CHAPTER 198 LAWS OF N. J. 1970

APPROVED 9/11/70

ASSEMBLY, No. 485

STATE OF NEW JERSEY

INTRODUCED JANUARY 29, 1970

By Assemblymen CURCIO, A. S. SMITH and BLACK

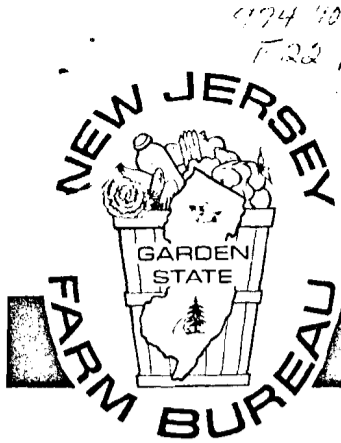

Referred to Committee on Agriculture, Conservation and Natural
Resources

AN ACT concerning fishing licenses and supplementing article 1 of
chapter 3 of Title 23 of the Revised Statutes.

1 BE IT ENACTED *by the Senate and General Assembly of the State*
2 *of New Jersey:*

1 1. The division may, in its discretion, issue a resident's fishing
2 license or resident's family fishing license to a citizen of the United
3 States above 14 years of age who is a resident of an approved
4 migrant labor camp or farm labor camp, as defined in P. L. 1945,
5 chapter 71, as amended (C. 34:9A-2) and may appoint special
6 licensing agents for issuance of such licenses.

1 2. This act shall take effect immediately.

NEW JERSEY FARM BUREAU
APRIL 11, 1970
785 N. S. 1970 LIT

this week

IN FARM BUREAU

report to members for week ending

April 11, 1970
VOL. VIII No.15

THE STATE DEPARTMENT OF LABOR AND INDUSTRY has sent a letter to seasonal farm labor camp operators, with an application to be used for requesting additional time on the installation of the flush toilets. This procedure was worked out in a conference with Governor Cahill and officials of the Department. We believe this procedure eliminates the need for A-593 and we will not push further for its passage. We suggest that if you need the extra time, you get your request into the Department as soon as possible. You should plan to have the work done by next fall, so as to be ready for next spring.

The Bureau of Migrant Labor suggests that if you use crew-type help, make sure that the crew leaders are registered with the Bureau. Otherwise, they will be stopped from operating. To register, the crew leader can get all the necessary forms and assistance from either the Trenton office of the Bureau, or any Farm Placement office. For further information, call: (609) 292-2341.

THE FARM LABOR SITUATION IN PUERTO RICO is definitely not good. President West and Legal Counsel Arthur McTighe spent this past week on the Island, studying the situation. The referrals are very slow at this point, and Garden State Service Co-op is experiencing considerable difficulty in filling orders for men. If you are planning to order men by special request through Glassboro during the next 30 days, we urge you to get your order in as soon as possible.

GOVERNOR CAHILL'S BILL TO CREATE A DEPARTMENT OF ENVIRONMENTAL PROTECTION meets with FB approval in general; but we are concerned by the fact that the bill (A-887) transfers all authority over pesticides from the Dept. of Agriculture to the new Department. We feel strongly that the legislation should include the creation of a Pesticide Council, which would have the regulatory authority over pesticides, instead of any one man having this authority. We also feel that the laboratory work should continue to be done in the Department of Agriculture laboratory so that an additional laboratory for pesticides will not have to be set up by the new Department of Environmental Protection.

DAIRY LEADERS FROM THE 12 NORTHEAST STATES met in Newark this past week in a conference called by the American Farm Bureau. New Jersey was represented by William Pettit, Burlington, chairman of the Farm Bureau Dairy Advisory Committee; FB Treasurer Arthur Jarman, Salem; Douglas Ricker, Sussex; and Secretary Fields. The two-day meeting was devoted to a discussion of co-op federations and mergers; federal order problems; milk promotion, and other marketing problems. It was recommended that a Northeast Farm Bureau Dairy Coordinating Committee be established to step up Farm Bureau activity on dairy problems region-wide.

THE PACE OF LEGISLATION IS BUILDING UP in Trenton, with the announced intention of the legislative leaders to recess for the summer by mid-May. Some of the FB-Grange-sponsored bills are beginning to move. Assembly Bill 485, to provide resident fishing licenses for migrant farm workers, has passed the Assembly. Assembly Bill 625, enabling legislation for commodity promotion and research programs, has been amended and reported out of the Committee and given second reading. The same action has taken place on A-504, the eminent domain revision bill.
