ASSEMBLY EDUCATION COMMITTEE

STATEMENT TO

SENATE, No. 3382

STATE OF NEW JERSEY

DATED: DECEMBER 17, 1981

PROVISIONS:

This bill gives the Director of the State Museum, with the approval of the Commissioner of Education, the authority to dispose of museum materials when necessary and provides that the proceeds may be appropriated for the benefit of the museum.

FISCAL IMPLICATIONS:

There are no costs to the State associated with this bill. If enacted, it might provide additional revenue for support of the State Museum.

BACKGROUND:

In 1969, statutes governing the State Library were revised (P. L. 1969, c. 158, C. 18A:73-26 et seq.). At that time, the Division of State Library, Archives and History was given the authority to purchase and dispose of books and other materials when appropriate (N. J. S. A. 18A:73-35(e)). This bill would give similar authority to the Director of the Division of the State Museum.

S-3483, sponsored by Senator John P. Caufield (D-Essex), prohibiting any water company in the State from charging a standby water fee to any residential health care facility, rooming or boarding house required to have a sprinkler system.

Under the bill, a water company may charge a boarding house or other facility for the cost of installing a water main connection, but it may not charge the facility for any other fees in excess of the cost of water actually used by the sprinkler system.

S-1483, also sponsored by Senator Hamilton, raising the maximum major medical benefits receivable under the State Health Benefit Program to \$1 million for active members and \$100,000 for retired members or those who leave the system. Current law sets maximum benefits at \$100,000 for all persons. The bill also allows employees who leave state employment to convert their major medical policies to individual policies, transferring the benefits.

S-3175, sponsored by Senator Eugene Bedell (D-Monmouth), permitting municipalities to construct extensions to the water supply systems of public utilities. The costs of construction will be funded by assessments against real estate and municipal bonds. Proceeds from the sale or lease of the extensions would be refunded to the owners of the assessed properties.

S-3521, also by Senator Hamilton, permitting a member of the Public Employees' Retirement System (PERS), who, prior to enrollment in the system, was temporarily employed by a State agency, to purchase credit for that time if he has remained in the employ of an independent State agency.

S-3036, sponsored by Senator Frank X. Graves (D-Passaic), amending the Child Labor Law to lower the legal age for newspaper carriers from 12 to 11 years.

S-3382, sponsored by Senator Merlino, permitting the director of the State Museum to exchange, discard or sell Museum materials, with any proceeds allocated to the Museum. The director's discretion will be subject only to the approval of the Commissioner of Education.
