#### STATEMENT

21 This bill permits a municipality to enact an ordinance  
22 establishing a private outdoor video surveillance camera registry  
23 and requiring any owner of a private outdoor video surveillance  
24 camera to register the camera with the municipal police department  
25 or force. In the view of the sponsor, this bill will assist law  
26 enforcement officials with investigations of criminal activity and  
27 will save valuable time and resources by providing law enforcement  
28 a registry to determine whether such a camera is located near an  
29 area where criminal activity occurred and captured footage that will  
30 assist an investigation.

31 Under provisions of this bill, any ordinance enacted under the  
32 bill is to require the following information to be provided in the  
33 municipal registry: 1) the name of the person who owns a private  
34 outdoor video surveillance camera, 2) the person's most recent  
35 contact information, including a street address and telephone  
36 number, 3) the street address where the camera is located, 4) the  
37 number of cameras that are installed at the location, 5) the outdoor  
38 areas recorded by the camera, 6) information on how the camera's  
39 footage is saved or stored and the duration of time the footage is  
40 saved or stored, and 7) any other information the municipality  
41 deems necessary. A "private outdoor video surveillance camera," is  
42 defined as a device installed outside a residence or business which  
43 captures footage of the area outside the residence or business for  
44 security purposes. The ordinance also is to provide that a person  
45 who does not register a camera as required will be subject to a fine  
46 not exceeding \$100.

47 This bill further provides that information contained in a  
48 municipal private outdoor video surveillance camera registry is to

1 be made available only to law enforcement officials investigating  
2 criminal activity and will not be considered a public record. A  
3 State, county, or municipal law enforcement agency is authorized to  
4 contact a person who registered a private outdoor video surveillance  
5 camera in order to request access to footage that may be useful to a  
6 criminal investigation.

## STATEMENT TO

### **ASSEMBLY, No. 3843**

with committee amendments

# **STATE OF NEW JERSEY**

DATED: JANUARY 12, 2015

The Assembly Law and Public Safety Committee reports favorably and with committee amendments Assembly Bill No. 3843.

As amended and reported by the committee, Assembly Bill No. 3843 permits a municipality to enact an ordinance establishing a private outdoor video surveillance camera registry and allows any owner of a private outdoor video surveillance camera to voluntarily register the camera with the municipal police department or force. As introduced, an owner of an outdoor video surveillance camera was required to register the camera in any municipality that enacted an ordinance. Under the amended bill, participation in the outdoor video surveillance camera registry is to be voluntary.

Any ordinance enacted under the amended bill is to require the following information to be provided in the municipal registry: 1) the name of the person who owns a private outdoor video surveillance camera, 2) the person's most recent contact information, including a street address and telephone number, 3) the street address where the camera is located, 4) the number of cameras that are installed at the location, 5) the outdoor areas recorded by the camera, 6) information on how the camera's footage is saved or stored and the duration of time the footage is saved or stored, and 7) any other information the municipality deems necessary. The amended bill also requires the ordinance to provide that registration of a privately owned camera does not constitute a waiver of the camera owner's constitutional rights.

This bill further provides that information contained in a municipal private outdoor video surveillance camera registry is to be made available only to law enforcement officials investigating criminal activity and will not be considered a public record. A State, county, or municipal law enforcement agency is authorized to contact a person who registered a private outdoor video surveillance camera in order to request access to footage that may be useful to a criminal investigation. A person who registers a camera may voluntarily submit the camera's footage to a law enforcement agency, but is not required to do so under the provisions of the amended bill.

It is the committee's understanding that this bill will assist law enforcement officials with investigations of criminal activity and will save valuable time and resources by providing law enforcement a registry to determine whether such a camera is located near an area where criminal activity occurred and captured footage that will assist an investigation.

COMMITTEE AMENDMENTS:

The committee amendments:

- 1) provide that a camera owner's participation in the outdoor video surveillance camera registry is to be voluntary;
- 2) provide that registration of a privately owned camera does not constitute a waiver of the camera owner's constitutional rights; and
- 3) clarify that a person who registers a camera with a municipal law enforcement agency is not required to submit the camera's footage to a law enforcement agency, unless otherwise required by law.

The Senate Law and Public Safety Committee reports favorably and with committee amendments Senate Bill No. 2735.

As amended and reported by the committee, Senate Bill No. 2735 authorizes municipalities to enact ordinances establishing private outdoor video surveillance camera registries and allows any owner of a private outdoor video surveillance camera to voluntarily register the camera with the municipal police department or force pursuant to the ordinance.

An ordinance enacted under the amended bill is to require the following information to be provided in the municipal registry: 1) the name of the person who owns a private outdoor video surveillance camera, 2) the person's most recent contact information, including a street address and telephone number, 3) the street address where the camera is located, 4) the number of cameras that are installed at the location, 5) the outdoor areas recorded by the camera, 6) information on how the camera's footage is saved or stored and the duration of time the footage is saved or stored, and 7) any other information the municipality deems necessary. The amended bill further provides that information contained in a municipal private outdoor video surveillance camera registry is to be made available only to law enforcement officials investigating criminal activity. As amended, only information stored in the registry concerning the number of cameras located at the residence or business and the outdoor areas recorded by the camera will not be considered a public record. A State, county, or municipal law enforcement agency is authorized to contact a person who registered a private outdoor video surveillance camera in order to request access to footage that may be useful to a criminal investigation. Under the amended bill, a person who registers a camera may voluntarily submit the camera's

footage to a law enforcement agency, but is not required to do so.

**SENATE, No. 2735**

with Senate Floor Amendments  
(Proposed by Senator RICE)

ADOPTED: JUNE 25, 2015

Senate Bill No. 2735 (1R) permits a municipality to enact an ordinance establishing a private outdoor video surveillance camera registry and allows any owner of a private outdoor video surveillance camera to voluntarily register the camera with the municipal police department or force.

The following information is to be included in the private outdoor video surveillance camera registry:

- (1) the name of the person who owns the camera;
- (2) the most recent contact information, including the street address and telephone number of the person who owns the camera
- (3) the street address of the residence or business where the camera is installed;
- (4) the number of cameras located at the residence or business;
- (5) the outdoor areas recorded by the camera;
- (6) the means by which the camera's footage is saved or stored, and the duration of time for which the footage is saved or stored; and
- (7) any additional information the municipality deems necessary.

As reported by the Senate Law and Public Safety Committee, the only information stored in these registries that would not be considered a public record under the bill is the number of cameras located at the residence or business and the outdoor areas recorded by the camera.

Under these Senate amendments, none of the information stored in a municipal registry is to be considered a public record.

These Senate amendments make this bill identical to Assembly Bill No. 3843 (2R), also amended on this same date.

Trenton, NJ – Governor Chris Christie today took action on legislation, including a package of five bills intended to address the fiscal stability of Atlantic City.

Understanding both the immediate and long-term obstacles facing Atlantic City and its stabilization, the Governor has consistently highlighted the need for comprehensive reform efforts to confront the city's challenges – both from State and local leaders. The Governor remains committed to bringing about the necessary reforms to stabilize Atlantic City and continue an effective long-term transition to an economy that is diversified beyond its traditional gaming industry.

Continuing in that effort, Governor Christie conditionally vetoed A-3981, establishing a payment-in-lieu-of-taxes (PILOT) program for casinos operating in the City, A-3984, reallocating revenue derived from the casino investment alternative tax from the Casino Reinvestment Development Authority to the City to pay debt service on municipal bonds, and A-3985, repealing the Atlantic City Alliance.

"While I commend the Legislature for attempting to devise measures to stabilize the City's budget and finances, I am concerned that the bills, in their present form, fail to recognize the true path to economic revitalization and fiscal stability in the City," Governor Christie said. "While these bills represent the bipartisan efforts of many to provide important, near-term support to the City's immediate challenges, I do not believe they meet the goal of setting a course toward renewed, long-term prosperity and economic growth. To achieve these goals, we must continue our work and go further to ensure that the next step leads to that economically vibrant future for Atlantic City."

In addition, the Governor signed A- 3983, authorizing supplemental school aid to the Atlantic City school district, and vetoed the fifth bill, A-3982, which would add a costly and unjustified new mandate for casino business operation in the City by requiring each casino, as a condition of licensure, to provide to its full time employees "suitable" health care benefits and "suitable" retirement benefits.

"A-3982 would do nothing to enhance the financial condition of Atlantic City," Governor Christie wrote. "To be sure, this bill would make it more costly for casinos to operate in Atlantic City, thereby impeding the industry's ability to grow and expand."

Governor Christie also vetoed legislation designed to revise certain laws concerning domestic violence and firearms. The Christie Administration has made protecting our most vulnerable residents one of its main priorities and has enacted some of the toughest measures to combat domestic violence. Governor Christie has supported a comprehensive approach to addressing the level of violence within our society and recently signed legislation to further penalize aggravated assault perpetuated against domestic violence victims. This legislation, A-4218 (Mosquera, Greenwald, Lagana, Benson, Lampitt, Vainieri Huttie, Danielsen/Weinberg, Gill, Cruz-Perez), substantially restates New Jersey's existing laws that govern firearms and domestic violence and does not offer new and sensible improvements to those current laws. For that reason, rather than restate existing laws, the Governor is proposing significant amendments that will meaningfully deter future acts of violence.

• **Enhanced Penalties For Domestic Violence.** Governor Christie is proposing enhanced criminal penalties imposed against those who are convicted of domestic violence. To demonstrate society's unconditional condemnation of this conduct, perpetrators would receive the maximum available prison sentence under New Jersey law.

• **Tighter Restrictions On Parole Eligibility For Perpetrators Of Domestic Violence.** The Governor's recommended changes will strengthen penalties for perpetrators of domestic abuse by lengthening periods of parole

ineligibility.

- **Prioritizing Victims Who Seek Firearms For Protection.** The Governor is also recommending an immediate codification in statute of new rules currently being processed, giving expedited processing of firearm license applications for victims of domestic violence so that the victims may better defend themselves against future instances of abuse.

"I urge the Legislature to join with me in a bipartisan manner to broaden this bill's approach to reducing domestic violence while simultaneously empowering victims to protect themselves through lawful means," Governor Christie said. "Together, we can enact a more comprehensive approach and reduce the harm that domestic violence inflicts on victims, families, and our society."

The Governor also took the following action on other pending legislation:
