STATEMENT

This bill would require public utilities companies to pay their public utility excise taxes on a more current basis. The bill would require such companies to pay 50% of the growth in taxes as an advance payment and to receive credit therefor in the ensuing calendar year.

Under present law, public utility companies receive payment for utility services in the calendar year immediately preceding the year of payment. This bill would accelerate to some extent the payment of the taxes which presumably are received from their consumers. The advance payment would accrue to the State for State use in calendar 1979. Thereafter, the municipalities would receive such advances.

A companion bill relates to public utilities taxed under P. L. 1940, c. 5.

FOR IMMEDIATE RELEASE

PAT SWEENEY

Governor Brendan Byrne today signed a legislative package providing \$22,369,000 in one-time assistance to help municipalities absorb the loss of federal anti-recession funds.

The legislation was signed in the Governor's Office during a public ceremony attended by State Senators, Assemblymen and Mayors.

The package of legislation, S-3086, S-3087 and S-3088, will grant supplemental aid to 539 municipalities on the basis of a formula that includes population, property tax base and the local unemployment rate. In the Senate, sponsors include David Friedland (D-Hudson), Senate President Joseph P. Merlino (D-Mercer), John T. Gregorio (D-Union), Frank X. Graves, Jr. (D-Passaic), Wynona M. Lipman (D-Essex) and Angelo J. Errichetti (D-Camden). In the Assembly, sponsors include George Otlowski (D-Middlesex), Thomas J. Deverin (D-Middlesex), Raymond Lesniak (D-Union) and Assembly Speaker Christopher J. Jackman (D-Hudson).

The funds will be generated from an advance payment by utility companies of the utility gross receipts tax, which the companies already have collected from ratepayers but not yet distributed to municipalities.

By shortening the time between the utilities' collection of the tax and the distribution to municipalities, a one-time additional sum of \$22,369,000 is created for this year.

The measure does not change the permanent distribution of the utility gross receipts tax nor the normal increase in the tax distribution from year to year.
