4 **BE IT ENACTED** by the Senate and General Assembly of the State  
5 of New Jersey:

6

7 1. a. For the purposes of this act, “courier service” means a  
8 person or business entity that is registered with the State Lottery  
9 Commission to purchase State Lottery tickets on behalf of  
10 individuals within the State and deliver those tickets to those  
11 individuals in the State as a for-profit service.

12 b. (1) Upon receipt of an application from a courier service, the  
13 commission shall register and authorize the courier service to  
14 purchase and deliver State lottery tickets within the State of New  
15 Jersey. The registration of any courier service shall include, but  
16 shall not be limited to, a check of credit reporting sources, other  
17 State departments and agencies, and criminal justice agencies. The  
18 commission shall substantiate the moral character and integrity of  
19 the owners, operators, directors, key personnel, and couriers of a  
20 courier service that submits a registration application.

21 (2) The commission shall supervise registered courier services  
22 in a manner necessary to ensure that the integrity and reputation of  
23 the New Jersey lottery is maintained. The commission shall accept  
24 complaints concerning such services and investigate those  
25 complaints. The commission shall investigate suspected violations  
26 of the statutes and regulations by such services and impose  
27 sanctions for violations. The commission may suspend or revoke  
28 the registration of a courier service for violations or for such other  
29 reasons as shall be set forth in the rules and regulations  
30 promulgated by the commission.

31 (3) In accordance with the rules and regulation promulgated by  
32 the commission, a registered courier service shall maintain an  
33 Internet site and shall display prominently on that site:

34 a warning of the risk of being defrauded if purchasing lottery  
35 tickets through a courier service that is not registered by the  
36 commission;

37 the identical gambling addiction warning required of licensed  
38 New Jersey casinos; and

39 information on how to seek help for a gambling problem through  
40 education, by telephone, from the Internet, or by other electronic  
41 means.

42 (4) In accordance with the rules and regulation promulgated by  
43 the commission, a registered courier service shall safeguard the

1 personal information, including credit card numbers, and properly  
2 verify the age and physical location of customers utilizing the  
3 service.

4 (5) In accordance with the rules and regulation promulgated by  
5 the commission, the courier service shall be permitted to redeem a  
6 lottery ticket on behalf of a customer utilizing the service in a  
7 manner that is secure for that customer and transparent to the  
8 public.

9 c. In lieu of delivery of a purchased lottery ticket to a customer  
10 utilizing the courier service, a courier service may store such ticket  
11 on behalf of that customer, with the customer's consent, if the  
12 courier service provides an electronic receipt of the ticket purchased  
13 with the numbers of the ticket shown on the receipt. A customer  
14 utilizing the courier service shall have the option at all times to  
15 obtain the ticket for the purpose of redemption. A courier service  
16 storing a ticket on behalf of a customer shall maintain a secure  
17 database of all stored lottery tickets, linked to the respective  
18 customers. The courier service shall notify the customer of a  
19 winning ticket value and maximum prize within 24 hours of a  
20 drawing. The commission shall conduct, and a courier service shall  
21 submit as a condition of registration, to random audits of the  
22 database.

23 d. No portion or percentage of lottery winnings shall be charged,  
24 accepted, given, or payable to the courier service as a fee for the  
25 purchase or delivery or for the redemption of a ticket.

26 The operation of a registered courier service shall not constitute  
27 a violation of N.J.S.2C:37-2 or N.J.S.2C:37-3, or the sale of lottery  
28 tickets. The charging of a fee by a courier service for the purchase  
29 and delivery of a ticket shall not constitute a violation of section 14  
30 of P.L.1970, c.13 (C.5:9-14).

31 A courier service shall not be licensed as a lottery sales agent  
32 under section 11 of P.L.1970, c.13 (C.5:9-11).

34 service without being registered and authorized by the commission  
35 pursuant to this section shall be guilty of a crime of the third  
36 degree.

37 f. The commission shall promulgate rules and regulations,

This bill would require the State Lottery Commission to register and authorize the operation of courier services for the purchase and delivery solely of State lottery tickets within the State of New Jersey. No lottery ticket courier service would be permitted to operate unless it has been registered with the State Lottery Commission and has been authorized by the commission to operate as a courier service. This bill would protect all lottery purchasers, and in particular senior citizens, from unregulated and uncontrolled operators who would purchase and deliver State lottery tickets for a fee or commission without governmental regulation or oversight.

Under this bill, the owners, operators, directors, couriers, and other key employees of lottery courier services would be investigated pursuant to rules and regulations established by the Lottery Commission as directed by this bill. Further, the bill provides a criminal penalty for anyone attempting to conduct lottery courier services who has not been registered or authorized under this bill and regulations.

The bill further provides that a courier service may charge a fee for such service, but may not collect any portion of any lottery winnings in connection with the courier service. Moreover, a courier service would be able to store lottery tickets on behalf of its customers with proper consent and the maintenance of a database that would be subject to random audits by the commission.

Under this bill, the operation of a courier service would not constitute the sale of lottery tickets, and lottery courier services would not be permitted to obtain lottery sales agent licenses. Additionally, the authorized operation of a lottery courier service would not constitute gambling under this bill.

The bill further provides that the commission may establish regulations allowing for courier services to redeem winning tickets on behalf of customers, if proper steps are taken to ensure security for the customer and transparency to the public.

The bill also requires that gambling addiction warnings be provided to customers by the lottery courier service on its website, as well as a notice to customers of the risk of using an unauthorized lottery courier service.

**STATE OF NEW JERSEY**

DATED: DECEMBER 5, 2016

The Assembly Tourism, Gaming and the Arts Committee reports favorably Assembly Bill No. 3904.

Under current law, New Jersey lottery tickets can only be purchased by players directly from lottery sales agents. This bill would authorize the operation of courier services for the purchase and delivery of State lottery tickets on behalf of lottery players within the State of New Jersey. No lottery ticket courier service would be permitted to operate unless it has been registered with the State Lottery Commission and has been authorized by the commission to operate as a courier service.

Under this bill, the owners, operators, directors, couriers, and other key employees of a lottery courier service would be investigated pursuant to rules and regulations established by the Lottery Commission as directed by this bill. Further, the bill provides a criminal penalty for anyone attempting to conduct lottery courier services who has not been registered or authorized under this bill and regulations.

The bill further provides that a courier service may charge a fee for such service, but may not collect any portion of any lottery winnings in connection with the courier service. Moreover, a courier service would be able to store lottery tickets on behalf of its customers with proper consent and the maintenance of a database that would be subject to random audits by the commission.

Under this bill, the operation of a courier service would not constitute the sale of lottery tickets, and lottery courier services would not be permitted to obtain lottery sales agent licenses. Additionally, the authorized operation of a lottery courier service would not constitute gambling under this bill.

The bill further provides that the commission may establish regulations allowing for courier services to redeem winning tickets on behalf of customers, if proper steps are taken to ensure security for the customer and transparency to the public.

The bill also requires that gambling addiction warnings be provided to customers by the lottery courier service on its website,

as well as a notice to customers of the risk of using an unauthorized lottery courier service.

As reported by the committee, Assembly Bill No. 3904 is identical to Senate Bill No. 2370 which was also reported by the committee on this date.
