ASSEMBLY COUNTY GOVERNMENT COMMITTEE

STATEMENT TO

**ASSEMBLY, No. 3432**

with Assembly committee amendments

---

**STATE OF NEW JERSEY**

---

DATED: OCTOBER 3, 1977

This bill permits a county or a municipality to raise funds for the acquisition of land, the construction, reconstruction, furnishing and equipping of a memorial building. The bill also stipulates that a joint county and municipal memorial building commission comply with the Local Public Contracts Law, N. J. S. 40A:11-1 et seq., when contracting for work on a memorial building and allows a county or municipality to transfer its interest or title in such building one to the other by resolution of the governing body. The committee amendments are technical in nature and serve only to make the bill conform with the Optional County Charter Law N. J. S. 40:41A-1 et seq.

The fund will be credited with money received from gifts, contributions and grants as well as specific appropriations by the state.

Headed by an Executive Director, appointed by the Commissioner of Labor and Industry, the office will also have a seven-member Technical Advisory Board, appointed by the Governor with the advice and consent of the Senate.

The bill appropriates \$250,000 from the Unemployment Compensation Auxiliary Fund for the establishment and administration of the office. None of these funds will be credited to the Technical Innovation Financing Fund.

A-3432, sponsored by Assemblywoman Helen C. Szabo (D-Mercer) which permits a joint county and municipal building commission to receive municipal and county funds for the construction or rehabilitation of a memorial building.

The bill also provides that either the county or the municipality may transfer its title or interest in such buildings to one or the other by resolution of the governing body.

The purpose of the bill is to allow a municipality or county to take title to an existing monument or memorial in which the other party has relinquished its interest.

A-3033, sponsored by Assemblyman Byron Baer (D-Bergen) which amends the child labor laws to permit children under the age of 8 to perform in theatrical productions.

Prior law allowed the professional employment of children between the ages of 8 and 16 in stage, motion picture and television performances under certain conditions. This measure strengthens the safeguards applicable to all minors under the age of 16 and provides that certain special conditions must be met for children under the age of 8.

The bill requires, as an additional condition of employment, certification by a licensed physician based upon physical examination that the minor is in good health and "will not likely be endangered by the working conditions of the prospective employer. For minors under the age of 8, the physical examination must include a visual acuity screening if practicable. Under the measure, it will be a high misdemeanor for anyone who obtains a permit to employ minors under the age of 16 in pornographic movies.
