LEGISLATIVE HISTORY OF R. S. 39:3-84.3

(Violations of Weights and Measurements of Vehicles; first paragraph)

This provision was originally:

R. S. 39:3-85 (Tests); which had the following history:

sec. 21 - A-433. Introduced February 22, 1921 by Mr. Pattersall.
This bill had statement:

This bill embodies the recommendations of the Motor Traffic Commission created by Joint Resolution No. 2 of the 1920 Legislature. The changes sought to be effected will be found in the Commission's report. All inconsistent legislation is to be repealed by another bill.

Report referred to is:

974.00
7764
1921
N. J. Commission ... Motor Vehicle and Traffic Act.
1921. See especially pages 9 and 15.

The section concerning weighing of trucks reads as follows:

(7) All motor vehicle inspectors shall be authorized to make such tests as in their judgment may be necessary for the purpose of determining the gross weight, size of tires, speed in miles per hour of all commercial motor vehicles and motor drawn vehicles operated on the highways of this State, and shall have power to cause the said vehicles to be weighed, and for that purpose may order the removal of the vehicle from the highway to the nearest weighing scale.

This section was not amended during passage of bill. Nor was it changed by later acts (Laws 1923, Chapter 63; Laws 1930, Chapter 207; Laws 1931, Chapter 171).

Therefore, 39:3-85 remained unchanged from 1921 to 1950. We have located two attempts to amend the section: A-125 of 1946 and A-402 of 1948. (copies attached)

R. S. 39:3-85 was repealed by Laws 1950, Chapter 142, which created R.S. 39:3-84.3.

R. S. 39:3-84.3

Laws 1950, Chapter 142, sec. 44- A-13. Introduced March 9, 1950 by Mr. McHorter.

The first section of 39:3-84.3 in the bill as introduced, read as follows:

4. Any police officer having reason to believe that the size or weight of a vehicle and load is unlawful

is authorized to require the driver to stop and submit to a measurement or weighing of the same by means of either portable or stationary scales and may require that such vehicle be driven to the nearest public scales in the event such scales are within two miles.

The bill had the following statement:

The purpose of this bill is to decrease the number of weight classifications for commercial vehicles, and increase the basic registration fees for such vehicles.

The bill also provides axle weight limitations for commercial vehicles in order to provide better distribution of weight load and less damaging effects to the highways of the State of New Jersey.

The bill provides a method of procedure for removing excess weight at the risk of the truck owner. Responsibility is placed on the driver and owner of a vehicle for damage done to any highway or highway structure.

Penalties are provided for violation of the statute, as well as methods of enforcing its provisions.

The bill was amended in the Assembly and in the Senate. The first paragraph was amended to read:

Any State Police officer or motor vehicle inspector having reason to believe ...

Laws 1951, 1st Spec. Sess., Chapter 356, p. 1472, sec. 1 - A-6. Introduced by Mr. Cavinato

June 28 - Conditional veto. Passed as suggested by Governor.
December 3 - Chapter 165.

The bill had the following statement:

The purpose of this bill is to make the lessee, bailee or rentee of the vehicle responsible for violations in view of the fact that they have the actual use and control of the vehicle once they have hired same. As the law now stands when a violation takes place they are not responsible whereas they should be since they are the primary violators.

The first paragraph was not amended by this bill.

Laws 1957, Chapter 161, p. 575, sec. 1 - A-471. Introduced by Mr. Kraus.

11 this act, or permitted by the certificate of registration for the vehicle, which-
12 ever may be lower. All material so unloaded shall be cared for by the owner
13 or operator of such vehicle at the risk of such owner or operator.

48 red light provided for in section 39:3-61 of this Title.

1 3. The axle weight limitations of section 39:3-84 of the Revised Statutes
2 shall apply to all vehicles registered in New Jersey subsequent to March
3 first, one thousand nine hundred and fifty, which have not been registered
4 therein prior to that date; for those vehicles registered in New Jersey or
5 contracted for purchase by New Jersey residents on or before March first,
6 one thousand nine hundred and fifty, these axle weight limitations shall
7 become effective on and after March thirty-first, one thousand nine hundred
8 and fifty-five. The combined weight of vehicle and load and axle load
9 limitations provided in section 39:3-84 of the Revised Statutes shall not
10 apply to vehicles registered for use with "constructor" registration plates

11 as provided in section 39:3-20 of the Revised Statutes. Such vehicles shall
 12 be limited as to gross weight by the allowable weight of vehicle and load
 13 as shown on the registration certificate.

1 4. Sections 39:3-83, 39:3-85 and 39:4-73 of the Revised Statutes are
 2 hereby repealed.

1 5. Any State Police officer or motor vehicle inspector having reason to
 2 believe that the size or weight of a vehicle and load is unlawful is authorized

 4 same by means of either portable or stationary scales and may require that
 5 such vehicle be driven to the nearest public scales in the event such scales
 6 are within two miles.

7 Whenever an officer or inspector upon measuring or weighing a vehicle
 8 and load, as above provided, determines that the size or weight is unlawful,
 9 such officer shall require the driver to stop the vehicle in a suitable place and
 10 remain standing until such portion of the load is removed as may be neces-
 11 sary to reduce the size or gross weight of such vehicle to such limit as per-
 12 mitted under this act, or permitted by the certificate of registration for the
 13 vehicle, whichever may be lower. All material so unloaded shall be cared for
 13½ by the owner or operator of such vehicle at the risk of such owner or operator.

14 No arrest shall be made in cases where weight limitations provided in
 15 this section are not exceeded by more than five per centum (5%).

16 Any driver of a vehicle who fails or refuses to stop and submit the vehicle
 17 and load to a measurement or weighing, or who fails or refuses when directed
 18 by an officer upon a measurement or weighing of the vehicle to stop the
 19 vehicle and otherwise comply with the provisions of this section, shall be sub-

 23 which shall have a gross weight of vehicle and load in excess of the gross
 24 weight provided on the certificate of registration for the vehicle shall be
 25 fined not less than two hundred dollars (\$200.00) nor more than five
 26 hundred dollars (\$500.00) for the first offense, and for any subsequent

 29 may be revoked by the Director of the Division of Motor Vehicles.

1 6. Any person driving any vehicle, object or contrivance referred to in
 2 section 39:3-84 of the Revised Statutes, in excess of the gross weight limit,
 3 set forth therein upon any highway or highway structure, whether temporary
 4 or permanent, shall be liable for all damage which said highway or highway
 5 structure may sustain as a result of any such operation, driving or moving
 5½ of such vehicle, object or contrivance.

6 Such damage may be recovered in a civil action brought by the author-
 7 ities in control of such highway or highway structure.

8 The fact that the vehicle, object, or contrivance causing the damage was
 9 being operated, driven or moved within the size and weight limitations author-
 10 ized in this Title or permitted by a special permit as provided by law, shall
 11 not be accepted as a defense to any action brought as provided herein if
 12 damage is caused to highways or bridges posted for less weight limits than
 13 those set forth in this act.

14 Whenever the driver is not the owner of such vehicle, object or contriv-
 15 ance, but is so operating, driving or moving the same with the express or im-
 16 plied permission of said owner, then the owner and the driver shall be jointly
 17 and severally liable for any damage.

 2 adjudged unconstitutional or to be ineffective in whole or in part, to the
 3 extent that it is not adjudged unconstitutional or is not ineffective it shall be
 4 valid and effective and no other section, subsection, clause or provision of
 5 this act shall on account thereof be deemed invalid or ineffective, and the
 6 inapplicability or invalidity of any section, subsection, clause or provision of
 7 this act in any one or more instances-or under any one or more circum-
 8 stances shall not be taken to affect or prejudice in any way its applicability
 9 or validity in any other instance or under any other circumstance.

1 8. This act shall take effect January first, one thousand nine hundred
 2 and fifty-one.

16 by the owner or operator of such vehicle at the risk of such owner or
17 operator.

18 *No vehicle shall be deemed to be in violation of the overweight provi-*
