20 members of certain county vocational school district boards of education.  
21 Under existing law, the board of education of the majority of county  
22 vocational school districts is composed of the county superintendent of schools  
23 and four appointed members. A county of the first class which has adopted  
24 a form of government under the "Optional County Charter Law," P.L.1972,  
25 c.154, also has the option to establish, by ordinance, a board of education  
26 consisting of seven appointed members.

27 The bill provides that the board of education of a county vocational school  
28 district established by a county of the first class which operates under the  
29 "Optional County Charter Law" may be comprised of six or nine appointed  
30 members in addition to the current options available to the district of four or  
31 seven appointed members. The bill also requires those appointments to be  
32 made with the advice and consent of the board of chosen freeholders, a  
33 requirement that currently applies to all other counties.

34 Finally, the bill authorizes counties with four appointed members on the  
35 county vocational school district board of education to increase the number of  
36 appointed members to six upon the adoption of an ordinance.
