# ASSEMBLY HIGHER EDUCATION COMMITTEE

## STATEMENT TO

### **SENATE, No. 869**

with committee amendments

# **STATE OF NEW JERSEY**

DATED: JUNE 18, 2018

The Assembly Higher Education Committee reports favorably Senate Bill No. 869.

As amended, this bill permits a four-year institution of higher education and a county college to partner in the establishment of a three plus one degree program for a baccalaureate degree. Under a three plus one degree program, a student admitted into the program would complete three academic years at the county college and gain automatic admission in the fourth academic year to the four-year institution. While the student would receive the baccalaureate degree from the senior institution, he would be responsible for only one year of tuition at the rate the senior institution charges, paying the county college rate for the other three academic years. Instruction in the third academic year in any 300-level class would be required to be provided by either an advanced degree faculty member of the county college in collaboration with a faculty member of the four-year institution or by a faculty member of the four-year institution, and all academic credits for the third academic year would be awarded by the county college. In the third year, the course content of courses in the students' major will be determined by the four-year institution with input from the county college faculty.

The bill also would ensure that a student who is admitted into any three plus one degree program would not jeopardize his eligibility for a State tuition aid grant, an Educational Opportunity Fund grant, an NJSTARS scholarship, or an NJSTARS II scholarship.

The Secretary of Higher Education will provide an annual report to the Governor and the Legislature on the number of three plus one degree programs implemented during the prior academic year.

As amended and reported by the committee, this bill is identical to Assembly Bill No. 1890, which also was amended and reported by the committee on this same date.

COMMITTEE AMENDMENTS:

The committee amended the bill to provide that:

- To maintain academic quality control, in the third year, the course content of courses in the students' major will be determined by the department in the four-year institution with input from the county college faculty;
- The Secretary of Higher Education is only required to include in the annual report the number of three plus one degree programs implemented during the prior academic year; and
- A student participating in a three plus one program is eligible to receive an NJSTARS scholarship for the first three academic years of the program and an NJSTARS II scholarship for the fourth academic year of the program.
