1. Section 2 of P.L.2007, c.211 (C.45:16A-2) is amended to read as follows:

As used in this act:

"Board" means the State Board of Examiners of Heating, Ventilating, Air Conditioning and Refrigeration Contractors [created by section 3 of this act] established pursuant to P.L.2007, c.211 (C.45:16A-1 et seq.).

"Bona fide representative" means, except as otherwise provided herein, a Master HVACR contractor who has not less than one percent ownership of the issued and outstanding shares of stock in a corporation, or not less than one percent ownership of the capital of a partnership, or not less than one percent ownership of any other firm or legal entity engaged in HVACR contracting in this State. A "bona fide representative" means, with respect to a corporation, partnership, or other firm or legal entity engaged in HVACR contracting in this State which generates more than 65 percent of its gross revenue from sources other than HVACR contracting, or with respect to a publicly-traded corporation, including its wholly-owned subsidiaries, whose principal business in this State is HVACR contracting: in the case of a sole proprietorship, the owner; in the case of a partnership, a partner; in the case of a limited liability company, a manager; or in the case of a corporation, an executive officer.

"Director" means the Director of the Division of Consumer Affairs in the Department of Law and Public Safety.

"Heating, ventilating, air conditioning and refrigeration" or "HVACR" means the process of treating and protecting the environment by the responsible handling, dispensing, collecting and cleaning of chlorofluorocarbons and other refrigerants in stationary sources, and controlling the temperature, humidity and cleanliness of air by using the "wet," "dry," "radiant," "conduction," "convection," "direct," or "indirect" method or combination of

EXPLANATION – Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted in the law.

methods, including those which utilize solar energy, to meet the environmental requirements of a designated area. "HVACR" also means the installation, servicing, connecting, maintenance or repair of the following:

 power boiler systems, hydronic heating systems, fire tube and water tube boilers, pressure steam and hot water boilers, furnaces and space heaters, and appurtenances utilizing electric, fossil fuel, wood pellets or solar energy, other than those appurtenances utilized solely for the purpose of heating potable water;

warm air heating or refrigeration and evaporative cooling systems, ventilation and exhaust systems, dust collectors, air handling equipment, heating or cooling coils, air or refrigerant compressors, chillers, cooling towers, evaporators, condensers, plenums, fans, blowers, air cleaners, mechanical ventilation for radon mitigation, humidifiers, filters, louvers, mixing boxes and appurtenances; hydronic heating and chilled water pipe, condensate piping not discharged into a sanitary sewer, valves, fittings, burners and piping, hydronic heating, expansion tanks, pumps, gauges, humidity and thermostatic controls;

natural or manufactured gas piping on the load side of a meter; supply water piping to equipment being served from an existing dedicated source connected downstream from an approved backflow preventer, except in replacement cases, the installation of the required approved backflow device downstream from a preexisting valve; and pneumatic controls and control piping, for the control of air, liquid, or gas temperatures, radiators, convectors, unit cabinet heaters, or fan coil units; and pneumatic controls and control piping, of automatic oil, gas or coal burning equipment, mechanical refrigeration equipment, gasoline or diesel oil dispensing equipment and in replacement cases only, the connection thereof of the wiring from an electrical service disconnect box of adequate size to accommodate the equipment and controls and previously dedicated to that equipment, and the testing and balancing of air and hydronic systems, but does not include the design or preparation of specifications for equipment or systems to be installed that are within the practice of professional engineering as defined in subsection (b) of section 2 of P.L.1938, c.342 (C.45:8-28).

"HVACR apprentice" means a person who is enrolled in an HVACR apprenticeship or other training program, including, but not limited to steamfitter, pipefitter or sheet metal apprenticeship programs, approved by the United States Department of Labor and who engages in the installation, alteration, repair, service, or renovation of HVACR systems under the supervision of a Master HVACR contractor as part of that apprenticeship or other training program and who has studied and performed the majority of "HVACR" as defined in this section.

ventilating, air conditioning and refrigeration "Heating, contracting" means undertaking or advertising to undertake, for a fixed price, fee, commission, or gain of whatever nature, the planning, laying out, installation, construction, maintenance, service, repair, alteration or modification to any portion of any system, product or equipment or appurtenances used for the environmental needs or control of any heating, ventilating, air conditioning and refrigeration system.

"Master heating, ventilating, air conditioning and refrigeration contractor" means any person, firm, partnership, corporation or other legal entity licensed according to the provisions of **[**this act**]** P.L.2007, c.211 (C.45:16A-1 et seq.). which obtains a pressure seal pursuant to sections 24 and 25 of **[**this act**]** P.L.2007, c.211 (C.45:16A-24 and C.45:16A-25) and which advertises, undertakes or offers to undertake for another the planning, laying out, supervising, installing, servicing or repairing of HVACR systems, apparatus or equipment. In order to act as a "Master HVACR contractor," an individual shall be a bona fide representative of the legal entity licensed pursuant to the provisions of this act, and shall have studied and performed the majority of "HVACR" as defined in this section.

"HVACR journeyperson" means any person who installs, alters, repairs, services or renovates HVACR systems in accordance with standards, rules and regulations established by the board, who works under the supervision of a Master HVACR contractor, and who has studied and performed the majority of "HVACR" as defined in this section.

"One percent ownership" means that a bona fide representative is entitled to one percent of any net profits from a business, owns one percent equity in a Master HVACR contractor, and is entitled to one percent of the net proceeds from the sale of a business in the event of the sale of the business. If the Master HVACR contractor is a corporation, the bona fide representative owns stock equaling one percent equity interest, and, if there is more than one class of stock, the stock owned by the bona fide representative is the highest level stock with full voting rights.

"Retrofit" means a change in design, construction or equipment already in operation in order to incorporate later improvements.

"Replacement" means a change of equipment with the same type or similar equipment.

"Undertake or offer to undertake for another" means a contractor who is listed in a public bid as the proposed subcontractor by the contractor placing the bid for an HVACR contract.

"Barbecue appliance" means an appliance that cooks food by applying heat as a result of burning solid fuel, gas fuel, natural gas, propane gas, wood fuel, or pellet fuel.

"Hearth product appliance" means a fireplace, fireplace insert,
stove, or log set that offers a decorative view of flames and may be
fueled by solid fuel, gas fuel, natural gas, propane gas, wood fuel,
or pellet fuel, and may include a passive or powered air vent heated
by flames, a convection chamber for the purpose of heating the
room air by the means of gravity, or a manufacturer approved or
supplied fan.

"Hearth professional work" means the installation, replacement, connection, venting, inspection, repair, maintenance, or servicing of hearth product appliances, barbecue appliances, outdoor patio appliances, and decorative space heater appliances, and shall include the installation, inspection, repair, or servicing of vents, vent connectors, masonry, metal and factory built chimney and vent systems, and natural or manufactured gas piping on the load side of the meter.

"Licensed Master Hearth Specialist" means a person who holds a current, valid license to engage in hearth professional work pursuant to P.L. , c. (C.) (pending before the Legislature as this bill).

"Outdoor patio appliance" means an appliance that is located outdoors and may be fueled by solid fuel, gas fuel, natural gas, propane gas, wood fuel, or pellet fuel, including free standing, mounted, or built-in appliances, stoves, fireplaces, fire pits, inserts, and gas logs.

"Decorative Space heater appliance" means an appliance that offers a decorative view of flames and provides heat to the immediate area by the means of thermal radiation or convection, and includes free standing, mounted, or built-in appliances, stoves, fireplaces, inserts, and gas logs, and may be fueled by solid fuel, gas fuel, natural gas, propane gas, wood fuel, or pellet fuel.

(cf: P.L.2018, c.125, s.1)

- 2. (New section) a. There is established within the Division of Consumer Affairs in the Department of Law and Public Safety, under the State Board of Examiners of Heating, Ventilating, Air Conditioning and Refrigeration Contractors, a "Licensed Master Hearth Specialist Advisory Committee." The committee shall consist of seven members who are residents of this State appointed by the Governor without regard to political affiliation as follows:
- (1) Three members shall have been engaged or employed in hearth professional work for a period of five consecutive years and shall hold a certification as a Master Hearth Professional, as issued by the National Fireplace Institute immediately preceding their appointments, and, except for the first members appointed, shall be licensed under the provisions of P.L. , c. (C.) (pending before the Legislature as this bill);

- (2) One member shall be a licensee of the State Board of 1 2 Examiners of Heating, Ventilating, Air Conditioning and 3 Refrigeration Contractors Board, established pursuant to P.L.2007, 4 c.211 (C.45:16A-1 et seq.);
- 5 (3) One member shall be a licensee of the State Board of 6 Examiners of Master Plumbers, established pursuant to P.L.1968, 7 c.362 (C.45:14C-1 et seq.);
 - (4) One member shall be from a department in the Executive Branch of State Government who shall serve without compensation at the pleasure of the Governor; and

- (5) One member shall be a public member who meets the requirements pertaining to public members set forth in subsection b. of section 2 of P.L.1971, c.60 (C.45:1-2.2).
- b. A majority of the appointed members of the committee shall constitute a quorum thereof and no action of the committee shall be taken except upon the affirmative vote of a majority of the appointed members of the committee.
- c. The Governor shall appoint each member for a term of three years, except that of the members first appointed, four shall serve for terms of three years, two shall serve for a term of two years, and one shall serve for a term of one year.
- Any vacancy in the membership of the committee shall be filled for the unexpired term in the manner provided for the original appointment. No member may serve more than two successive terms in addition to any unexpired term to which the members has been appointed.
- e. The committee shall annually elect from among its members a chair and vice-chair. The committee shall meet at least twice a year and may hold additional meetings as necessary to discharge its duties.

3. (New section) Notwithstanding any law, rule, or regulation to the contrary, the board shall have the following powers and duties, or may delegate them to the committee:

- set standards and approve certifications for applicants for a master hearth specialist license, and issue a license to each qualified applicant;
- b. determine the form and contents of applications for licensure, issuance of license, and identification cards;
 - adopt a code of ethics for licensed master hearth specialists;
- d. issue and renew licenses and identification cards;
- 42 set the amount of fees for master hearth specialist licenses, license renewals applications, examinations, and other services 43 44 provided by the committee within the limits provided in subsection 45 b. of section 8 of P.L. , c. (C.) (pending before the
- 46 Legislature as this bill);

- f. refuse to issue or suspend, revoke, or fail to renew the license of a master hearth specialist pursuant to the provisions of P.L.1978, c.73 (C.45:1-14 et seq.);
 - g. maintain a record of all applicants for a license;
- h. maintain and annually publish a record of the name, place of business, and license date and number for every licensed master hearth specialist;
- i. take disciplinary action in accordance with P.L.1978, c.73 (C.45:1-14 et seq.) against a licensed master hearth specialist who violates any provision of this act or any rule or regulation promulgated pursuant to P.L. , c. (C.) (pending before the Legislature as this bill);
 - j. adopt standards and requirements for and approve continuing education programs and courses of study for master hearth specialists and their employees;
 - k. review advertising by licensed master hearth specialists; and
- 17 l. perform other duties as may be necessary to effectuate the 18 purposes of P.L., c. (C.) (pending before the Legislature as 19 this bill).

- b. In addition to any penalty authorized pursuant to the provisions of section 12 of P.L.1978, c.73 (C.45:1-25), any person, firm, partnership, corporation, or other legal entity that knowingly violates any provision of this section shall be guilty of a crime of the fourth degree and shall have his or her license revoked.
- c. No firm, corporation, or other legal entity for which the person is the bona fide representative shall perform hearth professional work without a valid license held by a bona fide representative.
- d. No firm, corporation, or other legal entity performing hearth professional work act shall be denied the privilege of conducting and continuing the business of master hearth specialist contracting, by reason of death, termination of employment, illness or a substantial disability of the bona fide representative of the firm, corporation, or other entity, provided that: the firm, corporation, or other entity has complied with the other provisions of P.L. , c. (C.) (pending before the Legislature as this bill) the firm, corporation or other entity maintains a place of business within this State; and another bona fide representative of the entity obtains a license within six months from the date of the death, termination of employment, illness, or disability. The board may promulgate additional regulations governing the management and operation of an entity during that period of time when the entity shall be in operation without a bona fide representative.
- e. As used in this section, "bona fide representative" means, except as otherwise provided herein, a master hearth specialist contractor who has not less than one percent ownership of the issued and outstanding shares of stock in a corporation, or not less than one percent ownership of any other firm or legal entity engaged in Master Hearth Specialist contracting in this State. A bona fide representative means, with respect to a corporation, partnership or other firm or legal entity engaged in Master Hearth Specialist contracting in this State which generates more than 65 percent of its gross revenue from sources other than master hearth specialist contracting, or with respect to a publicly traded corporation, including its wholly owned subsidiaries, whose principal business in this State is Master Hearth Professional contracting: in the case of a sole proprietorship, the owner, in the case of partnership, the partner; in the case of a limited liability company, a manager; or in the case of a corporation, an executive officer.

9. (New Section) Nothing in P.L., c. (C.) (pending before the Legislature as this bill) shall be construed to prevent any person licensed by the State, including, but not limited to, 4 architects, professional engineers, electrical contractors, master plumbers, propane gas suppliers or marketers, or any chimney service professional registered as a home improvement contractor with the Division of Consumer Affairs, from acting within the scope of practice of the respective profession or occupation, but no person shall use the designation "licensed master hearth specialist" or "master hearth specialist" unless licensed as a master hearth specialist under the provisions of P.L. , c. (C.) (pending 12 before the Legislature as this bill).

11. (New section) Every person desiring to apply for a master hearth specialist license who shall meet the qualifications as set forth herein, shall deliver to the board, personally or by certified mail, return receipt requested, postage prepaid, a certified check or money order payable to the Treasurer of the State of New Jersey in the required amount, together with the written application required by the board, completed as described in the application, and together with proof of qualification as described herein.

36 The qualifications for a Master Hearth Specialist's license shall 37 be as follows:

- the person shall be 21 or more years of age;
- 39 b. the person shall be a citizen or legal resident of the United 40 States:
 - the person shall possess a valid certification as a Master Hearth Professional, issued by the National Fireplace Institute, or an equivalent authority approved by the board; and
- 44 d. the person shall have been engaged or employed in hearth 45 professional work for a period of five years preceding the date of 46 the person's application for licensure.

Proof of compliance with the qualifications shall be submitted to the board in writing, sworn to by the applicant, and the written proof shall be accompanied by two recent photographs of the applicant.

12. (New section) Every license issued pursuant to P.L. , c. (C.) (pending before the Legislature as this bill) shall automatically expire on June 30 following the date of its issuance. Licenses may be renewed biennially by the board upon written application of the holder and payment of the prescribed fee.

- 13. (New section) a. The board shall require each master hearth specialist, as a condition of license renewal, to complete any continuing education requirements imposed by the board pursuant to subsection b. of this section.
- b. The board shall establish standards for the continuing education of master hearth specialists, including the subject matter and content of courses of study, the selection of instructors, and the number and type of continuing education credits required of a master hearth specialist as a condition of license renewal.
- c. During the biennial renewal period beginning July 1, 2021 and ending on June 30, 2022 and every biennial period thereafter, sponsors of continuing education courses selected by the board shall include one hour of education in propane services, including substantially the same information covered in either the Fundamentals of LP manual, 2007 edition, or the Gas Installation for United Association Journeyworkers and Apprentices manual, 2003 edition.
- d. After completion of the education in propane services required subsection c. of this section, sponsors of continuing education courses shall administer a competency evaluation examination, that tests a master hearth specialist's understanding of the information provided on propane services.
- e. The board shall not require completion of continuing master hearth specialist education credits for the initial licensure period.

 14. (New section) The provisions of P.L. , c. (C.) (pending before the Legislature as this bill) shall not apply to a single-family homeowner who performs hearth professional work on the person's own dwelling. Nothing in P.L.1968, c.362 (C.45:14C-1 et seq.) or P.L.2007, c.211 (C.45:16A-1 et seq.) shall be construed to prevent licensed electrical contractors from engaging in the installation, maintenance, and repair of natural or manufactured gas piping while installing or repairing electric generators, provided they have demonstrated as a part of licensure continuing education in the installation of gas piping relevant to installing or repairing electric generators.

ASSEMBLY, No. 3118

STATE OF NEW JERSEY

218th LEGISLATURE

INTRODUCED FEBRUARY 8, 2018

Sponsored by:

Assemblyman JOHN J. BURZICHELLI
District 3 (Cumberland, Gloucester and Salem)
Assemblywoman HOLLY T. SCHEPISI
District 39 (Bergen and Passaic)
Assemblywoman MILA M. JASEY
District 27 (Essex and Morris)

SYNOPSIS

Establishes licensure for master hearth professionals.

CURRENT VERSION OF TEXT

As introduced.

(Sponsorship Updated As Of: 6/22/2018)

AN ACT concerning the licensure of master hearth professionals and amending and supplementing P.L.1968, c.362.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P.L.1968, c.362 (C.45:14C-2) is amended to read as follows:

When used in this act,

- (a) "Master plumber" means a person licensed pursuant to this amendatory and supplementary act who has the qualifications, training, experience and technical knowledge necessary to properly plan, lay out, install and repair plumbing apparatus and equipment and to supervise others in the performance of such work in accordance with standards, rules and regulations established by the State board;
- (b) "State board" means the State Board of Examiners of Master Plumbers established pursuant to section 3 of P.L.1968, c.362 (C.45:14C-3);
- (c) "Act" means this act and the rules and regulations adopted under it;
- (d) "Bona fide representative" means a licensed master plumber who is the holder of not less than 10% of the issued and outstanding shares of stock in a corporation, or not less than 10% of the capital of a partnership, or not less than 10% of the ownership of any other firm or legal entity engaging in the business of plumbing contracting in the State of New Jersey;
- (e) "Apprentice plumber" means any person other than a master plumber or journeyman plumber who as his principal occupation is engaged in learning and assisting in the installation of plumbing;
- (f) "Journeyman plumber" means any person other than a master plumber or apprentice plumber who installs, alters, repairs and renovates plumbing in accordance with standards, rules and regulations established by the board and who works under the supervision of a master plumber;
- (g) "Plumbing" means the practice, materials and fixtures used in the installation, maintenance, extension, alteration, repair and removal of all piping, plumbing fixtures, plumbing appliances and plumbing apparatus in connection with any of the following: sanitary drainage, storm facilities and building sewers to their respective final connection to an approved point of disposal, venting systems, public and private water supply systems of any premises to and within the property line of any building, structure or conveyance to their final connection with an approved supply system. Plumbing shall also mean the practice and materials used

EXPLANATION – Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted in the law.

in the installation, maintenance, extension, alteration, repair or removal of storm water, refrigeration and air conditioning drains, liquid waste or sewage;

- (h) "Plumbing contractor" means any licensed master plumber, firm, partnership, corporation or other legal entity which undertakes or offers to undertake for another the planning, laying out, supervising, installing or making of additions, alterations and repairs in the installation of plumbing. In order to act as "a plumbing contractor," a licensed master plumber shall be the holder of not less than 10% of the issued and outstanding shares of stock in the corporation, or not less than 10% of the capital of the partnership, or not less than 10% of the ownership of any other firm or legal entity engaging in the business of plumbing contracting in the State and shall employ either journeymen plumbers or apprentice plumbers or both;
- (i) "Barbecue appliance" means an appliance that cooks food by applying heat as a result of burning solid fuel, gas fuel, natural gas, propane gas, wood fuel, or pellet fuel;
- (j) "Hearth product appliance" means a fireplace, fireplace insert, stove or log set that offers a decorative view of the flames, and may include a passive or powered air vent heated by the flames, a convection chamber for the purpose of heating the room air by the means of gravity, or a manufacturer approved or supplied fan, and may be fueled by solid fuel, gas fuel, natural gas, propane gas, wood fuel, or pellet fuel;
- (k) "Hearth professional work" means the installation, replacement, connection, venting, inspection, repair, maintenance, or servicing of hearth product appliances, barbecue appliances, outdoor patio appliances, and space heater appliances, and shall include the installation, inspection, repair, or servicing of vents, vent connectors, masonry, metal and factory built chimney and vent systems, natural or manufactured gas piping on the load side of the meter, as well as making any electrical connection necessary for the proper functioning of the aforementioned appliances;
- (l) "Master hearth professional" means a person licensed pursuant to P.L. , c. (C.) (pending before the Legislature as this bill) who has the qualifications, training, experience and technical knowledge necessary to engage in hearth professional work;
- (m) "Outdoor patio appliance" means an appliance that is located outdoors, and includes free standing, mounted or built-in appliances, stoves, fireplaces, fire pits, inserts, and gas logs, and may be fueled by solid fuel, gas fuel, natural gas, propane gas, wood fuel, or pellet fuel;
- (n) "Space heater appliance" means an appliance that provides
 heat to a designated area by the means of thermal radiation or
 convection, and includes free standing, mounted or built-in
 appliances, stoves, fireplaces, inserts, and gas logs, and may be

fueled by solid fuel, gas fuel, natural gas, propane gas, wood fuel,
 or pellet fuel.
 (cf: P.L.1987, c.442, s.1)

2. Section 3 of P.L.1968, c.362 (C.45:14C-3) is amended to read as follows:

There is created hereunder a State Board of Examiners of Master Plumbers in the Department of Law and Public Safety, consisting of **[7]** 9 citizens to be appointed by the Governor, without regard to political affiliation, and except as to members first appointed, for terms of 4 years and until the appointment of their successors. Of the members first appointed 2 shall be appointed for terms of 1 year, 2 for 2 years, 2 for 3 years and one for 4 years. Three members shall be master plumbers of at least 10 years experience, one shall be a local plumbing inspector who has held such appointment for at least 10 years, one shall be a journeyman plumber of at least 10 years experience, 2 shall be master hearth professionals of at least 10 years hearth professional work experience, and 2 shall be representatives of the public having no association with the plumbing industry.

No member shall be eligible for appointment for more than 2 terms. Appointments to fill vacancies on the board shall be made for the remainder of the unexpired term.

Members of the board shall be subject to removal by the Governor for cause.

(cf: P.L.1968, c.362, s.3)

3. (New section) Any person desiring to obtain a State master hearth professional's license shall make application for licensure to the State board and shall pay all the fees required in connection with the application.

4. (New section) A person shall not work as a master hearth professional or use the title or designation of "licensed master hearth professional" or "master hearth professional" unless licensed pursuant to the provisions of P.L. , c. (C.) (pending before the Legislature as this bill).

5. (New section) Nothing in P.L. , c. (C.) (pending before the Legislature as this bill) shall be construed to prevent any person licensed by the State, including, but not limited to, architects, professional engineers, electrical contractors, master plumbers, or any chimney service professional registered as a home improvement contractor with the Division of Consumer Affairs, from acting within the scope of practice of the respective profession or occupation, but no person shall use the designation "licensed master hearth professional" unless

licensed as a master hearth professional under the provisions of P.L., c. (C.) (pending before the Legislature as this bill).

- 6. (New section) a. The provisions of P.L. , c. (C.) (pending before the Legislature as this bill) shall not deny to any municipality the power to inspect hearth professional work or the equipment of a master hearth professional, or the power to enforce the standards and manner in which hearth professional work shall be done, but no municipality, local board of health or other agency shall require any master hearth professional licensed under P.L. ,
- c. (C.) (pending before the Legislature as this bill) to obtain any additional license, apply for or take any examination, or pay any licensing fee.
 - b. The State board shall ensure that master hearth professionals comply with all applicable requirements of building codes, gas codes, and any other industry standards deemed appropriate by the State board.

- 7. (New section) Every person desiring to apply for a State master hearth professional's license, who shall meet the qualifications as set forth herein, shall deliver to the State board, personally or by certified mail, return receipt requested, postage prepaid, a certified check or money order payable to the Treasurer of the State of New Jersey in the required amount, together with the written application required by the State board, completed as described in the application, and together with proof of qualification as described herein.
- The qualifications for a master hearth professional's license shall be as follows:
 - a. the person shall be 21 or more years of age;
- b. the person shall be a citizen or legal resident of the United States;
- c. the person shall possess a valid master hearth professional certification issued by the National Fireplace Institute or an equivalent authority approved by the State board; and
- d. the person shall have been engaged or employed in hearth professional work for a period of five years preceding the date of the person's application for licensure.

Proof of compliance with the qualifications shall be submitted to the State board in writing, sworn to by the applicant, and the written proof shall be accompanied by two recent photographs of the applicant.

8. (New section) Every State license issued pursuant to P.L., c. (C.) (pending before the Legislature as this bill) shall automatically expire on June 30 following the date of its issuance. Licenses may be renewed biennially by the State board upon written application of the holder and payment of the prescribed fee.

- 9. (New section) a. The State board shall require each master hearth professional, as a condition of license renewal, to complete any continuing education requirements imposed by the State board pursuant to subsection b. of this section.
- b. The State board shall establish standards for continuing master hearth professional education, including the subject matter and content of courses of study, the selection of instructors, and the number and type of continuing education credits required of a master hearth professional as a condition of license renewal.
- c. The State board shall not require completion of continuing master hearth professional education credits for an initial renewal of license.

10. (New section) The provisions of P.L. , c. (C.) (pending before the Legislature as this bill) shall not apply to a single family home owner who performs hearth professional work on the person's own dwelling.

11. Section 2 of this act shall take effect immediately and the remainder of this act shall take effect on the 120th day next following enactment, except the State Board of Examiners of Master Plumbers may take any anticipatory administrative action in advance as shall be necessary for the implementation of this act.

STATEMENT

This bill amends and supplements "The State Plumbing License Law of 1968" to provide for the licensure of master hearth professionals. To be eligible for licensure as a master hearth professional, an applicant must be at least 21 years of age, be a United States citizen or a legal resident, possess a valid master hearth professional certification from a nationally recognized body, and have at least five years of experience engaged in hearth professional work. The bill also adds two members to the State Board of Examiners of Master Plumbers who are master hearth professionals with at least 10 years of experience in hearth professional work.

"Hearth professional work" is defined in the bill as the installation, replacement, connection, venting, inspection, repair, maintenance, or servicing of hearth product appliances, barbecue appliances, outdoor patio appliances, and space heater appliances, and shall include the installation, inspection, repair, or servicing of vents, vent connectors, masonry, metal and factory built chimney and vent systems, natural or manufactured gas piping on the load side of the meter, as well as making any electrical connection necessary for the proper functioning of the aforementioned appliances. Hearth professional work must comply with all

applicable requirements of building codes, gas codes, and any other industry standards deemed appropriate by the State board.

The bill provides that no person is permitted to work as a master hearth professional or use the title or designation of "licensed master hearth professional" or "master hearth professional" unless licensed pursuant to the provisions of the bill. Furthermore, no provision of the bill is to be construed to prevent any person licensed by the State, including, but not limited to, architects, professional engineers, electrical contractors, master plumbers, or any chimney service professional registered as a home improvement contractor with the Division of Consumer Affairs, from acting within the scope of practice of the respective profession or occupation, but no person may use the designation "licensed master hearth professional" unless licensed as a master hearth professional under the provisions of the bill.

The provisions of the bill do not prohibit a municipality from inspecting hearth professional work or the equipment of a master hearth professional, or from enforcing the standards and manner in which hearth professional work may be done. However, no municipality, local board of health or other agency is permitted to require a master hearth professional licensed under the bill to obtain any additional license, apply for or take any examination, or pay any licensing fee.

The bill requires each master hearth professional, as a condition of license renewal, to complete any continuing education requirements imposed by the State board. The State board must establish standards for continuing master hearth professional education, including the subject matter and content of courses of study, the selection of instructors, and the number and type of continuing education credits required of a master hearth professional as a condition of license renewal.

Finally, the provisions of the bill do not apply to a single family home owner who performs hearth professional work on the person's own dwelling.

ASSEMBLY APPROPRIATIONS COMMITTEE

STATEMENT TO

ASSEMBLY COMMITTEE SUBSTITUTE FOR ASSEMBLY, No. 3118

STATE OF NEW JERSEY

DATED: JUNE 18, 2019

The Assembly Appropriations Committee reports favorably an Assembly Committee Substitute for Assembly Bill No. 3118.

This substitute bill establishes a Master Hearth Specialist Advisory Committee (committee) under the State Board of Examiners of Heating, Ventilating, Air Conditioning and Refrigeration Contractors (board) to provide for the licensure of master hearth specialists. To be eligible for licensure as a master hearth specialist, an applicant must be at least 21 years of age, be a United States citizen or legal resident, possess a valid certification as a Master Hearth Professional from a nationally recognized body, and have at least five years of experience in hearth professional work.

"Hearth professional work" is defined in the bill as the installation, replacement, connection, venting, inspection, repair, maintenance, or servicing of hearth product appliances, barbecue appliances, outdoor patio appliances, and decorative space heater appliances, and shall include the installation, inspection, repair, or servicing of vents, vent connectors, masonry, metal and factory built chimney and vent systems, and natural or manufactured gas piping on the loan side of the meter. Hearth professional work must comply with all applicable requirements of building codes, gas codes, and any other industry standards deemed appropriate by the committee.

The bill provides that no person is permitted to work as a master hearth specialist or use the title or designation of "licensed master hearth specialist" or "master hearth specialist contractor" unless a license is issued pursuant to the provisions of the bill.

Furthermore, the bill does not prohibit a municipality from inspecting hearth professional work or the equipment of a master hearth specialist, or from enforcing the standards and manner that hearth professional work may be done. However, no municipality, local board of health or other agency is permitted to require a master hearth specialist licensed under the bill to obtain any additional license, apply for or take any examination, or pay any licensing fee.

The bill requires each master hearth specialist, as a condition of license renewal, to complete any continuing education requirements imposed by the board. The board will establish standards for continuing master hearth specialist education, including the subject matter and content of courses of study, the selection of instructors, and

the number and type of continuing education credits required of a master hearth specialist as a condition of license renewal.

The provisions of the bill do not apply to a single-family homeowner who performs hearth professional work on the person's own dwelling.

Lastly, nothing in the bill shall be construed to prevent any person licensed by the State, including, but not limited to, architects, professional engineers, electrical contractors, master plumbers, propane gas suppliers or marketers, or any chimney service professional registered as a home improvement contractor with the Division of Consumer Affairs, from acting within the scope of practice of the respective profession or occupation.

This substitute bill differs from the legislation as referred to the committee as follows:

- (1) vests responsibility for the licensure of master hearth specialists in the State Board of Examiners of Heating, Ventilating, Air Conditioning and Refrigeration Contractors rather than the State Board of Examiners of Master Plumbers;
- (2) provides that no person shall install, improve, repair, or maintain gas piping associated with barbecue appliances, hearth product appliances, outdoor patio appliances, decorative space heater appliances, or hearth professional work unless licensed by the board as a master hearth specialist;
- (3) provides that no person shall provide instruction regarding the installation, improvement, repair, or maintenance of gas piping associated with barbecue, hearth products, or hearth professional work unless licensed by the board as a master hearth specialist;
- (4) provides that nothing in the bill shall be construed to prevent any person licensed by the State, including, but not limited to, architects, professional engineers, electrical contractors, master plumbers, propane gas suppliers or marketers, or any chimney service professional registered as a home improvement contractor with the Division of Consumer Affairs, from acting within the scope of practice of the respective profession or occupation;
- (5) defines "bona fide representative," with respect to master hearth specialists, to mean, except as otherwise provided, a master hearth specialist contractor who has not less than one percent ownership of the issued and outstanding shares of stock in a corporation, or not less than one percent ownership of any other firm or legal entity engaged in Master Hearth Specialist contracting in this State. A bona fide representative means, with respect to a corporation, partnership or other firm or legal entity engaged in Master Hearth Specialist contracting in this State which generates more than 65 percent of its gross revenue from sources other than master hearth specialist contracting, or with respect to a publicly traded corporation, including its wholly owned subsidiaries, whose principal business in this State is master hearth professional contracting: in the case of a sole proprietorship, the owner, in the case of partnership, the partner;

in the case of a limited liability company, a manager; or in the case of a corporation, an executive officer; and

(6) a person, firm, partnership, corporation, or other legal entity shall not engage in the business of hearth professional work contracting or advertise in any manner as a master hearth specialist contractor or use the title or designation of "licensed master hearth specialist contractor" unless authorized to act as a licensed master hearth specialist contractor pursuant to the provisions of the bill.

In addition to any penalty authorized pursuant to the provisions of section 12 of P.L.1978, c.73 (C.45:1-25), any person, firm, partnership, corporation, or other legal entity that knowingly violates any provision of this section shall be guilty of a crime of the fourth degree and shall have his or her license revoked.

No firm, corporation, or other legal entity for which the person is the bona fide representative shall perform hearth professional work without a valid license held by a bona fide representative.

No firm, corporation, or other legal entity performing hearth professional work act shall be denied the privilege of conducting and continuing the business of master hearth specialist contracting, by reason of death, termination of employment, illness or a substantial disability of the bona fide representative of the firm, corporation, or other entity, provided that: the firm, corporation, or other entity has complied with the other provisions of this act; the firm, corporation or other entity maintains a place of business within this State; and another bona fide representative of the entity obtains a license within six months from the date of the death, termination of employment, illness, or disability. The board may promulgate additional regulations governing the management and operation of an entity during that period of time when the entity shall be in operation without a bona fide representative.

FISCAL IMPACT:

The Office of Legislative Services (OLS) anticipates that this bill will increase annual State expenditures and revenues by indeterminate amounts. The OLS cannot assess the direction of the net effect of the two increases given the absence of information on the future cost of regulating master hearth specialist and on future license fee and penalty collections.

The State will incur an indeterminate annual increase in operating expenditures associated with the licensure and regulation of master hearth specialist, including the cost of establishing and operating the new Licensed Master Hearth Specialist Advisory Committee.

Additional annual State revenue will accrue from indeterminate fee payments for the new master hearth specialist licenses and indeterminate fine and penalty payments from violators of statutory and regulatory requirements applicable to the newly licensed profession.

LEGISLATIVE FISCAL ESTIMATE

ASSEMBLY COMMITTEE SUBSTITUTE FOR

ASSEMBLY, No. 3118 STATE OF NEW JERSEY 218th LEGISLATURE

DATED: JUNE 25, 2019

SUMMARY

Synopsis: Establishes licensure for master hearth specialists.

Type of Impact: Annual State revenue and expenditure increases.

Agencies Affected: Department of Law and Public Safety.

Office of Legislative Services Estimate

Fiscal Impact	Year 1	Year 2	Year 3
State Cost Increase		Indeterminate	
State Revenue Increase		Indeterminate	

- The Office of Legislative Services (OLS) finds that this bill would result in an indeterminate annual State expenditure increase related to the regulation of master hearth specialists by the Division of Consumer Affairs in the Department of Law and Public Safety.
- The OLS also notes the bill will increase State revenue collections from licensure fees, fines, and penalties by indeterminate amounts.
- The bill establishes a Licensed Master Hearth Specialist Advisory Committee (committee) of seven members under the State Board of Examiners of Heating, Ventilating, Air Conditioning and Refrigeration Contractors (State board) to provide for the licensure of master hearth specialists.
- The OLS anticipates that the State may annually collect indeterminate fine and penalty payments from violators of statutory and regulatory requirements applicable to the newly licensed profession. A violator may receive a civil penalty of \$10,000 for an initial violation and \$20,000 for any subsequent violations. In addition to any penalties, those who violated the bill's provisions will be guilty of a crime of the fourth degree, which is punishable by a term of imprisonment of up to 18 months, a fine of up to \$10,000, or both.

BILL DESCRIPTION

This bill establishes a Licensed Master Hearth Specialist Advisory Committee under the State Board of Examiners of Heating, Ventilating, Air Conditioning and Refrigeration Contractors to provide for the licensure of master hearth specialists.

The bill provides that no person is permitted to work as a master hearth specialist or use the title or designation of "licensed master hearth specialist" or "master hearth specialist contractor" unless a license is issued pursuant to the provisions of this legislation.

The legislation does not prohibit a municipality from inspecting hearth professional work or the equipment of a master hearth specialist, or from enforcing the standards and manner that hearth professional work may be done. However, no municipality, local board of health or other agency is permitted to require a master hearth specialist licensed under the bill to obtain any additional license, apply for or take any examination, or pay any licensing fee.

The State board or the committee, if delegated power by the board, will establish standards for continuing master hearth specialist education, including the subject matter and content of courses of study, the selection of instructors, and the number and type of continuing education credits required of a master hearth specialist as a condition of license renewal. The legislation requires each master hearth specialist, as a condition of license renewal, to complete any continuing education requirements imposed by the board or committee.

In addition to any penalty authorized pursuant to the provisions of section 12 of P.L.1978, c.73 (C.45:1-25), any person, firm, partnership, corporation, or other legal entity that knowingly violates any provision of this section will be guilty of a crime of the fourth degree and will have his or her license revoked.

FISCAL ANALYSIS

EXECUTIVE BRANCH

None received.

OFFICE OF LEGISLATIVE SERVICES

The OLS finds that this bill would result in an indeterminate annual increase in state expenditures; however, OLS estimates that the license and renewal fees paid by licensees may defray licensure, regulation, and enforcement costs.

State Revenue Increase: The bill will increase annual State revenue collections from licensure fees, fines, and penalties by indeterminate amounts.

Pursuant to section 1 of P.L.2007, c.211 (C. 45:16A-1 et seq.), the State board currently establishes fees for license and renewal applications. The OLS cannot quantify the licensure fee payments the board or committee will collect from the licensing requirement, as the bill leaves the setting of the fee levels to the board's discretion and the number of licenses that will be issued is unknown.

The OLS anticipates that the State may annually collect indeterminate fine and penalty payments from violators of statutory and regulatory requirements applicable to the newly licensed profession. A violator may receive a civil penalty of \$10,000 for an initial violation and \$20,000 for any subsequent violations. In addition to any penalties, those who violated the bill's provisions will be guilty of a crime of the fourth degree, which is punishable by a term of

imprisonment of up to 18 months, a fine of up to \$10,000, or both. A presumption of non-incarceration applies to first-time offenders for crimes of the fourth degree. The OLS, however, cannot project the amount the State will collect, as the OLS has no information on which to base an estimate of the number and magnitude of future penalty assessments and payments.

The National Fireplace Institute's website reflects an estimated 45 members with New Jersey addresses and many more from New York, Delaware, and Pennsylvania. It is unknown how many New York, Pennsylvania, and Delaware hearth professionals would choose to become licensed in New Jersey.

State Expenditure Increase: The bill may increase annual State expenditures due to an increase in the board's duties in overseeing the committee. Under current law, each member of the State board receives \$25 for each meeting day in attendance and in addition is entitled to be reimbursed for necessary traveling expenses provided compensation in any fiscal year does not exceed \$1,000 per member. The legislation does not indicate whether the committee will receive compensation for meeting and traveling expenses, and, in any event, the OLS cannot determine the increase cost on account of the uncertainty regarding the number of professionals who will be regulated and operational decisions the board will make to implement this bill.

Legislative Budget and Finance Officer

This legislative fiscal estimate has been produced by the Office of Legislative Services due to the failure of the Executive Branch to respond to our request for a fiscal note.

This fiscal estimate has been prepared pursuant to P.L.1980, c.67 (C.52:13B-6 et seq.).

SENATE, No. 1303

STATE OF NEW JERSEY

218th LEGISLATURE

INTRODUCED FEBRUARY 1, 2018

Sponsored by:

Senator ANTHONY R. BUCCO District 25 (Morris and Somerset) Senator SAMUEL D. THOMPSON

District 12 (Burlington, Middlesex, Monmouth and Ocean)

SYNOPSIS

Establishes licensure for master hearth professionals.

CURRENT VERSION OF TEXT

As introduced.

(Sponsorship Updated As Of: 5/22/2018)

AN ACT concerning the licensure of master hearth professionals and amending and supplementing P.L.1968, c.362.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P.L.1968, c.362 (C.45:14C-2) is amended to read as follows:

When used in this act,

- (a) "Master plumber" means a person licensed pursuant to this amendatory and supplementary act who has the qualifications, training, experience and technical knowledge necessary to properly plan, lay out, install and repair plumbing apparatus and equipment and to supervise others in the performance of such work in accordance with standards, rules and regulations established by the State board;
- (b) "State board" means the State Board of Examiners of Master Plumbers established pursuant to section 3 of P.L.1968, c.362 (C.45:14C-3);
- (c) "Act" means this act and the rules and regulations adopted under it;
- (d) "Bona fide representative" means a licensed master plumber who is the holder of not less than 10% of the issued and outstanding shares of stock in a corporation, or not less than 10% of the capital of a partnership, or not less than 10% of the ownership of any other firm or legal entity engaging in the business of plumbing contracting in the State of New Jersey;
- (e) "Apprentice plumber" means any person other than a master plumber or journeyman plumber who as his principal occupation is engaged in learning and assisting in the installation of plumbing;
- (f) "Journeyman plumber" means any person other than a master plumber or apprentice plumber who installs, alters, repairs and renovates plumbing in accordance with standards, rules and regulations established by the board and who works under the supervision of a master plumber;
- (g) "Plumbing" means the practice, materials and fixtures used in the installation, maintenance, extension, alteration, repair and removal of all piping, plumbing fixtures, plumbing appliances and plumbing apparatus in connection with any of the following: sanitary drainage, storm facilities and building sewers to their respective final connection to an approved point of disposal, venting systems, public and private water supply systems of any premises to and within the property line of any building, structure or conveyance to their final connection with an approved supply system. Plumbing shall also mean the practice and materials used

EXPLANATION – Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted in the law.

in the installation, maintenance, extension, alteration, repair or removal of storm water, refrigeration and air conditioning drains, liquid waste or sewage;

- (h) "Plumbing contractor" means any licensed master plumber, firm, partnership, corporation or other legal entity which undertakes or offers to undertake for another the planning, laying out, supervising, installing or making of additions, alterations and repairs in the installation of plumbing. In order to act as "a plumbing contractor," a licensed master plumber shall be the holder of not less than 10% of the issued and outstanding shares of stock in the corporation, or not less than 10% of the capital of the partnership, or not less than 10% of the ownership of any other firm or legal entity engaging in the business of plumbing contracting in the State and shall employ either journeymen plumbers or apprentice plumbers or both;
- (i) "Barbecue appliance" means an appliance that cooks food by applying heat as a result of burning solid fuel, gas fuel, natural gas, propane gas, wood fuel, or pellet fuel;
- (j) "Hearth product appliance" means a fireplace, fireplace insert, stove or log set that offers a decorative view of the flames, and may include a passive or powered air vent heated by the flames, a convection chamber for the purpose of heating the room air by the means of gravity, or a manufacturer approved or supplied fan, and may be fueled by solid fuel, gas fuel, natural gas, propane gas, wood fuel, or pellet fuel;
- (k) "Hearth professional work" means the installation, replacement, connection, venting, inspection, repair, maintenance, or servicing of hearth product appliances, barbecue appliances, outdoor patio appliances, and space heater appliances, and shall include the installation, inspection, repair, or servicing of vents, vent connectors, masonry, metal and factory built chimney and vent systems, natural or manufactured gas piping on the load side of the meter, as well as making any electrical connection necessary for the proper functioning of the aforementioned appliances;
- (l) "Master hearth professional" means a person licensed pursuant to P.L. , c. (C.) (pending before the Legislature as this bill) who has the qualifications, training, experience and technical knowledge necessary to engage in hearth professional work;
- (m) "Outdoor patio appliance" means an appliance that is located outdoors, and includes free standing, mounted or built-in appliances, stoves, fireplaces, fire pits, inserts, and gas logs, and may be fueled by solid fuel, gas fuel, natural gas, propane gas, wood fuel, or pellet fuel;
- (n) "Space heater appliance" means an appliance that provides
 heat to a designated area by the means of thermal radiation or
 convection, and includes free standing, mounted or built-in
 appliances, stoves, fireplaces, inserts, and gas logs, and may be

S1303 A.R.BUCCO, THOMPSON

fueled by solid fuel, gas fuel, natural gas, propane gas, wood fuel,
 or pellet fuel.
 (cf: P.L.1987, c.442, s.1)

2. Section 3 of P.L.1968, c.362 (C.45:14C-3) is amended to read as follows:

There is created hereunder a State Board of Examiners of Master Plumbers in the Department of Law and Public Safety, consisting of [7] 9 citizens to be appointed by the Governor, without regard to political affiliation, and except as to members first appointed, for terms of 4 years and until the appointment of their successors. Of the members first appointed 2 shall be appointed for terms of 1 year, 2 for 2 years, 2 for 3 years and one for 4 years. Three members shall be master plumbers of at least 10 years experience, one shall be a local plumbing inspector who has held such appointment for at least 10 years, one shall be a journeyman plumber of at least 10 years experience, 2 shall be master hearth professionals of at least 10 years hearth professional work experience, and 2 shall be representatives of the public having no association with the plumbing industry.

No member shall be eligible for appointment for more than 2 terms. Appointments to fill vacancies on the board shall be made for the remainder of the unexpired term.

Members of the board shall be subject to removal by the Governor for cause.

(cf: P.L.1968, c.362, s.3)

3. (New section) Any person desiring to obtain a State master hearth professional's license shall make application for licensure to the State board and shall pay all the fees required in connection with the application.

4. (New section) A person shall not work as a master hearth professional or use the title or designation of "licensed master hearth professional" or "master hearth professional" unless licensed pursuant to the provisions of P.L. , c. (C.) (pending before the Legislature as this bill).

5. (New section) Nothing in P.L. , c. (C.) (pending before the Legislature as this bill) shall be construed to prevent any person licensed by the State, including, but not limited to, architects, professional engineers, electrical contractors, master plumbers, or any chimney service professional registered as a home improvement contractor with the Division of Consumer Affairs, from acting within the scope of practice of the respective profession or occupation, but no person shall use the designation "licensed master hearth professional" unless

licensed as a master hearth professional under the provisions of P.L., c. (C.) (pending before the Legislature as this bill).

- 6. (New section) a. The provisions of P.L. , c. (C.) (pending before the Legislature as this bill) shall not deny to any municipality the power to inspect hearth professional work or the equipment of a master hearth professional, or the power to enforce the standards and manner in which hearth professional work shall be done, but no municipality, local board of health or other agency shall require any master hearth professional licensed under P.L. ,
- 11 c. (C.) (pending before the Legislature as this bill) to obtain 12 any additional license, apply for or take any examination, or pay 13 any licensing fee.
 - b. The State board shall ensure that master hearth professionals comply with all applicable requirements of building codes, gas codes, and any other industry standards deemed appropriate by the State board.

- 7. (New section) Every person desiring to apply for a State master hearth professional's license, who shall meet the qualifications as set forth herein, shall deliver to the State board, personally or by certified mail, return receipt requested, postage prepaid, a certified check or money order payable to the Treasurer of the State of New Jersey in the required amount, together with the written application required by the State board, completed as described in the application, and together with proof of qualification as described herein.
- The qualifications for a master hearth professional's license shall be as follows:
 - a. the person shall be 21 or more years of age;
- b. the person shall be a citizen or legal resident of the United States;
- c. the person shall possess a valid master hearth professional certification issued by the National Fireplace Institute or an equivalent authority approved by the State board; and
- d. the person shall have been engaged or employed in hearth professional work for a period of five years preceding the date of the person's application for licensure.

Proof of compliance with the qualifications shall be submitted to the State board in writing, sworn to by the applicant, and the written proof shall be accompanied by two recent photographs of the applicant.

8. (New section) Every State license issued pursuant to P.L., c. (C.) (pending before the Legislature as this bill) shall automatically expire on June 30 following the date of its issuance. Licenses may be renewed biennially by the State board upon written application of the holder and payment of the prescribed fee.

S1303 A.R.BUCCO, THOMPSON

- 9. (New section) a. The State board shall require each master hearth professional, as a condition of license renewal, to complete any continuing education requirements imposed by the State board pursuant to subsection b. of this section.
- b. The State board shall establish standards for continuing master hearth professional education, including the subject matter and content of courses of study, the selection of instructors, and the number and type of continuing education credits required of a master hearth professional as a condition of license renewal.
- c. The State board shall not require completion of continuing master hearth professional education credits for an initial renewal of license.

10. (New section) The provisions of P.L. , c. (C.) (pending before the Legislature as this bill) shall not apply to a single family home owner who performs hearth professional work on the person's own dwelling.

11. Section 2 of this act shall take effect immediately and the remainder of this act shall take effect on the 120th day next following enactment, except the State Board of Examiners of Master Plumbers may take any anticipatory administrative action in advance as shall be necessary for the implementation of this act.

STATEMENT

This bill amends and supplements "The State Plumbing License Law of 1968" to provide for the licensure of master hearth professionals. To be eligible for licensure as a master hearth professional, an applicant must be at least 21 years of age, be a United States citizen or a legal resident, possess a valid master hearth professional certification from a nationally recognized body, and have at least five years of experience engaged in hearth professional work. The bill also adds two members to the State Board of Examiners of Master Plumbers who are master hearth professionals with at least 10 years of experience in hearth professional work.

"Hearth professional work" is defined in the bill as the installation, replacement, connection, venting, inspection, repair, maintenance, or servicing of hearth product appliances, barbecue appliances, outdoor patio appliances, and space heater appliances, and shall include the installation, inspection, repair, or servicing of vents, vent connectors, masonry, metal and factory built chimney and vent systems, natural or manufactured gas piping on the load side of the meter, as well as making any electrical connection necessary for the proper functioning of the aforementioned appliances. Hearth professional work must comply with all

S1303 A.R.BUCCO, THOMPSON

applicable requirements of building codes, gas codes, and any other industry standards deemed appropriate by the State board.

The bill provides that no person is permitted to work as a master hearth professional or use the title or designation of "licensed master hearth professional" or "master hearth professional" unless licensed pursuant to the provisions of the bill. Furthermore, no provision of the bill is to be construed to prevent any person licensed by the State, including, but not limited to, architects, professional engineers, electrical contractors, master plumbers, or any chimney service professional registered as a home improvement contractor with the Division of Consumer Affairs, from acting within the scope of practice of the respective profession or occupation, but no person may use the designation "licensed master hearth professional" unless licensed as a master hearth professional under the provisions of the bill.

The provisions of the bill do not prohibit a municipality from inspecting hearth professional work or the equipment of a master hearth professional, or from enforcing the standards and manner in which hearth professional work may be done. However, no municipality, local board of health or other agency is permitted to require a master hearth professional licensed under the bill to obtain any additional license, apply for or take any examination, or pay any licensing fee.

The bill requires each master hearth professional, as a condition of license renewal, to complete any continuing education requirements imposed by the State board. The State board must establish standards for continuing master hearth professional education, including the subject matter and content of courses of study, the selection of instructors, and the number and type of continuing education credits required of a master hearth professional as a condition of license renewal.

Finally, the provisions of the bill do not apply to a single family home owner who performs hearth professional work on the person's own dwelling.

SENATE COMMERCE COMMITTEE

STATEMENT TO

SENATE, No. 1303

with committee amendments

STATE OF NEW JERSEY

DATED: JUNE 11, 2018

The Senate Commerce Committee reports favorably and with committee amendments Senate Bill No. 1303.

This bill amends and supplements "The State Plumbing License Law of 1968" to provide for the licensure of master hearth professionals. To be eligible for licensure as a master hearth professional, an applicant must be at least 21 years of age, be a United States citizen or a legal resident, possess a valid master hearth professional certification from a nationally recognized body, and have at least five years of experience engaged in hearth professional work. The bill also adds two members to the State Board of Examiners of Master Plumbers who are master hearth professionals with at least 10 years of experience in hearth professional work.

"Hearth professional work" is defined in the bill as the installation, replacement, connection, venting, inspection, repair, maintenance, or servicing of hearth product appliances, barbecue appliances, outdoor patio appliances, and space heater appliances, and shall include the installation, inspection, repair, or servicing of vents, vent connectors, masonry, metal and factory built chimney and vent systems, natural or manufactured gas piping on the load side of the meter, as well as making any electrical connection necessary for the proper functioning of the aforementioned appliances. Hearth professional work must comply with all applicable requirements of building codes, gas codes, and any other industry standards deemed appropriate by the State board.

The bill provides that no person is permitted to work as a master hearth professional or use the title or designation of "licensed master hearth professional" or "master hearth professional" unless licensed pursuant to the provisions of the bill. Furthermore, no provision of the bill is to be construed to prevent any person licensed by the State, including, but not limited to, architects, professional engineers, electrical contractors, master plumbers, or any chimney service professional registered as a home improvement contractor with the Division of Consumer Affairs, from acting within the scope of practice of the respective profession or occupation, but no person may use the designation "licensed master

hearth professional" unless licensed as a master hearth professional under the provisions of the bill.

The provisions of the bill do not prohibit a municipality from inspecting hearth professional work or the equipment of a master hearth professional, or from enforcing the standards and manner in which hearth professional work may be done. However, no municipality, local board of health or other agency is permitted to require a master hearth professional licensed under the bill to obtain any additional license, apply for or take any examination, or pay any licensing fee.

The bill requires each master hearth professional, as a condition of license renewal, to complete any continuing education requirements imposed by the State board. The State board must establish standards for continuing master hearth professional education, including the subject matter and content of courses of study, the selection of instructors, and the number and type of continuing education credits required of a master hearth professional as a condition of license renewal.

Finally, the provisions of the bill do not apply to a single family home owner who performs hearth professional work on the person's own dwelling.

Committee Amendments:

The amendments clarify that no provision of the bill is to be construed to prevent propane gas suppliers or marketers licensed by the State from acting within their scope of practice.

SENATE BUDGET AND APPROPRIATIONS COMMITTEE

STATEMENT TO

[First Reprint] **SENATE, No. 1303**

STATE OF NEW JERSEY

DATED: JUNE 17, 2019

The Senate Budget and Appropriations Committee reports favorably Senate Bill No. 1303 (1R).

Senate Bill No. 1303(1R) amends and supplements "The State Plumbing License Law of 1968" to provide for the licensure of master hearth professionals. To be eligible for licensure as a master hearth professional, an applicant must be at least 21 years of age, be a United States citizen or a legal resident, possess a valid master hearth professional certification from a nationally recognized body, and have at least five years of experience in hearth professional work. The bill also adds two members to the State Board of Examiners of Master Plumbers who are master hearth professionals with at least 10 years of experience in hearth professional work.

"Hearth professional work" is defined in the bill as the installation, replacement, connection, venting, inspection, repair, maintenance, or servicing of hearth product appliances, barbecue appliances, outdoor patio appliances, and space heater appliances, and shall include the installation, inspection, repair, or servicing of vents, vent connectors, masonry, metal and factory built chimney and vent systems, natural or manufactured gas piping on the load side of the meter, as well as making any electrical connection necessary for the proper functioning of the aforementioned appliances. Hearth professional work must comply with all applicable requirements of building codes, gas codes, and any other industry standards deemed appropriate by the State board.

The bill provides that no person is permitted to work as a master hearth professional or use the title or designation of "licensed master hearth professional" or "master hearth professional" unless licensed pursuant to the provisions of the bill. Furthermore, no provision of the bill is to be construed to prevent any person licensed by the State, including, but not limited to, architects, professional engineers, electrical contractors, master plumbers, or any chimney service professional registered as a home improvement contractor with the Division of Consumer Affairs, from acting within the scope of practice of the respective profession or occupation, but no person may use the designation "licensed master

hearth professional" unless licensed as a master hearth professional under the provisions of the bill.

The provisions of the bill do not prohibit a municipality from inspecting hearth professional work or the equipment of a master hearth professional, or from enforcing the standards and manner in which hearth professional work may be done. However, no municipality, local board of health or other agency is permitted to require a master hearth professional licensed under the bill to obtain any additional license, apply for or take any examination, or pay any licensing fee.

The bill requires each master hearth professional, as a condition of license renewal, to complete any continuing education requirements imposed by the State board. The State board must establish standards for continuing master hearth professional education, including the subject matter and content of courses of study, the selection of instructors, and the number and type of continuing education credits required of a master hearth professional as a condition of license renewal.

The provisions of the bill do not apply to a single family home owner who performs hearth professional work on the person's own dwelling.

FISCAL IMPACT:

The Office of Legislative Services (OLS) determined that impact of the bill to be indeterminate; however, OLS estimates that the license and renewal fees paid by licensees may defray licensure, regulation, and enforcement costs. The bill increases the membership of the State Board of Examiners of Master Plumbers from seven to nine members, to include two master hearth professionals. Under current law, each member of the State board receives \$25 for each meeting day in attendance and in addition is entitled to be reimbursed for necessary traveling expenses provided compensation in any fiscal year does not exceed \$1,000 per member. Pursuant to section 1 of P.L.1968, c.362 (C.45:14C-1 et seq.), the board currently establishes fees for license and renewal applications.

LEGISLATIVE FISCAL ESTIMATE

SENATE SUBSTITUTE FOR

SENATE, No. 1303

STATE OF NEW JERSEY 218th LEGISLATURE

DATED: JULY 17, 2019

SUMMARY

Synopsis: Establishes licensure for master hearth specialists.

Type of Impact: Annual State revenue and expenditure increases.

Agencies Affected: Department of Law and Public Safety.

Office of Legislative Services Estimate

Fiscal Impact	Year 1	Year 2	Year 3
State Cost Increase		Indeterminate	
State Revenue Increase		Indeterminate	

- The Office of Legislative Services (OLS) finds that this bill would result in an indeterminate annual State expenditure increase related to the regulation of master hearth specialists by the Division of Consumer Affairs in the Department of Law and Public Safety.
- The OLS also notes the bill will increase State revenue collections from licensure fees, fines, and penalties by indeterminate amounts.
- The bill establishes a Licensed Master Hearth Specialist Advisory Committee (committee) of seven members under the State Board of Examiners of Heating, Ventilating, Air Conditioning and Refrigeration Contractors (State board) to provide for the licensure of master hearth specialists.
- The OLS anticipates that the State may annually collect indeterminate fine and penalty payments from violators of statutory and regulatory requirements applicable to the newly licensed profession. A violator may receive a civil penalty of \$10,000 for an initial violation and \$20,000 for any subsequent violations. In addition to any penalties, those who violate the bill's provisions will be guilty of a crime of the fourth degree, which is punishable by a term of imprisonment of up to 18 months, a fine of up to \$10,000, or both.

BILL DESCRIPTION

This bill establishes a Licensed Master Hearth Specialist Advisory Committee under the State Board of Examiners of Heating, Ventilating, Air Conditioning and Refrigeration Contractors to provide for the licensure of master hearth specialists.

The bill provides that no person is permitted to work as a master hearth specialist or use the title or designation of "licensed master hearth specialist" or "master hearth specialist contractor" unless a license is issued pursuant to the provisions of this legislation. The provisions of the bill do not apply to a single-family homeowner who performs hearth professional work on the person's own dwelling.

The legislation does not prohibit a municipality from inspecting hearth professional work or the equipment of a master hearth specialist, or from enforcing the standards and manner that hearth professional work may be done. However, no municipality, local board of health or other agency is permitted to require a master hearth specialist licensed under the bill to obtain any additional license, apply for or take any examination, or pay any licensing fee.

The State board or the committee, if delegated power by the board, will establish standards for continuing master hearth specialist education, including the subject matter and content of courses of study, the selection of instructors, and the number and type of continuing education credits required of a master hearth specialist as a condition of license renewal. The legislation requires each master hearth specialist, as a condition of license renewal, to complete any continuing education requirements imposed by the board or committee.

In addition to any penalty authorized pursuant to the provisions of section 12 of P.L.1978, c.73 (C.45:1-25), any person, firm, partnership, corporation, or other legal entity that knowingly violates any provision of this section will be guilty of a crime of the fourth degree and will have his or her license revoked.

FISCAL ANALYSIS

EXECUTIVE BRANCH

None received.

OFFICE OF LEGISLATIVE SERVICES

The OLS finds that this bill would result in an indeterminate annual increase in state expenditures; however, OLS estimates that the license and renewal fees paid by licensees may defray licensure, regulation, and enforcement costs.

State Revenue Increase: The bill will increase annual State revenue collections from licensure fees, fines, and penalties by indeterminate amounts.

Pursuant to section 1 of P.L.2007, c.211 (C. 45:16A-1 et seq.), the State board currently establishes fees for license and renewal applications. The OLS cannot quantify the licensure fee payments the board or committee will collect from the licensing requirement, as the bill leaves the setting of the fee levels to the board's discretion and the number of licenses that will be issued is unknown.

The OLS anticipates that the State may annually collect indeterminate fine and penalty payments from violators of statutory and regulatory requirements applicable to the newly licensed profession. A violator may receive a civil penalty of \$10,000 for an initial violation and \$20,000 for any subsequent violations. In addition to any penalties, those who violate the bill's

provisions will be guilty of a crime of the fourth degree, which is punishable by a term of imprisonment of up to 18 months, a fine of up to \$10,000, or both. A presumption of non-incarceration applies to first-time offenders for crimes of the fourth degree. The OLS, however, has no information on which to base an estimate of the number and magnitude of future penalty assessments and payments, and thus cannot project the amount the State will collect.

The National Fireplace Institute's website reflects an estimated 45 members with New Jersey addresses and many more from New York, Delaware, and Pennsylvania. It is unknown how many New York, Pennsylvania, and Delaware hearth professionals would choose to become licensed in New Jersey.

State Expenditure Increase: The bill may increase annual State expenditures due to an increase in the board's duties in overseeing the committee. Under current law, each member of the State board receives \$25 for each meeting day in attendance and in addition is entitled to be reimbursed for necessary traveling expenses provided compensation in any fiscal year does not exceed \$1,000 per member. The legislation does not indicate whether the committee will receive compensation for meeting and traveling expenses and, in any event, the OLS cannot determine the increased cost on account of the uncertainty regarding the number of professionals who will be regulated and operational decisions the board will make to implement this bill.

Approved: Frank W. Haines III

Legislative Budget and Finance Officer

This legislative fiscal estimate has been produced by the Office of Legislative Services due to the failure of the Executive Branch to respond to our request for a fiscal note.

This fiscal estimate has been prepared pursuant to P.L.1980, c.67 (C.52:13B-6 et seq.).

Governor Murphy Takes Action on Legislation

08/23/2019

Governor Murphy Takes Action on Legislation

TRENTON – Today, Governor Phil Murphy signed the following bills and resolutions into law:

A3118 (Burzichelli, Schepisi, Jasey/Bucco, Thompson) - Establishes licensure for master hearth specialists.

A4420 (Holley/Scutari) - Modifies certain fees charged by check casher licensees.

A4482 (Verrelli, Murphy, Downey/Greenstein) - Establishes "Task Force on the Prevention of Sexual Violence Against Persons with Developmental Disabilities" in DHS.

A5293 (Pinkin, Zwicker, Lopez, McKeon/Smith, Bateman, Greenstein) - Makes various changes to laws governing remediation of contaminated sites.

A5390 (Tucker, Mukherji, Timberlake/Gopal, Oroho) - Provides in-State tuition at public institutions of higher education to individuals living in NJ who are entitled to educational assistance under US Department of Veterans Affairs' Vocational Rehabilitations and Employment Program.

S499 (Vitale, Madden/Downey, Houghtaling, Zwicker) - Provides for improved system for eligibility determination for Medicaid and NJ FamilyCare.

Copy of Statement on S499

S785 (Sarlo, Lagana/Calabrese, Mukherji) - Requires Police Training Commission to develop supplemental training course for certain county corrections officers.

\$1014 (Rice/Wimberly, Mukherji) - Changes composition of State Employment and Training Commission.

S1126 (Bucco, Doherty, Bucco/Coughlin, Webber) - Requires public school districts to provide instruction on "New Jersey Safe Haven Infant Protection Act" as part of New Jersey Student Learning Standards.

S1403 (Diegnan, Singleton/DeAngelo, Mazzeo, Sumter) - Permits service credit transferred from another State-administered retirement system to apply toward creditable service requirement for retirement in SPRS.

S1887 (Singleton, Greenstein/DeAngelo, Wirths, Space) - Directs Commissioner of Labor and Workforce Development to establish pilot program to assist certain unemployed and underemployed individuals to complete industry-valued Credentials in 12 months.

S1948 (Vitale/Quijano, Holley, Lopez) - Makes Supplemental Nutrition Assistance Program Employment and Training Provider Demonstration Project permanent and renames program.

S2507 (Singleton, Pou/Danielsen, DeCroce) - Prohibits sale or lease of access to certain dental provider network contracts.

S2538 (Singleton, Pennacchio/Kean, Murphy, DeCroce, Armato) - Makes New Jersey National Guard members with NGB-22 form eligible for certain veterans' benefits.

S2660 (Gopal, Sarlo/Downey, Houghtaling, Schaer) - Establishes grant program and tuition reimbursement program for certain teachers of science, technology, engineering, and mathematics; appropriates \$5 million to DOE.

Copy of Statement on S2660

S2690 (Ruiz, Cryan, Beach, Turner, Andrzejczak/McKeon, Dancer, Land) - Prohibits pharmacy benefits managers and carriers from engaging in "clawback" and "gag clause" practices; requires certain disclosures by pharmacists; requires Director of Division of Consumer Affairs to conduct public information campaign.

S2691 (Kean, Cunningham/Quijano, Vainieri Huttle, Reynolds-Jackson) - Makes supplemental appropriation of \$100,000 to Commission on Human Trafficking.

Copy of Statement on S2691

S3100 (Weinberg, Addiego/Benson, Vainieri Huttle, Mukherji) - Revises definition of hemophilia and expands hemophilia treatment program.

SJR73 (Singleton/Murphy, Verrelli, Dancer) - Urges U.S. Congress to pass "Military Hunger Prevention Act."

Governor Murphy conditionally vetoed the following bills:

A3717 (Mukherji, Downey, Houghtaling/Greenstein, Gopal) - Prohibits pharmacy benefits managers from making certain retroactive reductions in claims payments to pharmacies; requires pharmacy benefits managers to disclose certain product information to pharmacies.

Copy of Statement on A3717

A5363 (Burzichelli, Benson, Murphy/Gopal) - Requires carriers that offer health benefits plans to provide new or existing subscribers with notification of certain hospital and health system contract expirations.

Copy of Statement on A5363

S834 (Scutari, Greenstein/Jones, Pintor Marin) - Prohibits resale of non-prescription diabetes test devices by pharmacists.

Copy of Statement on S834

S2804 (Ruiz, Turner/Lopez, McKnight, Verrelli) - Requires young children entering public schools or Head Start Programs for first time to have comprehensive eye examination completed.

Copy of Statement on S2804

S3075 (Weinberg, Ruiz/Lampitt, Mukherji, Vainieri Huttle) - Requires DOH to regulate and license embryo storage facilities.

Copy of Statement on S3075

S3309 (Vitale, Greenstein/Greenwald, Pintor Marin, Reynolds-Jackson) - Establishes New Jersey Violence Intervention Program to fund violence reduction initiatives.

Copy of Statement on S3309

S3330 (Addiego, Singleton/Jones, Vainieri Huttle, Lampitt, Murphy) - Establishes pilot program in DCF to study impact of child care services provided by community providers operating in public school facilities; requires community providers to meet certain criteria.

Copy of Statement on S3330

S3661 (Singleton, Oroho/Jasey, Wirths, Webber) - Clarifies assessment payment and election participation requirements in planned real estate developments.

Copy of Statement on S3661

Governor Murphy absolute vetoed the following bills and resolutions:

A4135 (Land, Taliaferro/Sweeney, Andrzejczak) - Concerns use of digital parking meters to monitor parking compliance; establishes fund to encourage designated drivers.

Copy of Statement on A4135

AJR158 (Houghtaling, Downey, Mosquera/Gopal) - Establishes New Jersey Task Force on Medicaid Financial

Resource Limits.

Copy of Statement on AJR158

S1364 (Andrzejczak/Land, Milam) - Provides funding from the General Fund to the Greater Wildwoods Tourism Improvement and Development Authority; appropriates \$4 million.

Copy of Statement on S1364
