STATEMENT

According to reports, certain dance clubs and "rave" parties which advertise themselves as being for "underage" patrons or as being "alcohol free" have instead been sites for illegal drug use, particularly for so-called "club drugs" such as Ecstasy. Members of the public may not be sufficiently aware of the danger to children posed by such events. This bill would double the fines imposed on drug dealers if

controlled dangerous substances are distributed or sold in a location
or at an event that advertises or holds itself out as being "drug free,"

30 "alcohol free" or for "underage" persons, or a similar phrase.

Instead the bill will focus on club drugs specifically by referring in the bill to these drugs: 3,4-methylenedioxymethamphetamine, particular club 3,4-methylenedioxyamphetamine, gammabutyrolactone, gamma hydroxybutyrate or flunitrazepam and will double the drug enforcement and demand reduction penalty generally imposed for these crimes.

As amended, this bill is identical to Senate, No. 1950 (1R).

### STATEMENT TO

### **SENATE, No. 1950**

with committee amendments

# STATE OF NEW JERSEY

#### DATED: DECEMBER 9, 2002

The Senate Judiciary Committee reports favorably and with committee amendments Senate Bill No. 1950.

According to reports, certain dance clubs and "rave" parties which advertise themselves as being for "underage" patrons or as being "alcohol free" have instead been sites for illegal drug use, particularly for so-called "club drugs" such as Ecstasy. Members of the public may not be sufficiently aware of the danger to children posed by such events.

As introduced, this bill would have doubled the fines imposed on drug dealers if controlled dangerous substances were distributed or sold in a location or at an event that advertised or held itself out as being "drug free," "alcohol free" or for "underage" persons, or a similar phrase. The committee amendments include crimes of possession within the scope of the bill and remove the restriction that the possession or distribution be at "drug free" or similar events to avoid the difficulty of proving that the person possessing or distributing knew that the event was advertised as such. Instead the bill will focus on club drugs specifically by referring in the bill to these drugs: 3,4-methylenedioxymethamphetamine, particular club 3,4-methylenedioxyamphetamine, gammabutyrolactone, gamma hydroxybutyrate or flunitrazepam and will double the drug enforcement and demand reduction penalty generally imposed for these crimes.

As amended, this bill is identical to Assembly Bill No. 1893 (1R).
