STATEMENT

This bill would amend the statutes which direct the State to undertake title studies and surveys of meadowlands throughout the State and determine and certify those lands which are State owned. The existing provision requires that this work be completed by December 31, 1974. It is now clear that the work will not be finished by that date because of the complexity, cost and legal issues involved in the project. This bill would extend the date for completion of all title studies and surveys for 5 years.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted in the law.
