COMMITTEE

STATEMENT TO

SENATE, No. 266

[OFFICIAL COPY REPRINT]

STATE OF NEW JERSEY

DATED: MAY 6, 1974

This bill amends the law governing the manufacture, sale and distribution of frozen desserts and special frozen dietary foods to mandate that the Department of Health shall require by rule or regulation the listing of all ingredients of ice cream on its label.

The committee amended the bill to expand the scope of the bill to all frozen desserts and special frozen dietary foods and to require the listing of butterfat content by weight and volume.

The bill was referred back to committee and was amended to eliminate a listing of butterfat by weight and volume, to change the effective date from immediately to 1 year after enactment and to allow the State Department of Health to grant extensions of time for compliance when undue hardship would result.
