The OLS concludes that the bill would result in a one-year decrease in revenues collected by the MVC of approximately \$22.3 million.

Specifically, these revenue losses would result from: (1) the temporary suspension of the renewal fee for non-driver identification cards, commercial driver licenses, motorcycle licenses or endorsements, basic driver's licenses, and the digitized photographs required for each license; and (2) the temporary reduction of the fee imposed on persons who upgrade a standard basic driver's license or non-driver identification card to a REAL ID basic driver's license or non-driver identification. The provisions of the bill would remain in effect during the one-year period beginning October 1, 2022 and ending September 30, 2023.

As part of the proposed FY 2023 Budget, the Governor recommended a one-year waiver of the imposition of renewal fees for driver's licenses and non-driver identification cards. The OLS notes that this bill would effectuate the Governor's recommendation. Importantly, the Governor's FY 2023 Budget indicates that this proposal is expected to result in a one-time decrease in State revenues of approximately \$22.3 million. As a result, the Governor also recommended an additional FY 2023 appropriation of \$22.3 million to the MVC to offset the revenue losses that are expected to result from this proposal.

As part of the proposed FY 2023 Budget, the Governor recommended a one-year waiver of the imposition of renewal fees for driver's licenses and non-driver identification cards. This bill would effectuate the Governor's recommendation. According to the Governor's proposed FY 2023 Budget, the one-year waiver of renewal fees for driver's licenses and non-driver identification cards is expected to decrease State revenues by approximately \$22.25 million. The OLS notes that the Governor also recommended an additional FY 2023 appropriation of \$22.25 million to the MVC to offset the revenue losses that are expected to result from this proposal.
