STATEMENT

This bill clarifies that dental service corporations may supply administrative services only.

Increased health insurance costs have caused many businesses and local government units to self-insure for health and dental coverages. Generally, outside administrators are obtained to provide administrative services for the plans. This bill clarifies that dental service corporations are permitted to provide administrative services only. Dental service corporations are uniquely qualified to provide such services to public and private dental plans whether insured or self-insured. Permitting dental service corporations to supply administrative services will increase competition in the marketplace for contracts to perform such services and thus keep costs down.

Permits dental service corporations to supply administrative services only.

ASSEMBLY, No. 2682

STATE OF NEW JERSEY

INTRODUCED JUNE 3, 1993

By Assemblyman CHARLES and Assemblywoman DERMAN

1 AN ACT concerning certain powers of dental service corporations
