk
9 of the United States House of Representatives, issued pursuant to
10 federal law, regarding the number of members of the House of
11 Representatives apportioned to this State for that decade,
12 whichever is later, the commission shall certify the establishment
13 of the Congressional districts to the Secretary of State. The
14 commission shall certify the establishment of districts pursuant
15 to a majority vote of the full authorized membership of the
16 commission convened in open public meeting, of which meeting
17 there shall be at least 24 hours' public notice. Any vote by the
18 commission upon a proposal to certify the establishment of a
19 Congressional district plan shall be taken by roll call and shall be
20 recorded, and the vote of any member in favor of any
21 Congressional district plan shall nullify any vote which that
22 member shall previously have cast during the life of the
23 commission in favor of a different Congressional district plan. If
24 the commission is unable to certify the establishment of districts
25 by the time required due to the inability of a plan to achieve
26 seven votes, the two district plans receiving the greatest number
27 of votes, but not fewer than five votes, shall be submitted to the
28 Supreme Court, which shall select and certify whichever of the
29 two plans so submitted conforms most closely to the
30 requirements of the Constitution and laws of the United States.

31 4. The New Jersey Redistricting Commission shall hold at
32 least three public hearings in different parts of the State. The
33 commission shall, subject to the constraints of time and
34 convenience, review written plans for the establishment of
35 Congressional districts submitted by members of the public.

36 5. Meetings of the New Jersey Redistricting Commission shall
37 be held at convenient times and locations and, with the exception
38 of the public hearings required by paragraph 4 of this section and
39 the meeting at which the establishment of districts is certified as
40 prescribed by paragraph 3 of this section, may be closed to the
41 public.

42 6. The Legislature shall appropriate the funds necessary for
43 the efficient operation of the New Jersey Redistricting
44 Commission.

45 7. Notwithstanding any provision to the contrary of this
46 Constitution and except as otherwise required by the Constitution
47 or laws of the United States, no court of this State other than the
48 Supreme Court shall have jurisdiction over any judicial
49 proceeding challenging the appointment of members to the New
50 Jersey Redistricting Commission, or any action, including the
51 establishment of Congressional districts, by the commission or
52 other public officer or body under the provisions of this section.

53 8. The establishment of Congressional districts shall be used
54 thereafter for the election of members of the House of

Representatives and shall remain unaltered through the next year ending in zero in which a federal census for this State is taken.

9. If a plan certified by the commission is declared unlawful, the commission shall reorganize and adopt another Congressional district plan in the same manner as herein required and within the period of time prescribed by the court or within such shorter period as may be necessary to ensure that the new plan is effective for the next succeeding primary and general election for all members of the United States House of Representatives.

2. When this proposed amendment to the Constitution is finally agreed to, pursuant to Article IX, paragraph 1 of the Constitution, it shall be submitted to the people at the next general election occurring more than three months after the final agreement and shall be published at least once in at least one newspaper of each county designated by the President of the Senate and the Speaker of the General Assembly and the Secretary of State, not less than three months prior to the general election.

3. This proposed amendment to the Constitution shall be submitted to the people at the election in the following manner and form:

There shall be printed on each official ballot to be used at the general election, the following:

a. In every municipality in which voting machines are not used, a legend which shall immediately precede the question as follows:

If you favor the proposition printed below make a cross (x), plus (+) or check (✓) in the square opposite the word "Yes." If you are opposed thereto make a cross (x), plus (+) or check (✓) in the square opposite the word "No."

b. In every municipality, the following question:

ASSEMBLY STATE GOVERNMENT COMMITTEE

STATEMENT TO

**ASSEMBLY COMMITTEE SUBSTITUTE FOR
ASSEMBLY CONCURRENT RESOLUTION No. 25**

STATE OF NEW JERSEY

DATED: MAY 6, 1993

The Assembly State Government Committee reports favorably an Assembly Committee Substitute for Assembly Concurrent Resolution No. 25.

This concurrent resolution proposes an amendment to the State Constitution making permanent provision for the appointment in each decade of a New Jersey Redistricting Commission to establish Congressional districts for that decade pursuant to the federal census taken at the commencement of that decade. In 1991, a temporary New Jersey Redistricting Commission was established to create Congressional districts for the 1990s.

The Redistricting Commission is to consist of 13 members, appointed with due consideration to geographic, ethnic and racial diversity. The presiding officers and minority leaders of the two houses of the Legislature are each to appoint two members, for a total of eight members, and the respective State chairmen of the two principal political parties in the State are each to appoint two more members, for a grand total of 12. These 12 members are, by majority vote, to select a 13th person to serve as an independent member of the commission. The independent member must have been a State resident for the preceding five years, but shall not during that period have held public or party office in the State. If no independent member has been appointed within the time provided under the proposed amendment, the names of the two persons receiving the largest number of votes for the position are to be certified to the Supreme Court, which shall select the one more qualified by education and occupational experience, by prior public service in government or otherwise, and by demonstrated ability to further the best interest of the people of the State, to be the independent member. The independent member is to serve as the chairman of the Redistricting Commission.

The commission is to certify a Congressional district plan only upon a majority vote of its full authorized membership. The vote of any member in favor of any plan will nullify any vote which that member shall previously have cast during the life of the commission in favor of a different plan. Certification must occur by the third Tuesday of each year ending in two or within three months of receipt by the Governor at the beginning of each decade of the official statement of the number of members of the United States House of Representatives to be apportioned to this State during that decade, whichever is later. If no plan achieves the necessary seven votes within the time allowed for certification, the two district plans receiving the greatest number of votes, but no fewer than five votes, are to be submitted to the Supreme Court, which shall certify whichever of them conforms most closely to the Constitution and laws of the United States.

SECTION II

1. (a) After each federal census taken in a year ending in zero, the Congressional districts shall be established by the New Jersey Redistricting Commission.

The commission shall consist of 13 members, none of whom shall be a member or employee of the Congress of the United States. The members of the commission shall be appointed with due consideration to geographic, ethnic and racial diversity and in the manner provided herein.

(b) There shall first be appointed 12 members as follows:

(1) two members to be appointed by the President of the Senate;

(2) two members to be appointed by the Speaker of the General Assembly;

(3) two members to be appointed by the minority leader of the Senate;

(4) two members to be appointed by the minority leader of the General Assembly; and

(5) four members, two to be appointed by the chairman of the State committee of the political party whose candidate for the

1 office of Governor received the largest number of votes at the
2 most recent gubernatorial election and two to be appointed by the
3 chairman of the State committee of the political party whose
4 candidate for the office of Governor received the next largest
5 number of votes in that election.

6 Appointments to the commission under this subparagraph shall
7 be made on or before June 15 of each year ending in one and shall
8 be certified by the respective appointing officials to the Secretary
9 of State on or before July 1 of that year.

10 Each partisan delegation so appointed shall appoint one of its
11 members as its chairman who shall have authority to make such
12 certifications and to perform such other tasks as the members of
13 that delegation shall reasonably require.

14 (c) There shall then be appointed one member, to serve as an
15 independent member, who shall have been for the preceding five
16 years a resident of this State, but who shall not during that period
17 have held public or party office in this State.

18 The independent member shall be appointed upon the vote of at
19 least seven of the previously appointed members of the
20 commission on or before July 15 of each year ending in one, and
21 those members shall certify that appointment to the Secretary of
22 State on or before July 20 of that year. If the previously
23 appointed members are unable to appoint an independent member
24 within the time allowed therefor, they shall so certify to the
25 Supreme Court not later than that July 20 and shall include in that
26 certification the names of the two persons who, in the members'
27 final vote upon the appointment of the independent member,
28 received the greatest number of votes. Not later than August 10
29 following receipt of that certification, the Supreme Court shall by
30 majority vote of its full authorized membership select, of the two
31 persons so named, the one more qualified by education and
32 occupational experience, by prior public service in government or
33 otherwise, and by demonstrated ability to represent the best
34 interest of the people of this State, to be the independent
35 member. The Court shall certify that selection to the Secretary
36 of State not later than the following August 15.

37 (d) Vacancies in the membership of the commission occurring
38 prior to the certification by the commission of Congressional
39 districts or during any period in which the districts established by
40 the commission may be or are under challenge in court shall be
41 filled in the same manner as the original appointments were made
42 within five days of their occurrence. In the case of a vacancy in
43 the membership of the independent member, if the other members
44 of the commission are unable to fill that vacancy within that
45 five-day period, they shall transmit certification of such inability
46 within three days of the expiration of the period to the Supreme
47 Court, which shall select the person to fill the vacancy within five
48 days of receipt of that certification.

49 2. The independent member shall serve as the chairman of the
50 commission. The commission shall meet to organize as soon as
51 may be practicable after certification of the appointment of the
52 independent member, but not later than the Wednesday after the
53 first Monday in September of each year ending in one. At the
54 organizational meeting the members of the commission shall

1 determine such organizational matters as they deem appropriate.
2 Thereafter, a meeting of the commission may be called by the
3 chairman or upon the request of seven members, and seven
4 members of the commission shall constitute a quorum at any
5 meeting thereof for the purpose of taking any action.

6 3. On or before the third Tuesday of each year ending in two, or
7 within three months after receipt in each decade by the
8 appropriate State officer of the official statement by the Clerk of
9 the United States House of Representatives, issued pursuant to
10 federal law, regarding the number of members of the House of
11 Representatives apportioned to this State for that decade,
12 whichever is later, the commission shall certify the establishment
13 of the Congressional districts to the Secretary of State. The
14 commission shall certify the establishment of districts pursuant to
15 a majority vote of the full authorized membership of the
16 commission convened in open public meeting, of which meeting
17 there shall be at least 24 hours' public notice. Any vote by the
18 commission upon a proposal to certify the establishment of a
19 Congressional district plan shall be taken by roll call and shall be
20 recorded, and the vote of any member in favor of any
21 Congressional district plan shall nullify any vote which that
22 member shall previously have cast during the life of the
23 commission in favor of a different Congressional district plan. If
24 the commission is unable to certify the establishment of districts
25 by the time required due to the inability of a plan to achieve seven
26 votes, the two district plans receiving the greatest number of
27 votes, but not fewer than five votes, shall be submitted to the
28 Supreme Court, which shall select and certify whichever of the
29 two plans so submitted conforms most closely to the requirements
30 of the Constitution and laws of the United States.

31 4. The New Jersey Redistricting Commission shall hold at least
32 three public hearings in different parts of the State. The
33 commission shall, subject to the constraints of time and
34 convenience, review written plans for the establishment of
35 Congressional districts submitted by members of the public.

36 5. Meetings of the New Jersey Redistricting Commission shall
37 be held at convenient times and locations and, with the exception
38 of the public hearings required by paragraph 4 of this section and
39 the meeting at which the establishment of districts is certified as
40 prescribed by paragraph 3 of this section, may be closed to the
41 public.

42 6. The Legislature shall appropriate the funds necessary for the
43 efficient operation of the New Jersey Redistricting Commission.

44 7. Notwithstanding any provision to the contrary of this
45 Constitution and except as otherwise required by the Constitution
46 or laws of the United States, no court of this State other than the
47 Supreme Court shall have jurisdiction over any judicial proceeding
48 challenging the appointment of members to the New Jersey
49 Redistricting Commission, or any action, including the
50 establishment of Congressional districts, by the commission or
51 other public officer or body under the provisions of this section.

52 8. The establishment of Congressional districts shall be used
53 thereafter for the election of members of the House of
54 Representatives and shall remain unaltered through the next year

ending in zero in which a federal census for this State is taken.

9. If a plan certified by the commission is declared unlawful, the commission shall reorganize and adopt another Congressional district plan in the same manner as herein required and within the period of time prescribed by the court or within such shorter period as may be necessary to ensure that the new plan is effective for the next succeeding primary and general election for all members of the United States House of Representatives.

2. When this proposed amendment to the Constitution is finally agreed to, pursuant to Article IX, paragraph 1 of the Constitution, it shall be submitted to the people at the next general election occurring more than three months after the final agreement and shall be published at least once in at least one newspaper of each county designated by the President of the Senate and the Speaker of the General Assembly and the Secretary of State, not less than three months prior to the general election.

3. This proposed amendment to the Constitution shall be submitted to the people at the election in the following manner and form:

There shall be printed on each official ballot to be used at the general election, the following:

a. In every municipality in which voting machines are not used, a legend which shall immediately precede the question as follows:

If you favor the proposition printed below make a cross (x), plus (+) or check (✓) in the square opposite the word "Yes." If you are opposed thereto make a cross (x), plus (+) or check (✓) in the square opposite the word "No."

b. In every municipality, the following question:

YES.	CREATES THE NEW JERSEY REDISTRICTING COMMISSION Shall the amendment of Article II of the Constitution, agreed to by the Legislature, making permanent provision for the creation of a New Jersey Redistricting Commission to establish Congressional districts, be adopted?
NO.	INTERPRETIVE STATEMENT Adoption of this amendment would make permanent provision for the appointment at the beginning of each decade of a bipartisan New Jersey Redistricting Commission to redraw Congressional districts for that decade. A temporary New Jersey Redistricting Commission was established in 1991 to create the Congressional districts for the 1990s.

SCHEDULE

This Constitutional amendment shall, if approved, be applicable to any establishment of Congressional districts for

1 use subsequent to the official federal census in 2000.

2
3 STATEMENT
4

5 This concurrent resolution proposes an amendment to the
6 State Constitution making permanent provision for the
7 appointment in each decade of a New Jersey Redistricting
8 Commission to establish Congressional districts for that decade
9 pursuant to the federal census taken at the commencement of
10 that decade. In 1991, a temporary New Jersey Redistricting
11 Commission was established to create Congressional districts
12 for the 1990s.

13 The Redistricting Commission is to consist of 13 members,
14 appointed with due consideration to geographic, ethnic and
15 racial diversity. The presiding officers and minority leaders of
16 the two houses of the Legislature are each to appoint two
17 members, for a total of eight members, and the respective
18 State chairmen of the two principal political parties in the
19 State are each to appoint two more members, for a grand total
20 of 12. These 12 members are, by majority vote, to select a
21 13th person to serve as an independent member of the
22 commission. The independent member must have been a State
23 resident for the preceding five years, but shall not during that
24 period have held public or party office in the State. If no
25 independent member has been appointed within the time
26 provided under the proposed amendment, the names of the two
27 persons receiving the largest number of votes for the position
28 are to be certified to the Supreme Court, which shall select the
29 one more qualified by education and occupational experience,
30 by prior public service in government or otherwise, and by
31 demonstrated ability to further the best interest of the people
32 of the State, to be the independent member. The independent
33 member is to serve as the chairman of the Redistricting
34 Commission.

35 The commission is to certify a Congressional district plan
36 only upon a majority vote of its full authorized membership.
37 The vote of any member in favor of any plan will nullify any
38 vote which that member shall previously have cast during the
39 life of the commission in favor of a different plan.
40 Certification must occur by the third Tuesday of each year
41 ending in two or within three months of receipt by the
42 Governor at the beginning of each decade of the official
43 statement of the number of members of the United States
44 House of Representatives to be apportioned to this State during
45 that decade, whichever is later. If no plan achieves the
46 necessary seven votes within the time allowed for
47 certification, the two district plans receiving the greatest
48 number of votes, but no fewer than five votes, are to be
49 submitted to the Supreme Court, which shall certify whichever
50 of them conforms most closely to the Constitution and laws of
51 the United States.

1995 PUBLIC QUESTIONS

1995 QUESTION: LANGUAGE and TOTAL VOTE

Votes cast Nov. 7, 1995

Public Question No. 1

CREATES THE NEW JERSEY REDISTRICTING COMMISSION

Shall the amendment of Article II of the Constitution, agreed to by the Legislature, making permanent provision for the creation of a New Jersey Redistricting Commission to establish Congressional districts, be adopted?

INTERPRETIVE STATEMENT

Adoption of this amendment would make permanent provision for the appointment at the beginning of each decade of a bipartisan New Jersey Redistricting Commission to redraw Congressional districts for that decade. A temporary New Jersey Redistricting Commission was established in 1991 to create the Congressional districts for the 1990s.

NO	489,802

Public Question No. 2

DEDICATION OF CERTAIN EXISTING MOTOR FUELS TAXES FOR THE TRANSPORTATION SYSTEM IN THIS STATE

Shall the amendment to Article VIII, Section II, paragraph 4 of the Constitution of the State of New Jersey, agreed to by the Legislature, to dedicate an additional annual amount of the existing motor fuels tax to a special account in the General Fund available only for the funding of the State transportation system, subject to laws enacted on or before December 6, 1984 dedicating any of this amount for debt service on bonds of the State or other uses, from an amount equivalent to the revenue derived from \$0.025 per gallon of the existing tax imposed on motor fuels to an amount equivalent to \$0.07 per gallon of that existing tax for the first two State fiscal years after approval of the amendment, and to an amount equivalent to \$0.08 per gallon of that existing tax for the third State fiscal year after approval of the amendment, and to an amount equivalent to \$0.09 per gallon of that existing tax for the fourth State fiscal year after approval of the amendment and thereafter, and to make the provisions of this constitutional dedication permanent by deleting the current expiration date which is the year 2001, be approved?

Military Service Not Considered Residence

5. No person in the military, naval or marine service of the United States shall be considered a resident of this State by being stationed in any garrison, barrack, or military or naval place or station within this State.

This provision appeared first in Article II, paragraph 1, of the 1844 constitution and was carried over in the 1947 constitution. It purports to create an exception to the paragraph 3 guarantee of voting rights, but despite its apparently clear language, it is of questionable validity under federal law. A 1972 Law Division opinion, relying heavily on a U.S. Supreme Court decision invalidating a similar provision of the Texas Constitution, concluded that the provision could not be applied to bar a resident on a military base who met the residency requirements of paragraph 3 from voting (*New Hanover Township v. Kelly*).

Incompetents May Not Vote

6. No person who has been adjudicated by a court of competent jurisdiction to lack the capacity to understand the act of voting shall enjoy the right of suffrage.

This operates as an exception to the paragraph 3 guarantee of voting rights. The provision used to use the words "idiot" and "insane," which were, of course, offensive, imprecise, and received no satisfactory definition. The Appellate Division held that persons who are mentally retarded and receiving residential services at the New Lisbon State School did not automatically meet those earlier definitions for exclusion from the constitutional right to vote (*Carroll v. Cobb*). The 2007 amendment adopted the current language.

Laws May Deprive Criminals of Right to Vote; Restoration

7. The Legislature may pass laws to deprive persons of the right of suffrage who shall be convicted of such crimes as it may designate. Any person so deprived, when pardoned or otherwise restored by law to the right of suffrage, shall again enjoy that right.

This permits the legislature, if it chooses, to make exceptions to the paragraph 3 guarantee of voting rights. The provision has its origins in paragraphs 1 and 2 of Article II of the 1844 constitution, which were the subject of considerable debate at the 1844 convention.

The legislature implemented this paragraph by statute (N.J.S.A. 19:4-1). Its choice of crimes that would result in disenfranchisement was declared in violation of the Federal Constitution's equal protection clause in 1970 (*Stephens v. Yeomans*). The legislature's reenacted statute depriving people on probation or parole for indictable offences of the right to vote was upheld by the Appellate Division, against a claim that it denied African Americans and Hispanics of equal protection because of its disparate impact on them (*New Jersey State Conference-NAACP v. Harvey*). Generally speaking, questions of voter eligibility under this

provision turn on questions of statutory, rather than constitutional, interpretation (*Hitchner v. Cumberland County Board of Elections*).

Section II. Congressional Redistricting Commission

1. (a) After each federal census taken in a year ending in zero, the Congressional districts shall be established by the New Jersey Redistricting Commission. The commission shall consist of 13 members, none of whom shall be a member or employee of the Congress of the United States. The members of the commission shall be appointed with due consideration to geographic, ethnic and racial diversity and in the manner provided herein.

(b) There shall first be appointed 12 members as follows:

- (1) two members to be appointed by the President of the Senate;
- (2) two members to be appointed by the Speaker of the General Assembly;
- (3) two members to be appointed by the minority leader of the Senate;
- (4) two members to be appointed by the minority leader of the General Assembly; and
- (5) four members, two to be appointed by the chairman of the State committee of the political party whose candidate for the office of Governor received the largest number of votes at the most recent gubernatorial election and two to be appointed by the chairman of the State committee of the political party whose candidate for the office of Governor received the next largest number of votes in that election.

Appointments to the commission under this subparagraph shall be made on or before June 15 of each year ending in one and shall be certified by the respective appointing officials to the secretary of state on and/or before July 1 of that year.

Each partisan delegation so appointed shall appoint one of its members as its chairman who shall have authority to make such certifications and to perform such other tasks as the members of that delegation shall reasonably require.

(c) There shall then be appointed one member, to serve as an independent member, who shall have been for the preceding five years a resident of this State, but who shall not during that period have held public or party office in this State.

The independent member shall be appointed upon the vote of at least seven of the previously appointed members of the commission on or before July 15 of each year ending in one, and those members shall certify that appointment to the Secretary of State on or before July 20 of that year. If the previously appointed members are unable to appoint an independent member within the time allowed therefor, they shall so certify to the Supreme Court not later than that July 20 and shall include in that certification the names of the two persons who, in the members' final vote upon the appointment of the independent member, received the greatest number of votes. Not later than August 10 following receipt of that certification, the Supreme Court shall by majority vote of its full authorized membership select, of the two persons so named, the one more qualified by education and occupational experience, by prior public service in government or otherwise, and by demonstrated ability to represent the best interest of the people of

Policy 2

Purpose 1

1. Purpose

Statute disenfranchising voting rights of persons on probation or parole for dictable crimes did not violate equal protection by having disparate impact on African- and Hispanic-Americans; statute was facially neutral and was not enacted with invidious purpose, and it was specifically authorized under state constitutional provision granting legislature authority to pass laws to "deprive persons of right of suffrage who shall be convicted of such crimes as it may designate." *New Jersey State Conference-NAACP v. Harvey*, 381 N.J.Super. 155, 885 A.2d 445 (A.D.2005), certification denied 186 N.J. 363, 895 A.2d 450. Constitutional Law ⇨ 3239; Elections ⇨ 60; Constitutional Law ⇨ 3284

Purpose of this paragraph is to maintain purity of elections. Application of *Palmer*, 61 A.2d 922 (Co.1948).

2. Policy

In determining its public policy with regard to withholding right of suffrage, as from person convicted of crime, the state may adopt such standard as it desires, subject to federal Constitution, and can therefore adopt a penal standard set by the federal government. Application of *Marino*, 23 N.J. Misc. 159, 42 A.2d 469 (1945). Elections ⇨ 18

3. Convictions within paragraph

Convicted criminal was entitled to vote in election where, on date of election, he was free on his own recognizance pending future surrender date to penitentiary.

N.J.S.A. 19:4-1 et seq., effective on October 6, 1948, disfranchising persons convicted of certain crimes was not unconstitutional insofar as it purported to disfranchise persons who were convicted prior to effective date of the law. Application of *Palmer*, 61 A.2d 922 (Co.1948). Statutes ⇨ 278.36; Elections ⇨ 18

All persons including minors, convicted in an adult criminal court of offenses enumerated N.J.S.A. 19:4-1 would be included among those to whom the disenfranchisement provisions of the Constitution would apply, but such provisions do not apply to minors adjudicated as juvenile offenders in the juvenile and domestic relations court. *Atty.Gen.F.O.1961*, No. 7.

4. Pardons

Full pardon for an offense restores the right of suffrage forfeited for conviction of crime, and the word "law" in this paragraph, providing that a person convicted of crime shall not enjoy the right of an elector, unless pardoned or restored by law to the right of suffrage, means lawful action by the court of pardons and not by the Legislature. SECTION II

1. Congressional districts established by redistricting commission; appointment of members

1. (a) After each federal census taken in a year ending in zero, the Congressional districts shall be established by the New Jersey Redistricting Commission

21. Saving clause

This enumeration of rights and privileges shall not be construed to impair or deny others retained by the people. As amended, election Sept. 7, 1875. Proclamation Sept. 28, 1875.

This paragraph was merely renumbered, without further change, by the amendment of 1875.

Its phraseology has some resemblance to that of the Ninth Amendment to the Constitution of the United States, which is expressed as follows: "The enumeration in the Constitution of certain rights, shall not be construed to deny or disparage others retained by the people."

ARTICLE II

RIGHT OF SUFFRAGE

1. Electors; qualifications; persons disqualified; electors in military service; absent electors

Every male citizen of the United States, of the age of twenty-one years, who shall have been a resident of this state one year, and of the county in which he claims his vote five months, next before the election, shall be entitled to vote for all officers that now are, or hereafter may be elective by the people; provided, that no person in the military, naval or marine service of the United States shall be considered a resident in this state, by being stationed in any garrison, barrack, or military or naval place or station within this state; and no pauper, idiot, insane person, or person convicted of a crime which now excludes him from being a witness unless pardoned or restored by law to the right of suffrage, shall enjoy the right of an elector. And provided further, that in time of war no elector in the actual military service of the state, or of the United States, in the army or navy thereof, shall be deprived of his vote by reason of his absence from such election district; and the legislature shall have power to provide the manner in which, and the time and place at which, such absent electors may vote, and for the return and canvass of their votes in the election districts in which they respectively reside. As amended, election Sept. 7, 1875. Proclamation Sept. 28, 1875.

The amendment of 1875, in addition to adding the clauses beginning with the words, "and provided further," eliminated the word "white" which originally appeared between the word "Every" and the words "male citizen" at the beginning of the paragraph.

The word "male" has in effect been stricken out by the Nineteenth Amendment to the Federal Constitution. See N.J.S.A. 19:4-1 relating to qualifications to vote.

The qualifications of electors, as embodied in the New Jersey Constitution of 1776, were set forth in article 4 thereof.

2. Conviction of bribery as disqualification

The legislature may pass laws to deprive persons of the right of suffrage who shall be convicted of bribery. As amended, election, Sept. 7, 1875. Proclamation Sept. 28, 1875.

This paragraph was added by the amendment of 1875.

ARTICLE III

DISTRIBUTION OF THE POWERS OF GOVERNMENT

1. Departments of government

The powers of the government shall be divided into three distinct departments—the legislative, executive and judicial; and no person or persons belonging to, or constituting one of these departments, shall exercise any of the powers properly belonging to either of the others, except as herein expressly provided.

ARTICLE IV

LEGISLATIVE

Section I

1. Legislature

The legislative power shall be vested in a senate and general assembly.

The first article of the New Jersey Constitution of 1776 provided: "That the government of this province shall be vested in a governor, legislative council, and general assembly."

2. Qualifications of members of senate and general assembly

No person shall be a member of the senate who shall not have attained the age of thirty years, and have been a citizen and inhabitant of the state for four years, and of the county for which he shall be chosen one year, next before his election; and no person shall be a member of the general assembly who shall not have attained the age of twenty-one years, and have been a citizen and inhabitant of the state for two years, and of the county for which he shall be chosen one year, next before his election; provided, that no person shall be eligible as a member of either house of the legislature, who shall not be entitled to the right of suffrage.

Article 3 of the Constitution of 1776, relating to qualifications of members of the legislative council and general assembly, contained
