SENATE EDUCATION COMMITTEE

STATEMENT TO

ASSEMBLY, No. 3398

STATE OF NEW JERSEY

DATED: JUNE 18, 1981

The Senate Education Committee favorably reports this bill, which provides that members of a regional board of education will take office on any day of the week following the school election.

BACKGROUND:

Chapter 140 of the Laws of 1980 changed the date for Type II board members to take office so that members take office on any day of the first week following the annual school election. This bill applies to regional districts and provides for the identical procedure for taking office.

A-3132, sponsored by Assemblyman Francis J. McManimon (D-Mercer), permitting a member of the Police and Firemen's Retirement System to borrow against his accumulated deductions after the age of 55. Members are currently prohibited from borrowing against their deductions after the age of 55.

A-3398, sponsored by Assemblyman Richard Van Wagner (D-Monmouth), clarifying current law to permit school board members for regional districts to take office the first week following their election. This bill clarifies the intention of a recently enacted law.

A-3469, sponsored by Assemblyman Thomas A. Gallo (D-Hudson), permitting the Commissioner of Banking stand-by authority to establish additional reserve requirements for savings banks in New Jersey chartered by the State.

A-3470, also sponsored by Assemblyman Gallo, is identical to the above mention A-346 but applies to stand-by authority for commercial banks.

A-3721, also sponsored by Assemblyman Van Wagner, amending the "Emergency Transportation Tax Act" which taxes New York State residents on income earned in New Jersey for the purpose of defraying the costs of public transportation between the two states. Since the passage of the New York State personal income tax in 1961, New Jersey's tax on New Yorkers has been equal to the New York tax on individuals.

This bill offers amendments to conform the New Jersey tax with recent amendments to the New York law: standard deductions, personal exemption allowances, and household credit would be increased, for example.
