Governor Chris Christie Signs Bills To Expand Substance Abuse Recovery Efforts

Governor Christie Also Takes Action On Other Pending Legislation

Trenton, NJ – Affirming the administration’s commitment to helping those impacted by drug abuse and addiction reclaim their lives, Governor Chris Christie has signed measures to further assist the treatment and recovery process.

“We remain firmly committed to confronting the stigma of drug abuse and addiction in the Garden State,” said Governor Christie. “The legislation I have signed continues our efforts on these important fronts by providing a substance abuse housing recovery program for impacted students at our public colleges and universities as well as allowing medication-assisted treatment as part of our larger drug court treatment programs. These measures are another bold step to help people reclaim their lives and I want to thank Senator Vitale for his advocacy on these issues.”

S-2377/A-3719 (Senators Barnes, Vitale/Assemblymembers Pinkin, Mukherji) requires four-year public colleges and universities to establish a substance abuse recovery housing program within four years. The college may designate a floor, wing, or other area within a dormitory for the program, rather than an entire dorm. The legislation applies to Rutgers New Brunswick, Ramapo College, The College of New Jersey, Montclair State University, Rowan University, and Richard Stockton College of New Jersey. The Rutgers New Brunswick campus already has implemented a similar policy. Additionally, in December, the College of New Jersey received grant funding to establish a recovery housing program.

“New Jersey created the nation’s first college-based recovery housing programs and they have been a great success. Now, with the Governor’s signature, many more New Jersey college students in recovery will have a much greater opportunity to maintain their sobriety and to succeed in school and in life,” said Senator Joseph F. Vitale.

The second bill, S-2381/A-3723 (Senators Lesniak, Vitale/Assemblymembers Conaway, Mukherjee, Sumter, and Jimenez), allows for the completion of a special probation drug court program with use of medication-assisted treatment (MAT). The legislation further clarifies that any urine test for drug or alcohol use conducted in the course of the drug court program that shows a positive result for an individual using medication-assisted treatment would not constitute a program violation unless the positive test result is for substances unrelated to the individual’s MAT. Through this bill, the treatment provider rather than a judge can now decide whether narcotic-based treatment should be permitted for convicted offenders who have been admitted to the Drug Court program for drug abuse.

“Medication assisted treatment for Drug Court attendees, like all other clinical decisions made by a provider for their patient, is a critical component in a person’s treatment and recovery plan. I thank the Governor for his support of this legislation and his continued leadership and support of Drug Court programs,” Vitale added.

The Governor also took the following action on other pending legislation:

2 the applicant and shall be accompanied by the written consent of at
3 least one parent or the person's legal guardian if the person is under
4 17 years of age and shall be supported by such documentary
5 evidence of the age, identity, and veteran status, or blindness,
6 disability, or handicap, of such person as the chief administrator
7 may require. In addition to requiring an applicant for an

12 States is authorized under federal law. If the chief administrator
13 has reasonable cause to suspect that any document presented by an
14 applicant as proof of identity, age, veteran status, or legal residency
15 is altered, false or otherwise invalid, the chief administrator shall
16 refuse to grant the identification card until such time as the
17 document may be verified by the issuing agency to the chief

STATE OF NEW JERSEY

DATED: MAY 11, 2015

The Assembly Military and Veterans' Affairs Committee reports favorably Senate Bill No. 2508.

This bill authorizes a county veteran identification card to serve as satisfactory proof of veteran status for issuance of a veteran designation on a driver's license or identification card issued by the New Jersey Motor Vehicle Commission, but only if issuance of the county veteran identification card requires a copy of DD-214 discharge papers or approved separation forms as outlined by all branches of the military and recorded by the county clerk's office.

Governor Chris Christie Signs Bills To Expand Substance Abuse Recovery Efforts

Governor Christie Also Takes Action On Other Pending Legislation

Trenton, NJ – Affirming the administration's commitment to helping those impacted by drug abuse and addiction reclaim their lives, Governor Chris Christie has signed measures to further assist the treatment and recovery process.

"We remain firmly committed to confronting the stigma of drug abuse and addiction in the Garden State," said Governor Christie. "The legislation I have signed continues our efforts on these important fronts by providing a substance abuse housing recovery program for impacted students at our public colleges and universities as well as allowing medication-assisted treatment as part of our larger drug court treatment programs. These measures are another bold step to help people reclaim their lives and I want to thank Senator Vitale for his advocacy on these issues."

S-2377/A-3719 (Senators Barnes, Vitale/Assemblymembers Pinkin, Mukherji) requires four-year public colleges and universities to establish a substance abuse recovery housing program within four years. The college may designate a floor, wing, or other area within a dormitory for the program, rather than an entire dorm. The legislation applies to Rutgers New Brunswick, Ramapo College, The College of New Jersey, Montclair State University, Rowan University, and Richard Stockton College of New Jersey. The Rutgers New Brunswick campus already has implemented a similar policy. Additionally, in December, the College of New Jersey received grant funding to establish a recovery housing program.

"New Jersey created the nation's first college-based recovery housing programs and they have been a great success. Now, with the Governor's signature, many more New Jersey college students in recovery will have a much greater opportunity to maintain their sobriety and to succeed in school and in life," said Senator Joseph F. Vitale.

The second bill, S-2381/A-3723 (Senators Lesniak, Vitale/Assemblymembers Conaway, Mukherjee, Sumter, and Jimenez), allows for the completion of a special probation drug court program with use of medication-assisted treatment (MAT). The legislation further clarifies that any urine test for drug or alcohol use conducted in the course of the drug court program that shows a positive result for an individual using medication-assisted treatment would not constitute a program violation unless the positive test result is for substances unrelated to the individual's MAT. Through this bill, the treatment provider rather than a judge can now decide whether narcotic-based treatment should be permitted for convicted offenders who have been admitted to the Drug Court program for drug abuse.

"Medication assisted treatment for Drug Court attendees, like all other clinical decisions made by a provider for their patient, is a critical component in a person's treatment and recovery plan. I thank the Governor for his support of this legislation and his continued leadership and support of Drug Court programs," Vitale added.

The Governor also took the following action on other pending legislation:
