ASSEMBLY, No. 1096

STATE OF NEW JERSEY

PRE-FILED FOR INTRODUCTION IN THE 1986 SESSION

By Assemblywoman OGDEN

An Act providing for the inclusion of benefits for expenses incurred in connection with the purchase of blood products for home treatment of hemophilia in group health insurance policies and supplementing chapter 27 of Title 17B of the New Jersey Statutes.

- 1 Be it enacted by the Senate and General Assembly of the State
- 2 of New Jersey:
- 1 1. *[No]* *Every* group health insurance policy providing
- 2 hospital expense benefits *[shall be delivered, issued, executed or
- 3 renewed in this State, or approved for issuance or renewal in this
- 4 State by the Commissioner of Insurance after the effective date of
- 5 this act, unless the policy provides benefits ** to any policy holder
- 6 or other person covered thereunder for expenses incurred in con-
- 7 nection with *the treatment of routine bleeding episodes associated
- 8 with hemophilia shall provide benefits for expenses incurred in
- 9 connection with* the purchase of blood products and blood infusion
- 10 equipment required for home treatment of routine bleeding epi-
- 11 sodes associated with hemophilia when the home treatment pro-
- 12 gram is under the supervision of a State approved hemophilia
- 13 treatment center. The benefits shall be provided to the same
- 14 extent as for any sickness under the policy.
- 15 As used in this act, "blood product" includes, but is not limited
- 16 to*,* Factor VIII, Factor IX and cryoprecipitate*;* and "blood
- 17 infusion equipment" includes, but is not limited to *, * syringes and
- 18 needles.
- 19 Participation in a home treatment program shall not preclude
- 20 further or additional treatment or care at any eligible facility if

EXPLANATION—Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted in the law.

Matter printed in italics thus is new matter.

Matter enclosed in asterisks or stars has been adopted as follows:

*— Assembly committee amendments adopted May 8, 1986.

- 21 the number of *home* treatments, in accordance with a ratio of
- 22 *home* treatments to benefit days established by regulation by the
- 23 Commissioner of Insurance, does not exceed the total number of
- 24 benefit days provided for any other sickness under the policy.
 - 1 2. This act shall apply to all policies in which the insurer reserves
 - 2 the right to change the premium.
 - 1 3. This act shall take effect immediately.

INSURANCE—HEALTH AND LIFE

Provides for inclusion of certain blood products and equipment for home treatment of hemophilia in group health insurance policies.

ASSEMBLY INSURANCE, COMMITTEE

STATEMENT ON

Assembly, Bill No. 1096 Aca

DATED: May 8, 1986

As amended by the Assembly Insurance Committee, this bill would require that every group health insurance policy issued by commercial carriers which provides benefits to policy holders for expenses incurred in connection with the treatment of hemophilia also provide benefits for the purchase of blood products and blood infusion equipment which is required for the home treatment of routine bleeding episodes associated with hemophilia. The home treatment would be required to be under the supervision of a State approved hemophilia treatment center. The benefits would be required to be provided to the same extent as any other illness under the policy, in accordance with a ratio of treatment-to-benefit days which is established by the Commissioner of Insurance by regulation.

The purpose of the bill is to establish a less expensive, alternative treatment for hemophilia than hospital inpatient care. Some insurers already provide for outpatient hemophilia treatment for their group clients on an elective basis, because they believe that the program is cost-effective.

SENATE LABOR, INDUSTRY AND PROFESSIONS COMMITTEE

STATEMENT TO

ASSEMBLY, No. 1096

[OFFICIAL COPY REPRINT]

STATE OF NEW JERSEY

DATED: OCTOBER 27, 1986

This bill would require that every group health insurance policy issued by commercial carriers which provides benefits to policyholders for expenses incurred in connection with the treatment of hemophilia also provide benefits for the purchase of blood products and blood infusion equipment which is required for the home treatment of routine bleeding episodes associated with hemophilia. The home treatment would be required to be under the supervision of a State approved hemophilia treatment center. The benefits would be required to be provided to the same extent as for any other sickness under the policy, in accordance with a ratio of treatment-to-benefit days which is established by the Commissioner of Jusurance by regulation.

ASSEMBLY, No. 1096

Introduced Pending Technical Review by Legislative Counsel PRE-FILED FOR INTRODUCTION IN THE 1986 SESSION By Assemblywoman OGDEN

ASSEMBLY, No. 1787

STATE OF NEW JERSEY

INTRODUCED APRIL 30, 1984

By Assemblyman GALLO

An Act providing for the inclusion of benefits for expenses incurred in connection with the purchase of blood products for home treatment of hemophilia in group health insurance policies and supplementing chapter 27 of Title 17B of the New Jersey Statutes.

- Be it enacted by the Senate and General Assembly of the State
- 2 of New Jersey:
- 1. No group health insurance policy providing hospital expense 1
- benefits shall be delivered, issued, executed or renewed in this State,
- 3 or approved for issuance or renewal in this State by the Commis-
- sioner of Insurance after the effective date of this act, unless the 4
- policy provides benefits to any policy holder or other person 5
- covered thereunder for expenses incurred in connection with the 6
- purchase of blood products and blood infusion equipment required 7
- for home treatment of routine bleeding episodes associated with 8
- hemophilia when the home treatment program is under the super-9
- 10 vision of a State approved hemophilia treatment center. The bene-
- fits shall be provided to the same extent as for any sickness under 11
- 12 the policy.

17

- As used in this act, "blood product" includes, but is not limited 13
- to Factor VIII, Factor IX and cryoprecipitate and "blood infusion 14
- equipment" includes, but is not limited to syringes and needles. 15
- Participation in a home treatment program shall not preclude 16
- the number of treatments, in accordance with a ratio of treatments 18

further or additional treatment or care at any eligible facility if

- to benefit days established by regulation by the Commissioner of 19
- Insurance, does not exceed the total number of benefit days pro-
- 20
- vided for any other sickness under the policy. 21

- 1 2. This act shall apply to all policies in which the insurer reserves
- 2 the right to change the premium.
- 1 3. This act shall take effect immediately.

STATEMENT

Recent advances in the treatment of hemophilia have resulted in new and cost effective means for treating routine bleeding episodes in the home. Under the supervision of specialized hemophilia treatment centers, properly trained hemophilia patients or family members can administer needed blood concentrates at home to control routine bleeding episodes. The home treatment programs have been shown to reduce the number of visits to hospital emergency rooms or outpatient clinics, the number of days required for hospitalization, the number of days lost from work or school and potentially, the need for long-term, costly rehabilitative therapy.

Since hemophiliacs traditionally have been treated in hospital settings, both inpatient and outpatient, basic health insurance policies are designed to provide coverage for needed blood products when they are administered in the hospital. The same blood products are not covered under the basic policies when they are administered at home. In recognition of the advances made in treatment of hemophilia, this bill mandates coverage in all group health insurance policies for blood products and equipment needed for infusion of the blood products when the blood products are administered at home under the supervision of a State apported hemophilia treatment center.

While the cost of purchasing needed blood products for a hemophiliac may be substantial to an individual or his family, the total increase in health insurance costs for mandated coverage of home treatment will be insignificant since very few individuals in the State need or use the blood product and home treatment for routine bleeding episodes is less costly than similar treatment which otherwise would be provided in a hospital.

SENATE, No. 2264

STATE OF NEW JERSEY

INTRODUCED JUNE 12, 1986

By Senator LYNCH

Referred to Committee on Labor, Industry and Professions

An Act providing for the inclusion of benefits for expenses incurred in connection with the purchase of blood products for home treatment of hemophilia in group health insurance policies and supplementing chapter 27 of Title 17B of the New Jersey Statutes.

- 1 Be it enacted by the Senate and General Assembly of the State
- 2 of New Jersey:
- 1. Every group health insurance policy providing hospital ex-
- 2 pense benefits to any policy holder or other person covered there-
- 3 under for expenses incurred in connection with the treatment of
- 4 routine bleeding episodes associated with hemophilia shall provide
- 5 benefits for expenses incurred in connection with the purchase of
- 6 blood products and blood infusion equipment required for home
- 7 treatment of routine bleeding episodes associated with hemophilia
- 8 when the home treatment program is under the supervision of a
- 9 State approved hemophilia treatment center. The benefits shall
- 10 be provided to the same extent as for any sickness under the policy.
- 11 As used in this act, "blood product" includes, but is not limited
- 12 to, Factor VIII, Factor IX and eryoprecipitate; and "blood in-
- 13 fusion equipment" includes, but is not limited to, syringes and
- 14 needles.
- 15 Participation in a home treatment program shall not preclude
- 16 further or additional treatment or care at any eligible facility if
- 17 the number of home treatments, in accordance with a ratio of home
- 18 treatments to benefit days established by regulation by the Com-
- 19 missioner of Insurance, does not exceed the total number of benefit
- 20 days provided for any other sickness under the policy.
- 1 2. This act shall apply to all policies in which the insurer reserves
- 2 the right to change the premium.
- 1 3. This act shall take effect immediately.

STATEMENT

This bill would require that group health policies issued by commercial carriers provide benefits for home treatment of hemophilia if the contract provides for inpatient treatment of hemophilia.

INSURANCE—HEALTH AND LIFE

Provides for home treatment for hemophilia in group contracts issued by commercial carriers.
