S-3414, sponsored by Senator Bernard J. Dwyer (D-Middlesex), which amends Title 18A to permit boards of education to select a school board administrator or a member of the local board of education to be the school district's representative on the board of an Educational Services Commission.

Several Education Services Commissions have been formed by boards of education in one or more counties in order to provide more coordinated educational and administrative services, such as classes for handicapped students, transportation services, and computer services.

S-3066, sponsored by Senator Wynona Lipman (D-Essex), which broadens the definition of "State compensatory education pupil" in Title 18A to include pupils enrolled in a preventive and remedial programs offered during the normal school day, or programs offered beyond the normal school day or during summer vacations, which are intergrated and coordinated with programs operated during the regular school year day.

The bill assures that State compensatory education funds may be used for programs other than those offered during the normal school day.

A-3570, sponsored by Assemblyman Richard Codey (D-Essex), which permits the municipalities of West Orange and Montclair in Essex County and Teaneck in Bergen County to appoint one additional municipal court judge. This will increase the number of municipal court judges from one to two.
