ASSEMBLY ENVIRONMENT COMMITTEE

STATEMENT TO

SENATE, No. 1092

with committee amendments

STATE OF NEW JERSEY

DATED: JUNE 7, 1999

The Assembly Environment Committee reports favorably Senate Bill No. 1092 with committee amendments.

This bill, as amended by the committee, permits a local unit to adopt an ordinance authorizing special emergency appropriations for the preparation of a sanitary or storm system map. The effect of this bill is to permit such an appropriation to be spread over several years, rather than paying for the full expense of the mapping in one budget year.

N.J.S.40A:4-53, which this bill amends, sets forth the purposes for which a local unit may adopt an ordinance authorizing special emergency appropriations. Under N.J.S.40A:4-55, after having adopted an ordinance authorizing a special emergency appropriation, a local unit is required to adopt a resolution by a 2/3 vote setting forth the amount appropriated, provision for borrowing money and the issuance of "Special Emergency Notes" which are to be repaid over five years. Under that section of law, the local unit is authorized to finance such appropriation from surplus or to borrow money.

The committee amendments replace the phrase "creation or updating" with the term "preparation" with respect to a sanitary or storm system map as set forth in the bill.

This bill is identical to Assembly Bill No. 2703 as amended and also reported by the Assembly Environment Committee on June 7, 1999.

SENATE COMMUNITY AND URBAN AFFAIRS COMMITTEE

STATEMENT TO

SENATE, No. 1092

STATE OF NEW JERSEY

DATED: JUNE 15, 1998

The Senate Community and Urban Affairs Committee reports favorably Senate Bill No. 1092.

Senate Bill 1092 permits a local unit to adopt an ordinance authorizing special emergency appropriations for the creation or updating of a sanitary or storm system map.

N.J.S.40A:4-53, which this bill amends, sets forth the purposes for which a local unit may adopt an ordinance authorizing special emergency appropriations. Under N.J.S.40A:4-55, after having adopted an ordinance authorizing a special emergency appropriation, a local unit is required to adopt a resolution by a 2/3 vote setting forth the amount appropriated, provision for borrowing money and the issuance of "Special Emergency Notes" which are to be repaid over five years. Under that section of law, the local unit is authorized to finance such appropriation from surplus or to borrow money.

The effect of this bill, therefore, is to permit an appropriation for the creation or updating of a sanitary or storm sewer map to be spread over several years rather than being paid for all in one budget year.

ASSEMBLY ENVIRONMENT COMMITTEE

STATEMENT TO

ASSEMBLY, No. 2703

with committee amendments

STATE OF NEW JERSEY

DATED: JUNE 7, 1999

The Assembly Environment Committee reports favorably Assembly Bill No. 2703 with committee amendments.

This bill, as amended by the committee, permits a local unit to adopt an ordinance authorizing special emergency appropriations for the preparation of a sanitary or storm system map. The effect of this bill is to permit such an appropriation to be spread over several years, rather than paying for the full expense of the mapping in one budget year.

N.J.S.40A:4-53, which this bill amends, sets forth the purposes for which a local unit may adopt an ordinance authorizing special emergency appropriations. Under N.J.S.40A:4-55, after having adopted an ordinance authorizing a special emergency appropriation, a local unit is required to adopt a resolution by a 2/3 vote setting forth the amount appropriated, provision for borrowing money and the issuance of "Special Emergency Notes" which are to be repaid over five years. Under that section of law, the local unit is authorized to finance such appropriation from surplus or to borrow money.

The committee amendments replace the phrase "creation or updating" with the term "preparation" with respect to a sanitary or storm system map as set forth in the bill.

The bill is identical to Senate Bill No. 1092 as amended and also reported by the Assembly Environment Committee on June 7, 1999.

RELEASE: September 13, 1999

Gov. Christie Whitman today signed the following pieces of legislation:

S-54, sponsored by Senators Walter J. Kavanaugh (R- Morris/Somerset) and Robert J. Martin (R- Essex/Morris/Passaic) and Assembly Members Joel M. Weingarten (R-Essex/Union) and Neil M. Cohen (D-Union), amends existing matrimonial laws by providing for limited duration alimony and reimbursement alimony and expanding the factors that a court may consider when determining whether alimony is appropriate. Under previous law, the courts could award only two types of alimony: (1) permanent alimony, which is intended to compensate a spouse for economic dependency created by the marriage; and (2) rehabilitative alimony, which is intended for specific educational or training purposes and is of short duration.

The bill authorizes the court to award two additional types of alimony: (1) limited duration, which would be awarded where economic assistance is necessary for a limited time; and (2) reimbursement alimony, which will be awarded to compensate the spouse who supported the other spouse while her or she obtained an advanced education while anticipating sharing the earning capacity generated by the education. Limited duration alimony, like permanent alimony under previous law, will terminate upon the remarriage of the receiving spouse. Reimbursement alimony, like rehabilitative alimony under previous law, will not terminate upon remarriage.

The bill continues to grant the court the authority to award permanent alimony, limited duration alimony, rehabilitative alimony or reimbursement alimony separately, or in any combination, as warranted by the specific circumstances of the parties and the nature of the case. The bill further amends the law to establish two new factors to consider when determining whether any type of alimony is appropriate: (1) the income available to either party through investment of any assets; and (2) the tax treatment consequences to both parties of any alimony awarded.

S-1092, sponsored by Senator Gerald Cardinale (R-Bergen) and Assembly Members John E. Rooney (R-Bergen) and Paul Kramer (R- Mercer/Middlesex), amends the Special Emergency Appropriations Act to allow municipalities to adopt an ordinance authorizing a special emergency appropriation for the preparation of a sanitary or storm sewer system map. The purpose of this bill is to permit municipalities to make a multi-year appropriation for sanitary and storm sewer mapping, rather than having mapping costs appropriated and paid for in one budget year, as previous law required. The multi-year appropriation will help municipalities mapping their sanitary and storm sewer systems to avoid a spike in their budgets due to the high cost of system mapping. Mapping sanitary and storm sewer systems is necessary to effectively manage non-point sources of pollution.
