ASSEMBLY AGRICULTURE AND ENVIRONMENT COMMITTEE

STATEMENT TO

ASSEMBLY, No. 3205

with Assembly committee amendments

STATE OF NEW JERSEY

DATED APRIL 11, 1975

This bill would implement the proposed new funding program for the Division of Fish, Game and Shellfisheries. Since 1902, the various programs and operations of the division have been self-supporting through means of a dedicated fund composed of the revenue derived from the sale of various hunting and fishing licenses. Under the provisions of this bill, such license fees would be increased so as to allow the programs and operations of the division to remain selfsupporting.

As amended by the Assembly Agriculture and Environmental Committee, the proceeds from the sale of such licenses would be deposited in the "hunters' and anglers' license fund," which would be used for such purposes and activities as the division deems to be in the best interests of the wildlife resources of the State. In addition, not less than 24% of this fund would be expended annually on law enforcement purposes by the division.

The following chart details the effects of the proposed increases under the provisions of this bill:
