- Adopt standing operating rules and procedures for the purchase of all equipment, materials, supplies and services; however, no contract on behalf of the university shall be entered into for the purchase of services, materials, equipment and supplies, for doing of any work, or for the hiring of equipment or vehicles, where the sum to be expended exceeds \$12,500.00 or the amount determined by the Governor as provided herein, unless the university shall first publicly advertise for bids and shall award the contract to that responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to the university, price and other factors considered. Such advertising shall not be required in those exceptions created by the board of trustees of the university, which shall be in substance those exceptions contained in sections 4 and 5 of P.L.1954, c.48 (C.52:34-9 and 10) or for the supplying of any product or the rendering of any service by a public utility subject to the jurisdiction of the Board of Public Utilities of this State and tariffs and schedules of the charges, made, charged, or exacted by the public utility for any such products to be supplied or services to be rendered are filed with the said board. This subsection shall not prevent the university from having any work done by its own employees, nor shall it apply to repairs, or to the furnishing of materials, supplies or labor, or the hiring of equipment or vehicles, when the safety or protection of its or other public property or the public convenience requires or the exigency of the university's service will not admit of such advertisement. In such case, the university shall, by resolution passed by the affirmative vote of its board of trustees, declare the exigency or emergency to exist, and set forth in the resolution the nature and approximate amount to be expended; shall maintain appropriate records as to the reason for such awards; and shall report regularly to its board of trustees on all such purchases, the amounts and the reasons therefor;

- (p) Exercise the right of eminent domain, pursuant to the provisions of the "Eminent Domain Act of 1971," P.L.1971, c.361 (C.20:3-1 et seq.), to acquire any property or interest therein;

Investment in not for profit corporations or for profit corporations organized and operated pursuant to the provisions of subsection (v) of this section may utilize income realized from the sale or licensing of intellectual property as well as the reinvestment of earnings on intellectual property. #### **STATEMENT**

This bill makes a number of changes to the statutes concerning the University of Medicine and Dentistry of New Jersey. The bill increases the number of voting members on the board of trustees of the university from 11 to 19 and provides that the members must be residents of the State who represent the various regions of the State. The bill does, however, authorize the Governor to appoint up to three members who are not State residents. No member of the board may be an employee or official of any hospital affiliated with the university. Under the bill, the terms of office of the members is reduced from five years to three years.

In addition to increasing the number of voting members on the board, the bill provides for the addition of two nonvoting members for a term of one year; a faculty member of the university, and, upon the recommendation of the deans of the medical schools, a student enrolled full-time as a medical student in the university.

While under current law the board of trustees has the authority to appoint and regulate the activities of board committees, the bill directs the board to establish an executive committee and committees on personnel, finance and audit, long-range planning,

and education. Each of these committees will be composed of a minimum of three members.

The bill also specifically directs the board of trustees to do the following;

(1) appoint a vice president of the university;

- (2) set admissions polices for the schools of the university;
- (3) adopt a code of ethics that complies with the requirements of all applicable statutes, regulations of the Executive Commission on Ethical Standards, and any applicable executive orders; and
- (4) establish a procedure for the confidential, anonymous submission of employee concerns regarding accounting, auditing, or other issues associated with the financial operations of the university and its health care facilities.

The bill authorizes the board of trustees to establish a board of directors of University Hospital and to delegate to that board s such managerial and supervisory authority as the board of trustees deems appropriate. The board of trustees is also authorized to provide for the appointment, terms, and qualifications of the members of the board of directors.

Finally, the bill requires the university to maintain an Internet website to provide increased public access to board operations and activities. The bill specifies certain information which must be maintained on the website such as board rules, regulations, policies, notice of meetings, board minutes, and contract information.
