STATEMENT

The purpose of this bill is to subject all municipalities owning waterworks and water supply systems, which supply other municipalities with water, to the jurisdiction of the Board of Public Utility Commissioners with respect to such service. P. L. 1947, c. 295, now imposes this control with respect to rates upon cities of second class only. The 1947 act is repealed by this bill and a supplement to the Public Utility Act is substituted in the interest of a more orderly arrangement of the statutes.
